C 4-85

RULES AND REGULATIONS

- (4) The District shall not be required to furnish service to any applicant when such applicant is indebted to the District for service furnished, until such applicant shall have paid such indebtedness.
- (5) The District shall refuse or discontinue service to a customer or applicant if the customer or applicant does not comply with state, municipal or other codes, rules and regulations applying to such service.

C. The District shall discontinue service under the following conditions:

- (1) For nonpayment of bills. The District shall not discontinue service to any customer for nonpayment of bills (including delayed charges) without first having made a reasonable effort to induce the customer to pay same. The customer shall be given at least forty-eight (48) hours written notice, but the cut-off shall not be effected before twenty (20) days after the mailing date of the original bill. Such termination notice shall be exclusive of and separate from the original bill. If, prior to discontinuance of service, there is delivered to the District office payment of the amount in arrears, then discontinuance of service shall not be made, or as to residential services where a written certificate is filed, signed by a physician, a registered nurse or a public health officer stating that, in the opinion of the person making the certification, discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the District notification.
- (2) For fraudulent or illegal use of service. When the District has discovered evidence that by fraudulent or illegal means a customer has obtained unauthorized service or has diverted the service for unauthorized use or has illegally obtained service without same being properly measured, the service to the customer will be discontinued without notice. The District shall not be required to restore service until the customer has complied with all rules of the District and regulations of the commission and the District has been reimbursed for the estimated amount of the service rendered and the cost to the District incurred by reason of the fraudulent use.

RULES AND REGULATIONS

D. It shall be the duty of the District before making service connections to a new customer to ascertain the condition of the meter and service facilities for such customer in order that prior fraudulent use of the facilities, if any, will not be attributed to the new customer, and the customer shall be afforded the opportunity to be present at such inspection. The District shall not be required to render service to such customer until all defects in the customer-owned portion of the service, if any, shall have been corrected.

E. Reconnection. For all cases of refusal or discontinuance of service as herein defined, where the cause for refusal or discontinuance has been corrected and all rules and regulations of the District and the Commission have been complied with, the District shall promptly render service to the customer or applicant.

3. Continuity of Service.

A. Emergency interruptions. The District shall make all reasonable efforts to prevent interruptions of service and when such interruptions occur shall endeavor to re-establish service with the shortest possible delay consistent with the safety of its consumers and the general public.

B. Scheduled interruptions. The District shall notify the public in advance when a scheduled interruption occurs. The District shall notify the fire chief or other officials responsible for fire protection, of the interruption, stating the time and anticipated duration.

C. The District shall in no event be held responsible for any claim against it by reason of the breakage of any mains or service pipes or by reason of any interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages not for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

D. Customers having boilers and/or pressure vessels receiving a supply of water from the District must have a check valve on the water supply line and a vacuum valve on the steam line to prevent collapse in case the water supply is discontinued or interrupted for any reason, from the district, with or without notice.

RULES AND REGULATIONS

- E. The premises receiving a supply of water and all service lines, meters and fixtures, including any fixtures within said premises, shall at all reasonable hours be subject to inspection by the District.
- F. Piping on the premises of a customer must be so installed that connections are conveniently located with respect to the District's lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.
- G. The customer's service line shall be installed and maintained by the customer at his own expense in a safe and efficient manner, and in accordance with the District's Rules and Regulations of the Department of Health.
- H. If any loss or damage to the property of the District or any accident or other injury to persons or property is caused by or results from negligence or wrongful action of the customer, member of his household, his agent, or employees, as determined by a court of law having jurisdiction over the parties, the cost of the necessary repairs or replacements shall be paid by the customer to the District, and any liability otherwise resulting shall be that of the customer.

4. Special Charges.

- A. Delinquent Service Charge: A reconnection fee of fifteen (\$15.00) shall be charged after a customer has been disconnected for nonpayment of a bill during regular working hours. The fee for reconnection after regular working hours shall be Forty (\$40.00) dollars.
- B. Returned Checks: There shall be a five dollar (\$5.00) charge for all returned checks.
- C. Meter Test: A cusomter's meter shall be tested at no charge (so long as it has not been tested within a twelve month period). However, if a customer demands a meter to be tested and it has been tested within a twelve month period there shall be a Twenty-five dollar (\$25.00) charge. This fee shall be dependent upon whether the test indicates the meter to be accurate (2% fast or slow) within the quidelines established by the Commission. 807:KAR5:006.

RULES AND REGULATIONS CANCELLING P.S.C. KY NO 3

- D. Service Investigation Charge: A charge of five dollars (\$5.00) shall be made for service investigation during regular working hours so long as the interruption of water service is not the result of the District. A charge for after regular working hours shall be twenty-five dollars (\$25.00). The District shall not be responsible beyond the meter for repairs or for that water consumption that is lost due to the customer not having cut-off valves on their system.
  - E. Raising or lowering of water taps: This applies to any customer's meter setting that has to be either raised or lowered because of changes the customer makes in the area surrounding the meter. This charge shall be dependent upon the cost of the labor and material involved. (No additional cost)
5. Deposits.
- A. The District may require from any customer or applicant for service a minimum cash deposit or other guaranty to secure payment of bills of an amount not to exceed two-twelfths (2/12) of the estimated annual bill of such customer or applicant, where bills are rendered monthly or an amount not to exceed three-twelfths (3/12) of the estimated annual bill of such customer or applicant, where bills are rendered bi-monthly or an amount not to exceed four-twelfths (4/12) of the estimated bill of such customer or applicant where bills are rendered quarterly.
  - B. The District shall issue to every customer from whom a deposit is received a certificate of deposit, showing the name of the customer, location of initial premises occupied, date, and the amount of the deposit.
6. Water meters shall be read monthly commencing on the third (3) week of the month (generally the 18th) of each calendar month or as soon thereafter as weather and other conditions and circumstances may reasonably permit. If it is found that the meter of a customer is defective or non-operative, such water bill shall be computed on the basis of the average monthly meter readings, provided that if no such readings are then available, the applicable water bill may be computed on the basis of an estimate of the water consumption subject to adjustment to the average of the next three succeeding monthly meter readings.
