RULES AND REGULATIONS

- c) Reading Meters. Information about the method of reading meters.
- d) Bill Analysis. A statement of the past readings of a customer's meter for a period of two (2) years.

B. Special Rules or Requirements.

1. The utility cannot establish any special rule or requirement without first obtaining the approval of the Public Service Commission.
2. A customer that has complied with Public Service Commission rules and regulations cannot be denied service for failure to comply with the utility's rules that have not been approved by the Public Service Commission.
3. Each prospective customer desiring water service will be required to sign the utility's Water Service Contract before service is supplied by the utility.
4. No customer is allowed to resell water except under the terms of a special contract executed by the utility and approved by the Public Service Commission.

C. Billings, Meter Readings, and Related Information.

1. Information on bills. Each bill issued by the utility will clearly show the following, if applicable: class of service; present and last preceding meter readings; date of the present reading; number of units consumed; meter constant, if any; net amount for service rendered; all taxes; any adjustments; and the gross amount of the bill. The date after which a late payment penalty applies to the gross amount will also be indicated. Estimated or calculated bills will be distinctly marked as such. The rate schedule under which the bill is computed will be furnished under one (1) of the following methods:

- a) By printing it on the bill.
- b) By publishing it in a newspaper of general circulation once each year.

RULES AND REGULATIONS

- d) Payment must be received, not postmarked, before the close of business on the tenth day of the month; otherwise, the delinquent bill will be assessed the late payment penalty approved and on-file with the Public Service Commission
- e) The late payment penalty will be assessed on the delinquent amount of the bill, less taxes and any prior penalty amounts. Pursuant to 807 KAR 5:006 Section 8 (3)(h), a penalty may be assessed only once on any bill for rendered services.
- f) With the exception of existing connections, the existence of a special contract, or unusual circumstances requiring approval of the utility, a single meter can serve no more than one residential or commercial unit on and after the effective date of this tariff.
- g) For existing connections, special contracts, or other utility approved situations, where two or more units are being served by one meter, the following rules will apply:
 - 1) One bill per customer will be sent to the customer that signed the Water Service Contract.
 - 2) The bill primary customer's bill will consist of a charge in the amount of the utility's minimum bill, plus all metered water usage with a 2,000 gallon deduction for each customer serviced by this meter.
 - 3) Each secondary customer will be billed for the basic 2,000 gallon service.
 - 4) The customer that signed the primary Water Service Contract will be responsible for the charges associated with the connection including payment for all water passing through the meter, regardless of which unit is responsible for the water consumption

avoid termination of service. This fee may only be charged once per billing period.

- b. Late Payment Penalty: Will be assessed on the delinquent amount of the bill, less taxes.
- c. Meter Relocation Charge: Will be assessed when a customer or other authorized person requests that a meter be relocated, changed, or modified. Those requesting a change must reimburse the utility for the actual costs incurred, including but not limited to appropriate legal, administrative, engineering, overhead, or other related costs.
- d. Meter Re-read Charge: Will be assessed when a customer requests the utility to re-read the customer's meter and the re-read proves that the original meter reading was correct.
- e. Meter Test Charge: Will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy, and the test shows the customer's meter is not more than two percent (2%) fast.
