RULES AND REGULATIONS

Special Non-recurring Charges:

1. The utility will collect for special nonrecurring charges to recover customer-specific costs incurred which would otherwise result in monetary loss to the utility or increased rates to other customers to whom no benefits accrue from the service provided or action taken. The utility may establish or change any special nonrecurring charge by applying for Public Service Commission approval of such charge in accordance with the provisions of 807 KAR 5:011, Section 10.
2. Special nonrecurring charges will be applied uniformly throughout the area served by the utility. Such charges will relate directly to the service performed or action taken and only yield enough revenue to pay the expenses incurred in rendering the service.
3. The utility will assess a charge for the following non-recurring services:
  - a) Connection/Turn-on Charge: Will be assessed for new service turn-ons, seasonal turn-ons, temporary service, or transfer of service. The charge will not be made for initial installation of service where a meter connection/tap-on charge is applicable.
  - b) Late Payment Penalty: Will be assessed on the delinquent amount of the bill, less taxes.
  - c) Meter Relocation Charge: Will be assessed when a customer or other authorized person requests that a meter be relocated, changed, or modified. Those requesting a change must reimburse the utility for the actual costs incurred, including but not limited to appropriate legal, administrative, engineering, overhead, or other related costs.

RULES AND REGULATIONS

- d) Meter Re-read Charge: Will be assessed when a customer requests the utility to re-read the customer's meter and the re-read proves that the original meter reading was correct.
- e) Meter Test Charge: Will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy, and the test shows the customer's meter is not more than two percent (2%) fast.
- f) Reconnection Charge: Will be assessed to reconnect service that has been terminated for non-payment of service or for violation of Utility or Public Service Commission rules and regulations, and will include the cost of the service trip for both the disconnection and the reconnection.
- g) Returned Check Charge: Will be assessed when a customer's check is returned, either due to insufficient funds or other reason due to customer fault.
- h) Service Call/Investigation Charge: Will be assessed when a customer requests the onsite presence of utility personnel to investigate a service problem and the problem is a result of the customer's own plumbing facilities, beyond the utility's delivery point, or not caused by failure of utility facilities. Any maintenance and repair of facilities beyond the utility's delivery point is the responsibility of the customer.
- i) Cut Lock Charge: Will be assessed when a customer cuts the lock off of a meter that has been locked by the District. The customer shall pay, in addition to this charge, the cost of any damage to the District's property caused by the customer in the process of cutting the lock.

Leak Adjustments. A customer may make a request for a bill adjustment in the event of a leak under the following conditions:

1. The customer must request a leak adjustment in writing to the utility.
2. The customer's bill will be based on two components. The first step will be to calculate the customer's average monthly usage over a twelve-month period. The second step will be to deduct the customer's average monthly usage (as calculated in the above) from the total amount of water that passed through the meter. The usage calculated in step one will be billed at the utility's regular rates, while the remaining usage will be charged at the per thousand-gallon leak adjustment rate, as set forth in the rates and charges portion of the utility's approved tariff. All water passing through the meter must be accounted and paid for by the customer. So, the customer will owe the amount of his/her average bill plus the per thousand-gallon leak adjustment rate for the remainder of the water that passed through the meter.
3. If meter readings are not available for an entire twelve-month period, the water bill will be estimated by the utility, subject to an upward or downward adjustment once a twelve-month average of actual meter readings can be calculated.
4. Only one (1) leak adjustment will be made per thirty six-month period. A customer is eligible for a leak adjustment only if the bill is over \$100.00. (T)

Legal Disclaimers:

1. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance or equipment which is a part of the utility's water system. Any person violating this provision will be subject to immediate arrest and/or discontinuance of water service and shall pay the cost of repairing or replacing the utility's facilities.
2. If any loss or damage to the property of the utility or any accident or other injury to persons or property is caused by or results from the negligence or wrongful action of a customer, members of his/her household, his/her agent or employee, the cost of necessary repairs or replacements shall be paid by the customer of the utility and any liability otherwise resulting shall be that of the customer.

**FIRE DEPARTMENTS:**

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for the purpose of fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15<sup>th</sup> day of the following calendar month.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water.

A non-reporting user's usage shall be presumed to 0.3 percent of the utility's total water sales for the calendar month. A non-reporting user may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting user shall also be assessed a penalty of \$ 50.00 for each failure to submit a report in a timely manner.

I. Service Classification. There shall be no distinction of this category.

II. Service Application.

- A. Any bona fide occupant of a single family dwelling; or to each residential unit in an auto court, duplex, or multiple dwelling building; or person holding property having reasonable accessibility to the source of and who is in need of having water supplied to his place of occupancy of property may be a member of this company by obtaining a membership certificate from the company. Persons who receive the approval of the Board of Directors may be admitted to membership upon subscribing for a membership certificate and by signing such agreements for the purchase of water as may be provided and required by the company. If the company's water system is exhausted, service may be denied until such time as the system can be expanded to meet the needs of additional customers. (Pursuant to K.R.S. 278.030 and 278.280)
- B. The Company may reject any application for membership when the applicant is delinquent in payment of bills incurred for service previously supplied at any location.
- C. Violation of any of the provisions of these rules, by-laws or any other regulation of the Company, the Company may remove the meter and discontinue service. Where the meter is thereafter reinstalled, the member shall first pay to the Company a reinstallation charge of \$15.00. The Company may require of any applicant a deposit of an amount equal to 2/12 of the average annual bill for the category of service for which the applicant requests service.
- D. The individual in whose name the membership certificate is prepared shall be responsible for payment of all bills incurred in connection with the service rendered.
- E. Any customer desiring service discontinued or changed from one address to another shall give the utility three (3) days' notice in person, telephone, or writing, provided such notice does not violate contractual obligations. Upon request that service be reconnected at any premises subsequent to the initial installation or connection to its service lines, the utility may charge the applicant the sum of \$15.00.

Each member shall be entitled to not to exceed one (1) service line from the Company's water system unless otherwise approved by the Board of Directors and provided that the member shall be required to pay the prevalent tap fee for each service line. No new service line or change in an existing service line may be made which will interfere with an existing service line or the delivery of water therein. Each service line shall connect with the company's water system at the nearest available place to the place of desired use by the member if the Company's water system shall be of sufficient capacity to permit the delivery of water through a service line at that place without interfering with the delivery of water through a prior service line. If the Company's water system shall be inadequate to permit the delivery of water through a service line installed at such place without interfering with the delivery of water through a prior service line, then such service line shall be installed at such place as may be required to dig or have dug a ditch, to purchase and install, and to maintain such portion of the service line or lines from the property line of the member to his own dwelling; or other place of use on his premises at his own expense, provided that the Company may, if the Board of Directors so elect, purchase the pipe for and install such portion of such service line or lines, the cost of which will, however, be paid by the individual members.

RULES AND REGULATIONS

V. Company's Liability.

- A. The Company does not assume the responsibility of inspecting the member piping or apparatus and will not be responsible therefor.
- B. The Company reserves the right to refuse service unless the member's line or piping are installed in such manner as to prevent cross-connections or back-flow.
- C. The Company shall not be liable for damage of any kind whatsoever resulting from water or the use of water on the member's premises, unless such damage results directly from negligence on the part of the Company. The Company shall not be responsible for any damage done or by resulting from any defects in piping, fixtures, or appliances on the member's premises. The Company shall not be responsible for negligence of the third persons, or forces beyond the control of the Company resulting in any interruption of service.
- D. Under normal conditions, the members will be notified of any anticipated interruptions of service.

VI. Member's Responsibility.

- A. Piping on the premises of the member must be so installed that the connections are conveniently located with respect to Company lines and mains.
- B. If the Company is called upon to provide additional meters, each place of metering will be considered as a separate and individual account.
- C. The Member shall provide a place of metering, which is unobstructed and accessible at all times.
- D. The member shall furnish and maintain a private cut-off valve on the member's side of the meter. The Company is to provide a like valve on the Company's side of such meter.

RULES AND REGULATIONS

- E. The member's piping and apparatus shall be installed and maintained by the member at the member's expense in a safe and efficient manner and in accordance with the Company rules and regulations and in full compliance with sanitary regulations of the State Board of Health.
- F. The member shall guarantee proper protection for the Company's property placed on the member's premises and shall permit access to it only by authorized representatives of the Company.
- G. The Association may provide reasonable conditions for the provision of service and may discontinue service with appropriate notice having been given to the customer, etc., for failure to comply with those conditions.
- H. Water furnished by the Company shall be used for domestic consumption by the member, members of his household, and employees only. The member shall not sell water to any other person or permit any other person to use said water. Water shall not be used for irrigation, fire protection, or other purposes, except that when water is available in sufficient quantity without interfering with the regular domestic consumption, then the water may be used for any other purpose. Disregard for this rule shall be sufficient cause for refusal or discontinuance of service.

IX. Change of Occupancy.

- A. Not less than one week's notice must be given in person or in writing to the Company to discontinue service or to change occupancy.
- B. The outgoing party shall be responsible for all water consumed up to the time of departure or the time specified for departure whichever period is longer.

X. Meter Reading - Billing - Collection.

- A. Meters will be read and bills rendered monthly, but the Company reserves the right to vary the dates or length or period covered, temporarily or permanently if necessary or desirable.
- B. Bills for water will be figured in accordance with the Company's published rate schedule and will be based on the amount consumed for the period covered by the meter readings, except where a member orders turn-off, the minimum bill to such member for such period shall be equal to the minimum charge for one full month's service.

RULES AND REGULATIONS

C. Service discontinued for non-payment of bills will be restored only after bills are paid in full, and a service charge of fifteen (\$15.00) dollars paid for each meter re-connected.

D. The Company reserves the right to discontinue service without notice where evidence is found that the customer has obtained service through fraudulent or illegal means, or where a dangerous condition is found on the customer's or applicant's premises. All other discontinuances of service shall require a notice by the Company to the customer of ten (10) days or the amount of time required by 807 KAR 5:006E, Section 11, whichever is shorter. The Association must reconnect service 24 hours once the cause for discontinuance has been corrected. Customer will always be notified within 24 hours as to reason for disconnect.

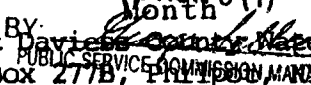

II. Complaints - Adjustment.

A. If the member believes his bill to be in error, he shall present his claim, in person or in writing, to the Board of Directors before the bill becomes delinquent. Such claim, if made after the bill has become delinquent, shall not be effective in preventing discontinuance of service, as heretofore provided. The member may pay such bill under a protest and said payment shall not prejudice his claim.

B. The Company will make special meter readings at the request of the member for a fee of one (\$1.00) dollar, provided, however, that if such special reading discloses that the meter was overread, no charge will be made.

**RATE

**DEPOSITS**

The Company may require a minimum cash deposit or other guaranty to secure payment of bills

Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460,<sup>1</sup> will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

<sup>1</sup> Water districts should substitute KRS 74.050 and water associations should substitute KRS 273.392 since these statutes govern the rate of interest to be paid by water districts and associations.

MONITORING OF CUSTOMER USAGE

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 15% percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.
