RULES AND REGULATIONS

- 11. If at any time a customer feels that he is over metered, upon a written request to the Hardin County Water District, he may have the meter size changed; but if at a later date the customer requests his meter to be changed back to the larger size, he will be required to pay the difference in the connection charge of the different size services.

- 12. Hardin County Water District may require an equal cash deposit for the purpose of establishing or maintaining any customer's credit, such amount not to exceed two-twelfths (2/12) of the average annual bill. This amount will not exceed the average bill of residential customers served by the District. Interest shall accrue on all deposits at the rate prescribed by law, beginning on the date of deposit. Interest accrued shall be credited to the customer's bill on an annual basis, except that if the customer's bill is delinquent on the anniversary of the deposit date. Service may be refused or discontinued for failure to pay the requested deposit. The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and upon request, required deposits will be returned after 18 months if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The District may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.
