THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

A complaint may be made by telephone or in writing by a customer at the Bracken County Water District's office. The Secretary shall keep a record of all written complaints concerning Bracken County Water District's service. This record shall show the name and address of the complainant, the date and nature of the complaint, and the adjustment or disposition of the complaint. Records shall be maintained for two (2) years from the date of the resolution of the complaint. If a written complaint or a complaint made in person at Bracken County Water District's office is not resolved, the Secretary shall advise the Commissioners of Bracken County Water District. The Commissioners shall subsequently advise the Secretary to provide written notice to the complainant of his right to file a complaint with the Public Service Commission, and shall provide him with the address and telephone number of the Public Service Commission. If a telephonic complaint is not resolved, the Secretary shall provide at least oral notice to the complainant of his right to file a complaint with the Public Service Commission and the address and telephone number of the Public Service Commission.

RULES AND REGULATIONS

THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

A minimum deposit of \$100.00 will be assessed upon any customer requesting water service from Bracken County Water District. This deposit is based on two-twelfths (2/12) of the average annual bill for all classes of customers. If this deposit amount is retained for more than eighteen (18) months, a customer may request that the deposit amount be recalculated every eighteen months based upon two-twelfths of the customers actual bill. If the deposit differs by more than \$10 (10) dollars for residential customers or more than ten percent (10%) for nonresidential customers, from the deposit calculated on actual usage, then the utility shall refund any over collection and may collect any underpayment. Refunds shall be either by check or credit to customer's bill. Exception: utility shall not be required to refund any excess if customer's bill has been delinquent at any time of the recalculation period.

Deposits may be waived at the discretion of Bracken County Water District in accordance with its currently effective tariff based upon a customer's showing satisfactory credit and payment history.

If deposit has been waived or if deposit has been returned and the customer fails to maintain a satisfactory payment record, Bracken County Water District may require a deposit be made. If substantial change in usage has occurred, Bracken County Water District may require that an additional deposit be made. No additional deposit shall be required of residential customers whose payment history is satisfactory, unless the customer's classification of service changes.

RULES AND REGULATIONS

THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

Bracken County Water District shall issue to every customer from whom a deposit is collected a receipt of deposit. A "Receipt of Deposit" is enclosed as a tariff sheet.

Customer service may be refused or discontinued pursuant to 807 KAR 5:006 Section 14 if payment of requested deposits is not made.

Interest shall accrue on all deposits at the rate prescribed by law, beginning on the date of deposit. Interest accrued shall be refunded to the customer or credited to the customer's bill on an annual basis, except that Bracken County Water District shall not be required to refund or credit interest on deposits if the customer's bill is delinquent on the anniversary of the deposit date. All interest that has accrued shall be refunded or credited to the customer's bill on the first anniversary of the deposit date. If interest is paid or credited to the customer's bill prior to twelve (12) months from the date of deposit, the payment or credit shall be on a prorated basis. Upon termination of service, the deposit, any principal amounts, and interest earned and owing shall be credited to the final bill with any remainder refunded to the customer.

RULES AND REGULATIONS

LEAK ADJUSTMENTS

a. Any Customer, except a customer purchasing water to provide wholesale water service, may request a bill adjustment for water usage resulting from service line leaks after the meter, hidden internal structural piping failures, and plumbing equipment failures.

b. A request for leak adjustment must be in writing on a Leak Adjustment Request Form. The District will review the request and, if it determines that the request complies with the provisions of this Policy, will adjust the Customer's bill consistent with paragraph d of this Policy. If an adjustment is granted, it will relate back to the bill for which the adjustment is requested.

c. A Customer must show the existence and repair of the leak and that the leak caused the above-average water usage by providing at least one of the following with customer's application: a plumber's statement, invoices for materials and labor, or sworn affidavits from persons with knowledge of the leak's existence and repair. The Customer is encouraged to provide all available information that supports the request for adjustment. The District will review the application and verify the existence of the leak and repairs. Pipe for repair of underground water service lines must be certified to withstand a working pressure of 160 pounds per square inch or greater.

d. Except as provided in paragraph e, water usage resulting from a leak will be determined by comparing the Customer's usage during the leak billing period to the Customer's average usage for the previous twelve (12) billing periods. Water usage in excess of the average customer usage will be billed at a rate equal to the District's purchased water cost rate for period of the leak plus its average pumping and distribution cost per 1,000 gallons of water. (The pumping and distribution cost rate will be determine using the Transmission and Distribution-Operation Expense and number of gallons sold as reported in the District's most recently filed annual report with the Public Service Commission.) If a customer applying for a leak adjustment has not been a customer of the District for twelve (12) consecutive months, the average residential usage will be used to determine the amount of the adjustment.

RULES AND REGULATIONS

e. If a requested adjustment relates to usage occurring during a summer month (May through September), usage resulting from the leak will be determined by comparing the Customer's usage during the leak billing period with the monthly average for the previous year's summer months (May – September).

f. An adjustment shall cover only one billing period.

g. A customer may receive a leak adjustment only once during an eighteen (18) month period.

h. Adjustments to reflect seasonal changes in usage (for example, the filling of a swimming pool) are not eligible for billing adjustments.

i. A customer account shall be considered to be current while the leak adjustment request is being reviewed if the customer continues to make undisputed payments and stays current on subsequent bills.

Bracken County Water District
(NAME OF UTILITY)

A Service Investigation Charge of nineteen dollars (\$19) will be assessed when a Bracken County Water District representative makes a trip to the premises of a customer for a service investigation that is not the result of the failure of the Water District's facilities. These service investigations include helping customers find leaks on the customer's side of the meter, trips caused by the customer supplying an incorrect address, broken meter seals in a meter to a customer, other damage to the meter service, unauthorized use of water, etc. Any maintenance and/or repair of facilities beyond the Water District's point of delivery is the responsibility of the customer. The point of delivery is the point where the meter or appurtenance for the customer is located. The customer is responsible for the actual cost of repairing any damage to the meter service. (R)

No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance, or equipment which is a part of the District's water system. Any person violating this provision shall be subject to discontinuation of water service and shall pay the cost of repairing or replacing the affected components of the water system as may be determined by the District. This includes, but is not limited to, the transponder, which may extend thru the lid.

REVISED 24

RULES AND REGULATIONS

THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

All service lines beyond the metering point should be installed of material consisting of copper, PE or PVC pipe with a rating of not less than 160# psi. The line shall be a minimum of 24" deep with the first 6" backfill shall be minus rocks. The size of the service line beyond the point of delivery should not be less than 3/4"; However, a larger size may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the point of delivery. Piping on the premises of the customer must be so installed that connections are conveniently located with respect to the District lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all time.

The standard connection fee shall include the necessary main tapping saddle, service line and metering equipment for a 3/4" service. If the customer request or the District determines that a meter larger than 3/4" is necessary the additional cost shall be paid by the customer. This fee shall be in addition to the standard connection fee and shall be paid to the District's office prior to activation of the meter. A service line longer than 300' may require cost of a lateral line, if so that cost is to be computed as per 807KAR 5:066 Section 11 "line extensions".

Should a prospective customer request service at a point of delivery now, or in the future, and it does not meet his/her personal requirements, he/she may make provision for an individual pressure booster system. The manner of connection, location, cross-connection, protection and type is subject to approval of the District. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on the District's system.

THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

In the installation of a service line, the customer shall install a shut off device behind the meter on the customer's side so the line may be shut down for customer repairs with out having to use the shut-off on the meter setter. Also there shall be an approved dual acting backflow prevention device to prevent the flow from customer back into the main. The trench shall be left open and pipe uncovered until it is inspected by the Kentucky Department of Plumbing and is shown to be free from irregularity or other defects. The plumbing permit is required on all service and evidence of same shall be presented to office prior to meter activation.

Discontinuance of Service by District

Water service may be discontinued by the District for violation of any rule, regulation, or condition, and especially for any of the following reasons:

- A. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of the water purchased from the District;
- B. Failure to report to the District additions to the property or fixtures to be supplied or additional use to be made of the water;
- C. Resale of water or giving away of water;
- D. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep such pipes or connections in a suitable state of repair;
- E. Tampering with the meter, meter seal, service, or valves, or permitting tampering by others;
- F. Connection, cross connection, or permitting the same, of any separate water supply to premises which receive water from the District;
- G. Non-payment of bills;
- H. Connecting more than one residence or mobile home to a meter;

Multiple User on One Meter:

- A. Except as provided by sections B and C below, a separate meter must be installed for each residence, apartment unit, mobile home, business and each family unit residing in a duplex or other multiple unit premise.
- B. For existing customers, where two or more residences, mobile home, apartment units, businesses, or family units residing in a duplex or other multiple unit premises are served by a single meter, who have service as of May 19,1997, the water bill shall be computed as follows:
 - 1. A minimum bill will be charged for each unit served, with the remainder of the water charged to the customer whose name the meter is in per the current rate schedule.
 - 2. The customer whose name the meter is in will be responsible for the total bill received.
- C. A seasonal facility consisting of more than one cabin, mobile home, camper, or other similar unit that does not need water service for a continuous period of 120 or more days during a 12-month period may be served from a single meter. One person or legal entity shall accept total responsibility for payments for water that flows through the seasonal facility's meter. This same person, entity, or agent will be responsible for contacting the Water District's office as to when service is to be turned on and when to turn the service off.

WATER MAIN EXTENSIONS

1. Extensions of Fifty Feet or Less. An extension of fifty (50) feet or less shall be made by Bracken County Water District to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more.
2. Extensions Greater Than Fifty Feet. When a requested main extension amounts to more than fifty (50) feet per applicant, applicants shall deposit with the District the total cost of the excessive footage over fifty (50) feet per customer based on the average estimated cost per foot of the total extension. Each year, for a refund period of not less than ten (10) years, the District shall refund to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom. Total amount refunded shall not exceed the amount paid to the District. No refund shall be made after the refund period ends.
3. Extensions Greater Than Fifty Feet (Alternative). In lieu of the extension arrangement set forth in Paragraph 2, the District may supply the piping required for the requested distribution main extension and shall not be obligated for further costs. The following rules govern such extensions:
 - a. Eligible Extensions. The requested main extension must support, at a minimum, 5 customers per mile of main extension. It must permit the delivery of water service at the pressure and water flows required by the Public Service Commission and the Division of Water.
 - b. Applicants shall, at their own expense, have prepared an engineering feasibility study and plans and specifications for the requested main extension. An engineer licensed to practice in Kentucky must prepare the engineering feasibility study and the plans and specifications. The engineering feasibility study must show that the District's "Standard Specifications for Water Line Construction" which are filed with the Division of Water.
 - d. Applicants must obtain all easements necessary for the construction of the proposed line.

RULES AND REGULATIONS

THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

e. When applying for the main extension, Applicants shall submit two copies of the Division of Water approved plans and specifications, an engineering feasibility study, and a completed Water Line Extension Agreement, shall certify that all necessary easements for the requested main extension have been obtained, and shall deposit an amount equal to 20 percent of the cost of the piping for the requested main extension. This deposit is intended as security for the cost of the pipe that the utility must provide. It shall be refunded upon the completion of the requested main extension or the utility's use of the pipe for other purposes. If the District returns the pipe to its supplier because of Applicants' failure to complete the requested extension and incurs a restocking fee, this fee shall be deducted from the deposit.

f. After acceptance of the Water Line Extension Agreement, the District shall provide at no cost to the Applicants the required size class 200 PVC pipe necessary for the requested main extension. Applicants are responsible for all other materials. (These materials include, but are not limited to, valves, flush hydrants, main line taps, air valves, fittings, and tracer wire.)

g. Applicants are responsible for the construction and installation of the water main extension. They shall bear all costs, except for the actual main pipe, related to the water main's construction and installation. They are responsible for obtaining all equipment and labor necessary for the requested main extension.

h. Applicants shall be responsible for the opening and closing of ditches and shall retain an on-site resident inspector to ensure compliance with Bracken County Water District's "Standard Specifications for Water Line Construction".

i. Applicant shall be responsible for the cost of tapping all water mains.

j. Applicants shall be responsible for the cost of performing bacteriological analysis (including the cost of pulling samples) on the requested main extension. The District or its designated agent or representative shall pull the samples for laboratory analysis.

k. Upon the District's request, Applicant shall furnish proof of payment of contractors, suppliers, and engineer. Failure to furnish adequate proof of payment shall constitute grounds for terminating extension and refunding deposit less all of the District's costs.

l. The District may periodically inspect the construction and installation of the requested water main extension. If the District believes the installation is not within acceptable standards, it may order a halt to construction and installation activities until the deficiencies are cured. Where a construction halt is ordered, Bracken County Water District shall notified the Applicants in writing within 72 hours of its Order of the deficiencies and of the actions needed to cure the deficiencies.

m. Upon completion of the main extension, Applicants shall transfer legal title to the main extension to the District.

n. Applicants warrant the condition of the main extension for one year from the completion of the main extension and assume the cost of any repairs to this extension during the period. Applicants are not, however, responsible for any repair work resulting from defective materials supplied by the District or from acts of God. The main extension is completed when the District has received the bacteriological analysis results that indicate the main may safely be placed in service.

o. No connections to the main extension shall be made until the main is completed. No applicant may connect before paying a connection fees and service deposit.

p. Use of this extension arrangement is solely at the Applicants' option. The District may not require Applicants to use this arrangement, but may refuse to extend service under this section if the requirements in Paragraph 3a are not met.

**BRACKEN COUNTY WATER DISTRICT
ALTERNATIVE WATER MAIN EXTENSION AGREEMENT**

This agreement is between Bracken County Water District, ("the District") and [insert names of applicants]. ("Applicants") relating to a water main extension to serve [insert name or general description of area]. The provisions of this Agreement differ from those set forth in Administrative Regulation 807 KAR 5:066, Section 11.

1. Description of Extension _____. Applicants proposed to construct a water main extension from the District's current facilities at [location of the current main] to [end point of the proposed extension]. The proposed extensions will involve the construction and installation of [length of pipe] feet of [size in inches]-inch pipeline.

2. Applicants' Representations. Applicants make the following representations to the District:

a. An engineer licensed to practice in Kentucky has prepared an engineering feasibility study and plans and specifications for the proposed main extension. The engineering feasibility study shows that the proposed main extension will deliver water service at the pressures and water flows required by the Public Service Commission and the Division of Water.

b. The Kentucky Division of Water has approved the plans and specifications for the requested main extension.

RULES AND REGULATIONS

THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

UNDER PUBLIC SERVICE COMMISSION REGULATIONS, A WATER UTILITY, NOT AN APPLICANT FOR WATER SERVICE, IS RESPONSIBLE FOR OBTAINING ALL EASEMENTS NECESSARY TO EXTEND A WATER MAIN.

PUBLIC SERVICE COMMISSION REGULATIONS DO NOT REQUIRE AN APPLICANT FOR WATER SERVICE TO WARRANT THE CONDITION OR WORK PERFORMED ON A WATER MAIN EXTENSION.

BY ENTERING THIS AGREEMENT, THE APPLICANTS ARE WAIVING THEIR RIGHTS TO ANY REFUND FOR THE COST OF THE PROPOSED WATER MAIN EXTENSION AND ARE ASSUMING OBLIGATIONS WHICH PUBLIC SERVICE COMMISSION REGULATIONS PLACE ON A WATER UTILITY.

4. The District's Obligations. The District shall provide at no cost to the Applicants the required size class 200 PVC pipe necessary for the requested main extension. The District or its designated agent or representative shall pull the samples for laboratory analysis.

5. Applicants' Obligations. In exchange for the District's furnishing the piping for the proposed main extension, the Applicants agree to the following:

a. Applicants are responsible for the construction and installation of the water main extension and shall bear all costs, except for the actual main pipe, related to the water main's construction and installation. Applicants' responsibility includes, but is not limited to, valves, flush hydrants, main line taps, air valves, fittings, and tracer wire. BRACKEN COUNTY WATER DISTRICT

(ORIGINAL) SHEET NO. 40

RULES AND REGULATIONS

THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

WATER USED FOR FIRE SUPPRESSION ONLY

Although the Bracken County Water District DOES NOT furnish sufficient water flow or pressure to guarantee fire protection, (as stated in the District's Rules and Regulations tariff sheet 22). And in the interest of over-all costs savings to governmental entities within Bracken County. The Bracken County Water District may, on a case by case basis, allow the individual entity a separate water service to be used for fire suppression ONLY. There shall be no cost for the water used and no other taps, hose bibs, or appurtenances connected to the line used for this purpose. The entity shall be responsible for all cost of main line tapping, valves, line size and type requested by a Kentucky Certified engineer or architect. A copy of these specifications shall be given to the District prior to installation and shall be stated that the installation will not cause any degradation to the water distribution system or its customers. The entity shall provide a shut of valve of the correct size where the service line enters the entities' property. Also there shall be an approved backflow prevention device in the line before the point of use. The testing and maintenance, as per the manufacturer's recommendation, of this device shall be the responsibility of the entity and a copy of the report shall be sent to the District whenever such testing or maintenance is performed. The Bracken County Water District may without prior notification to the entity shut-off or suspend service if the entity uses this service for any purpose other than fire suppression or if there may exist hazard such as a faulty backflow preventer cross-connection.

SEASONAL FACILITY

A seasonal facility consisting of more than one cabin, mobile home, or camper which has 120 consecutive days of non-usage in a calendar year may be fed from a single meter. Providing that one person or legal entity accepts total responsibility for payments for water that flows through said meter. This same person, entity or their designee will be responsible for contacting the Water District's office as to when service is to be turned on in the spring and when to turn the service off in the fall. The cost of this meter shall be the same fee as that charged by the District in its fees schedule in effect at that time. The customer will be billed at the same rate as other customers, per the rate schedule in effect at that time. Master meter to a seasonal facility shall be determined by the District. Any meter larger than 3/4" that is required or requested may be installed by the District at the seasonal facility manager/owner expense at the time of installation. Larger meters must be approved by the Water District Commissioners and the District's engineers.

Credit/Debit Cards Usage

All customers may pay their bill by credit or debit card. This method of payment may be made in person at the utility's office at 1324 Brooksville Germantown Road, Brooksville, Kentucky 41004 or by telephone 606-735-3513.

If on the bill due date an attempt to pay by credit card or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on the disconnect day and the card is denied, the same rules as stated above apply, in addition to service being disconnected and a reconnect fee assessed.

**BRACKEN COUNTY WATER DISTRICT
MONITORING OF CUSTOMER USAGE**

1. The customer's monthly usage for the most recent month shall be reviewed by office personnel upon the completion of the meter reading for the month. Most recent usage will be compared to customer's 12-month average.
2. If the monthly usage is nearly the same as the average usage no further review will be done.
3. If the monthly usage differs from the average usage, either high or low, the usage will be investigated either by contacting the customer or by re-reading the meter.
4. District personnel read meters on a monthly basis. Electronic meters and meters in an inactive state will be physically read not less than once per year.

CONTRACT FOR WATER SERVICE

THIS CONTRACT made and entered into this _____ day of _____ 20____,
between _____, Customer, and BRACKEN
COUNTY WATER DISTRICT, of Bracken County, Brooksville, Kentucky 41004, the District:

WITNESSETH THAT for and in consideration of the provision of water service by the
District, the customer hereby agrees to contract with the District as follows:

The customer hereby agrees to pay the District a tap fee for connecting to the District's
Water System, the sum of money checked in the following schedule for each tap requested,
simultaneously signing:

SCHEDULE OF FEES

Number of taps

_____ General Service Connection 5/8" (per tap)\$750.00

_____ ALL LARGER METERS: The actual cost of installation will vary
according to the size of service and cost of materials.

KENTUCKY PUBLIC SERVICE COMMISSION
JEFF R. DEROUEN EXECUTIVE DIRECTOR
TARIFF BRANCH <i>Brent Kirtley</i>
EFFECTIVE 1/11/2014 PURSUANT TO 807 KAR 5:011 SECTION 9 (1)

The monthly water rates to be charged are currently \$_____ for the first 2,000 gallons (minimum bill) and \$_____ for each additional 1,000 gallons or portion of 1,000 gallons up to 40,000 gallons. Each additional 1,000 gallons or portion used above 40,000 gallons is \$ _____ per thousand gallons.

It is understood and agreed that the District reserves the right to determine the size of service connection to be used to supply water to the customer. A 5/8" meter will be used unless the customer contracts for a larger meter. A separate meter shall be installed for each residence, mobile home, apartment unit, business or family unit residing in a duplex or family unit residing in other multiple units. The district reserves the right to disconnect the water service in accordance with the regulations of the Public Service Commission for noncompliance with the District's rules and regulations for non-payment of bills or for fraudulent or illegal use of service and shall not reconnect the service until the cause for disconnection has been corrected and reconnection fees paid. A copy of the District's Rules and Regulations and the Public Service Commission's regulations are available at the District's office upon request or by visiting the PSC website at <http://psc.ky.gov/>

The customer agrees not to resell or give away water purchased hereunder.

The signing of this contract by a Commissioner of the District is by authority of the Board of Commissioners and the signing hereof is in his official capacity only. Said commissioner shall not be personally liable on this contract.

This contract may be assigned to the successors and assigns of the District.

NOTICE OF DEPOSIT RECALCULATION

Bracken County Water District has established an equal deposit amount of one hundred dollars (\$100.00) for Residential, Commercial, and Industrial customers of Bracken County Water District. This deposit amount is based upon an average bill of customers in this class. At a customer's request, the deposit amount will be re-calculated every eighteen (18) months based on actual usage of the customer. If the deposit amount differs by more than ten (10) dollars for residential customers or by more that ten (10) percent for nonresidential customers, from the deposit calculated on actual usage, then the utility shall refund any over-collection and may collect any underpayment. Refunds shall be either by check or credit to the customer's bill. Exception: utility shall not be required to refund any excess deposit if the customer's bill has been delinquent at any time during the 18 months of the recalculation period.

LEAK ADJUSTMENT REQUEST FORM

Name: _____

Account Number: _____

Address: _____

1. Date repairs were made: _____

2. Person making the repairs: _____

3. List of materials used: _____

4. Location of the leak: _____

5. Does this leak involve a swimming pool? _____

6. Attach copy of statements or receipts of material used.

Customers shall be allowed a leak adjustment once every 18 months providing the customer provides documentation that the leak has been repaired. The customer's bill will be based on two components. The first step will be to calculate the customer's average monthly usage over a twelve-month period. If a customer does not have twelve months of usage, the average usage of similar customers will be used. The second step will be to deduct the customer's average monthly usage (as calculated above) from the total amount of water that passed through the meter. The usage calculated in step one will be billed at the utility's regular rates, while the remaining usage will be charged at a rate equal to the District's purchased water cost rate for period of the leak plus its average pumping and distribution cost per 1,000 gallons of water.

If a requested adjustment relates to a leak occurring in summer months, water usage resulting from the leak will be determined by comparing the Customer's usage during the leak billing period with the monthly average for the previous year's summer months (June – September).

I hereby verify that I have read the information given and all statements are correct.
