Water Loss Detection and Repair Program Surcharge

Water Loss Detection and Repair Program Surcharge \$5.00 Monthly Per Bill

Graves County Water District ("Graves District") may assess the Water Loss Detection and Repair Program Surcharge to all customers for service rendered between October 1, 2019 and September 30, 2025 subject to the following conditions:

1. No later than December 30, 2019, Graves District submit to the Public Service Commission a comprehensive unaccounted-for water loss reduction plan and a time schedule for elimination of the sources of unaccounted-for water loss.
2. Graves District deposit and maintain all surcharge proceeds in a separate, interest-bearing account.
3. Beginning for the month of October 2019 and continuing for the next 71 months or until all surcharge proceeds are expended, whichever occurs later, Graves District file with the Commission an activity report, which includes a statement of monthly surcharge billings and collections; a monthly surcharge bank statement; a list of each payment from the account, its payee and a description of its purpose; and invoices supporting each payment, no later than the 15th day of the following month.
4. Beginning for the month of October 2019 and continuing for the next 71 months or until all surcharge proceeds are expended, whichever occurs later, Graves District file with the Commission a water loss report for the month no later than the 15th day of the following month.
5. Surcharge proceeds may not be used for expenses incurred prior to October 1, 2019.
6. Graves District must obtain Public Service Commission approval for the use of surcharge proceeds for a specific water loss control activity prior to the expenditure of surcharge proceeds for such activity.

TEMPORARY SERVICE

Temporary Water Service is available for water used for construction, street washing, pool filling, and similar purposes.

Where a customer requests the installation of a meter on a fire hydrant or on a temporary service connection for construction, street washing, pool filling, and similar purposes, the customer shall pay in advance a minimum monthly bill charge based upon the size of the requested meter for each hydrant or temporary service connection.

The District may require an application to be signed and either the monthly bill charge paid in advance or, at the District's option, a meter deposit made and the account handled in the same manner as any other metered account. This minimum monthly bill charge does not entitle the Customer to any water and all water used shall be billed at the meter rate schedule. In addition to such charges, the Customer shall pay all reasonable costs incurred in connection with the installation and removal of the meter.

II. General Rules and Regulations:

Graves County

The following are the rules and regulations of ~~Consumers~~ Water District. The schedule of rates prescribed herein will be uniformly charged to all customers of the utility. No one will receive or be entitled to free service by the utility. No employee or individual commissioner of the utility is permitted to make an exception to these rates, rules, or regulations. These rules and regulations are subject to change by the utility at any time, subject to approval of the Public Service Commission.

- A. All taps and connections to the mains of the District shall be made by and/or under the direction and supervision of District personnel.
- B. Water service may be discontinued by the District for any violation of any rule, regulation, or condition of service and especially for any of the following reasons:
 - 1. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
 - 2. Failure to report to the District additions to the property or fixtures to be supplied or additional use to be made of water.
 - 3. Resale or giving away of water.
 - 4. Waste or misuse of water due to improper or imperfect service pipes and failure to keep in suitable state of repair.

E. 1. Bills for water service are due and payable at the office of Mayfield Electric & Water Systems, or to any designated agent.

Bills are due on the 10th of the month.

2. All bills not paid on or before the past due date shall be deemed delinquent. The District will serve a customer a written final notice of said delinquency. If the delinquent bill is not paid within fifteen (15) days after the date of such final notice, the water supply to the customer may be discontinued without further notice.

3. Meters will be read monthly.

F. Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge will be made for reconnection of water service, but the reconnection will not be made until after all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

G. All meters shall be maintained at the expense of the District and the District reserves the right to determine the size of the meter used.

U. The District's system is NOT designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at his own full and sole responsibility and risk. The District makes no warranty as to the sufficiency of the water supply or the adequacy of the water pressure at any time. Fire hydrants installed on the distribution lines of the District are for the sole purpose of flushing the lines, or other uses by the District necessary for proper maintenance of the lines.

Any fire department unit using water from District's water system must immediately contact responsible party in the District to make them aware of approximate volume used. Any damage to the distribution lines, resulting from excessive pressure due to fire hydrant usage by fire department units in the performance of their duties will be the liability of that unit.

III. Water Main Extensions:

All developers must submit a preliminary drawing of the water main extension development plans to the District for review. These plans must be prepared by a professional engineer. After reviewing the plan, the Board will contact the developer with changes or final approval. The District will submit the plans to the Division of Water.

After approval by the Division of Water, the developer may hire a contractor to complete the project. If this occurs, the District will require inspections of the project by inspector approved by the Utility and paid for by the developer. If the developer elects for the District to complete the project, the developer will pay the District before any work is begun. The final cost of the project will not exceed cost estimate.

A ten (10) year refund period will begin after the project is completed and a contract is signed by both parties. The date will become the anniversary date. The developer will be reimbursed annually on this date for any water meter installed on said water extension.

To determine the refund amount, the total cost of the project will be divided by the total length of the extension. This will determine the cost per foot. At each anniversary date, the cost of 50 feet of the main extension will be paid to the developer for each water meter installed during that year. (All persons desiring water will be responsible for the meter tap-on charge.)

Refunds shall continue each year until reimbursement is paid in full (no interest) or ten years have elapsed, whichever occurs first. No refunds after ten years.

IV. DEPOSITS

All customers shall pay deposits. All residential customer deposits will be \$50.00. Commercial deposits will be based on the average bill of similar customers and premises on the system. Deposit shall not exceed (2/12) two/twelfths of the customer's estimated annual bill.

Interest on deposits will accrue at the rate prescribed by law beginning at the date of deposit. Interest accrued shall be refunded to the customer or credited to the customer's bill on an annual basis. Upon termination of service, the deposit, any principal amounts and interest earned shall be credited to the final bill with any remainder refunded to the customer.

A deposit of \$1,500.00 shall be charged on all 3" fire hydrant meters. This deposit shall not be refunded if the meter is not returned in satisfactory condition. Meters will be read monthly and bill according to actual usage. Volume of water used by customers thru fire hydrant meters will be determined by the utility to prevent impacting customer service or detrimental effects to the water distribution system.

Each bill for the District shall clearly show the present and last preceding meter readings, dates of the readings, number of gallons consumed, net amount, all taxes, and the gross amount of the bill. The date after which a penalty may apply to the gross amount shall be indicated.

The rate schedule under which the bill is computed shall be furnished upon request by the customer.

VI. Monitoring of Customer Usage:

The District shall monitor the usage of each customer monthly. The District will compare the customer's monthly usage records and if there is a deviation greater than 20%, the District shall reread the meter, and check for leaks. The District shall then notify the customers of the investigation, its findings, and any refunds or back-billing in accordance with 807 KAR 5:006, Section 10 (4) and (5).

VII. Special Non-Recurring Charges:

- A. Connection Charge: Will be assessed for service turn-ons, seasonal turn-ons, or temporary service.
- B. Reconnection Charge: Will be assessed when a utility representative makes a trip to the premises of a customer for the purpose of terminating service for non-payment or for violation of District or PSC rules and regulations, and will include the cost of the service trip for both the disconnection and the reconnection.
- C. Returned Check Charge: Will be assessed if a check accepted for payment of a utility bill is not honored by the customer's financial institution.
- D. Service Charge: Will be assessed for all trips to check meter readings as requested by the customer; except if the original reading was incorrect; and to check for leaks that the customer requests, except there will be no charge should the leak be on the District. Charge will also be assessed for return trips to read meter due to meter inaccessibility to District staff resulting from customer. Charge will also be assessed for all customer requested trips to investigate any problems with service; except there will be no charge if the problem is the responsibility of the District.

E. After Hours Service Charge: Will be assessed whenever service call requests are received after regular office hours weekends and holidays; in the even the trouble is not the responsibility of the District. This charge will also apply to the connection of new services or the reconnection of a discontinued service.

F. Late Payment Notice Charge: Will be assessed whenever a late notice is mailed when a utility payment is not made by the due date.

G. Late Payment Charge: Pursant to KAR 5:006, Section 9 (3) (h), a late payment charge will be assessed when a customer fails to pay a bill for services by the due date shown on the customer's bill. The late payment charge will be assessed on the delinquent amount of the bill, less any taxes and any prior late payment charges. A late payment charge may be assessed only once on any bill for rendered services Any payment received shall first be applied to the bill for service rendered. Additional late payment charges shall not be assessed on unpaid late payment charges.

H. Tampering Fee: Will be assessed for any service call to determine if there has been any tampering with water meter equipment. This fee will include any labor or material. This fee is assessed to recover customer specific costs incurred which would otherwise result in monetary loss to the utility.

I. Pressure Reducing Fee: Will be assessed when a customer request a pressure reducing valve and it has been determined that the PSI is under 100. The pressure reducing valve will be installed at actual cost. This fee is assessed to recover customer specific costs incurred which would otherwise result in monetary loss to the utility.

J. Meter Relocation Fee: Will be assessed when a customer request a water meter to be relocated , changed or modified. The fee for this relocation will be at actual cost. This fee is assessed to recover customer specific costs incurred which would otherwise result in monetary loss to the utility.

K. Damaged Meter Fee: Will be assessed when a customer damages a meter which requires complete replacement. This fee will be assessed at actual cost. This fee is assessed to recover customer specific costs incurred which would otherwise result in monetary loss to the utility.

L. Damaged Radio Read Meter Fee: Will be assessed when a customer damages a radio read meter which requires complete replacement. This fee will be assessed at actual cost. This fee is assessed to recover customer specific costs incurred which would otherwise result in monetary loss to the utility.

Original SHEET NO. 19

Graves County Water District
(Name of Utility)

CANCELLING P.S.C. KY. NO. _____

_____ SHEET NO. _____

X. DISCONTINUANCE OF WATER SERVICE FOR NON-PAYMENT OF SEWER SERVICE

This water utility has entered into an agreement that authorizes the water utility to refuse or discontinue service to an applicant or customer of the sewer utility for non-payment of sewer service for the following sewer utilities:

- Purchase Public Service Corporation d/b/a Thomas Country Estates
- Purchase Public Service Corporation d/b/a Highland Club Estates
- Purchase Public Service Corporation d/b/a Cardinal Utilities – Holifield Heights Subdivision

Any agreement(s) for such authorization is on file with the Public Service Commission.

This water utility has been granted a deviation by the Public Service Commission from the regulatory requirements of 807 KAR 5:006 Section 14(1) Refusal or Termination of Service.

When the water utility discontinues water service for non-payment of sewer service, the customer shall be given at least 5 days' written notice of termination, separate from the original bill, and cut-off shall not be made less than 20 days after the mailing of the original bill.

If prior to discontinuance of water service a residential customer presents to the water utility a written certificate signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises in which case discontinuance may not be made until the affected resident can make other living arrangements or until at least thirty (30) days elapse from the date of the utility's notification.

RULES & REGULATIONS

FIRE DEPARTMENTS:

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for the purpose of fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15th day of the following calendar month.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water.

A non-reporting user's usage shall be presumed to 0.3 percent of the utility's total water sales for the calendar month. A non-reporting user may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting user shall also be assessed a penalty of \$ 1.00 for each failure to submit a report in a timely manner.
