RULES AND REGULATIONS

These Rules and Regulations govern the furnishing of water service by Martin County Water District #1 hereinafter referred to as the District and apply to all service received from the district. No employee or individual Commissioner of the District is permitted to make an exception to these Rates, Rules, or Regulations. These Rules and Regulations are to be in effect so long as they are not in conflict with the Kentucky Public Service Commission's Rules and Regulations (807 KAR 5:001-5:076). The District is subject to all Rules and Regulations of the Kentucky Public Service Commission even though not Contained herein.

1. Revisions

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:

- A. By order of the Kentucky Public Service Commission upon formal application by the District, and after hearing as provided by Commission Regulation set forth in 807 KAR 5.011.
B. By issuing and filing on at least twenty (20) days notice to The Kentucky Public Service Commission and the public all proposed changes in the Rules and Regulations, as provided by Commission Regulations set forth in 807 KAR 5:011.

2. Conflicts

In case of conflict between any provisions of any rate schedule and the schedule of rules and regulations, the rate schedule shall apply. Also, should the rules contained herein conflict with rules in effect under 807 KAR 5, the provisions of 807 KAR 5 shall take precedence over those contained herein.

3. Application for Service

Any persons, firm, agency or governmental entity within the current boundary of the District may request service. Applications for service must be in writing on a form approved by the District.

Each applicant for service shall be required to execute and sign the District's standard application for water service before service is supplied by the District. Under Kentucky Public Service Commission Order, dated September 1, 1981, Case No. 8248, a 5/8" X 3/4" meter shall be the standard customer service meter and should be installed at all points of service unless the customer provides

sufficient justification for the installation of a larger meter.

4. Non-Standard Service

Each prospective customer requiring a non-standard service (ie., other than a 5/8" X 3/4" meter) shall present to the District sufficient justification for same. Insofar as prospective customer requirement may meet those non-standard service presently in effect by District same be applied.

5. Point of Delivery

The point of delivery is the point where the meter or vault is located on the customer's premises. All Water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer. The District reserves the right to determine the location of point of delivery with full regard to those wishes of the prospective customer.

6. Customer's Service Line

All service lines beyond the metering point should be installed of material consisting of copper, galvanized, PVC or PE pipe with rating not less than 200 psi. The size of service line beyond the point of delivery should not be less than 3/4". The District will not set a meter on the customer's service line at a point that does not deliver 30 psig at the meter.

Should an applicant for service desire a higher pressure due to his location or need he may make provision for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by the District. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on District's system.

7. Ownership of Mains, Services, & Appurtenances

All mains, fire hydrants, valves, crossings and other appurtenances are and shall remain the property of the District, whether installed by the District or the customer.

All service lines from main to meter with appurtenances shall be and remain the property of District, whether installed by the District or the customer.

The customer shall install, own and maintain his service line from meter and/or point of delivery as defined herein.

RULES AND REGULATIONS

8. Discontinuance of Service by District

Water Service may be discontinued by the District for any violation of any rule, regulation, or condition and especially for any of the following reasons.

- A. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
B. Resale of Water.
C. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep such pipes in a suitable state of repair.
D. Tampering with meter, meter seal, service, or valves, or permitting such tampering by others.
E. Connection, cross-connection, or permitting the same, of any separate water supply to premises which receive water from the District.
F. Non-payment of bills.
G. When a dangerous condition is found to exist on the customer's or applicant premises, with reference to the continuation of water service, water service shall be cut off without notice or shall be refused, provided the District shall notify the customer or applicant immediately of the reasons for the discontinuance or refusal and the corrective action to be taken by the applicant or customer before service can be restored.

9. Reconnection Fee

Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge of \$15.00 will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

10. Adjustment Relative to Erroneous Meter

If a meter is inaccurate in excess of 2%, whether upon periodic testing or upon requested testing, additional test shall be made at once to determine the average error of the meter, and the adjustments shall be made in the customer's water bills as follows:

RULES AND REGULATIONS

- A. If the result of such tests shows an average error greater than 2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one - half of the elapsed time since the last periodic test, but in no event to exceed 12 months. If however, the time for a periodic test has overrun to the extent that 1/2 of the time elapsed since the last periodic test exceeds 12 months, the refund shall be for the 12 months specified above, plus those months exceeding the periodic test period. The Kentucky Public Service Commission may not require a refund for the overrun period if failure to make the periodic test was due to causes beyond the control of the District.
- B. If the result of such tests shows an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half of the elapsed time since the last test, but in no event to exceed 12 months.
- C. If the result of such tests necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast, or slow, the date (s) of testing, and the amount of charge or credit to be shown on the next bill of the customer in accordance with the form of notice defined in 807 KAR 5:006(9)(8).
- D. If a customer has a leak on their side of the meter, the District Will make one (1) adjustment per year in the manner of using the bill of the leak and totaling it with the previous five (5) months bills to get an average.

11. Meters

All meters shall be installed, renewed, and maintained at the expense of the District, and the District reserves the right to approve the size and type of meter used. It shall be the policy of the District to test each water meter pursuant to Public Service Commission Regulation 807 KAR 5:066 Section 16. In addition, upon written request of any customer, the meter servicing such customer shall be tested by the District, pursuant to Public Service Commission Regulation 807 KAR 5:006, Section 20.

RULES AND REGULATIONS

12. Failure of Water Meter

Where a meter is found to be in error, the customer's bill will be adjusted in accordance with Section 14 herein per Kentucky Public Service Commission Regulation 807 KAR 5:006, Section 9. Where a meter has ceased to register, the District will estimate the monthly bill of the customer for the month that the meter is replaced. The estimated bill will be based upon the previous six month's usage.

13. Right of Access

The customer must agree to permit the District to lay, maintain, repair, or remove its water lines that are located on the customer's property with the right of ingress-and-egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling, and testing, in accordance with the provisions of these Rules and Regulations.

14. Interruption of Service

The District will use reasonable diligence in supplying water service, but shall not be liable for loss, injury, or damage to persons or property resulting from interruptions in service, excessive or inadequate water pressure. The District does hereby explicitly state that its system is one for rural domestic consumption and that its allowance of connections to its system for fire protection whether by design or implication is only for such benefit as a customer may be able to derive from such connection.

The District's system IS NOT designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at their own full and sole responsibility.

The District shall in no event be held responsible for any claim made against it by reason of breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No Person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

RULES AND REGULATIONS

The District shall make all reasonable efforts to eliminate interruption of service and when such interruption occur will endeavor to restore with the shortest possible delay. When the service is interrupted all consumers affected by such interruption will be notified in advance whenever it is possible to do so.

15. Boilers and/or Pressure Vessels

Customers having boilers and/or pressure vessels receiving a supply of water from the District must have a check valve on the water supply line and a vacuum valve on the stream line to prevent collapse in case the water supply from the District is discontinued or interrupted for any reason, with or without notice. It is the responsibility of the customer to make provisions for protection of his equipment in case of interrupted or intermittant service.

16. Backflow Preventors

Special services and fire connections shall have backflow preventors of a type approved by the District, installed at the cost of the customer or applicant for service.

17. Cross-Connection

Kentucky Department of Health, Kentucky Public Service Commission and these Rules and Regulations do hereby explicitly state that cross-connection of the District's system with any other source is hereby prohibited.

18. Relocation of Water Facility

District may, at the request of a customer or other person relocate, change or modify existing District owned equipment, mains or appurtenances. Same shall reimburse District for such changes at actual cost including appropriate legal, administrative, engineering and overhead cost.

19. Damage to District's Water System

No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance, or equipment which is a part of the District's water works. RULES AND REGULATIONS

1. Additional Rules and Regulation. These Rules and Regualtions are in addition to the rules of the Kentucky Public Service Commission.
2. Application for Service. Each prospective customer desiring water service may be required to sign the District's Standard Contract for Water Service before service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility may require the total cost of the excessive footage over fifty (50) feet per customer to be deposited with the utility by the applicant or the applicants, based on the average estimated cost per foot of the total extension. Should service be desired on the opposite side of the road from the water main the District will cross the road with the residential service line at no additional cost. All extensions to the system transmission or service mains required to service a private development shall be subject to a Line Extension Agreement executed between the Developer and the Water District. The form of this Agreement is filed with and made a part of this tariff. Refunds will be made in accordance with 807 KAR 5:006, Section 11 (b).  
  
All service is to be metered. Each residence, i.e., dwelling place, apartment, mobile home, must be separately metered. Similarly, all commercial developments shall be separately metered unless covered by a master meter and special contract any extensions of or additions to existing service connection shall be considered theft of service, subject to immediate termination of service.
4. Discontinuance of Service by District. Termination of service will be done in accordance with 807 KAR 5:006 Section 14 (2). Customer's may also request to be disconnected by phone.
5. Billing: Bills will be rendered monthly and shall be paid within fifteen (15) days unless it falls on a holiday or weekend. Failure to receive bill will not release customer from payment obligations. Should bills not be paid by the due date, a five (5%) percent penalty will be incurred.
6. Deposits. Deposits will be done according to 807 KAR 5:006 Section 7. Deposits will be on Calculated Deposits on 2/12. Interest is paid as required by law.
7. Point of Delivery. The point of delivery is the point where the meter is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer.

RULES AND REGULATIONS

- 8. Termination of Contract by Customer. Customer's who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days notice, in person or in writing <sup>or by phone</sup> to that effect, unless contract specified otherwise. Notice to discontinue service prior to expiration of contract term will not relieve customer from any minimum or guaranteed payment under any contract or rate.
- 9. Customer's Service Line. All service lines beyond the metering point should be installed of material consisting of copper, or PVC pipe with rating of not less than 200 psi. The size of service line beyond the metering point should not be less than 3/4"; however, a larger size may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the metering point to their residence.
- 10. Right to Access. The customer must agree to permit the District to lay, maintain, repair, or remove such water lines which is the property of the District located on the customer's property with the right of ingress and egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing, in accordance with the provisions fo these Rules and Regulations.
- 11. Interruption of Service. The District will use reasonable diligence in supplying water service, but shall not be liable for breach of contract in the event of , or for loss, injury, or damage to persons or property resulting from interruptions in service, excessive or inadequate water pressure or otherwise unsatisfactory service, whether or not caused by negligence.
- 12. Additional Load. The service connection supplied by the District for each customer has a definite capacity, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, shall render the customer liable for any damage to any of the District's lines or equipment caused by the additional or changed installation, and shall constitute theft of service (see #3).
- 13. Notice of Trouble. Customer shall notify the District immediately should be service be unsatisfactory for any reason, or should there be any defects, trouble or accidents affecting the supply of water. Such notices, if verbal, shall be confirmed in writing.

RULES AND REGULATIONS

- 14. Nonstandard Service. Customer shall pay the cost of any special installation necessary to meet his particular requirements for service other than standard water tap.
- 15. Scope. This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed applications, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges, shall be kept open to inspection at the office of the District.
- 16. Damage to District's Water System. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to immediate arrest and discontinuation of water service and shall pay the cost of repairing or replacing the pipe or appurtenance.
- 17. Relocation of Water Facilities. District may, at the request of customers, relocate or change existing District-owned equipment. Customer shall reimburse District for the District of an itemized invoice or charges.
- 18. Revisions. These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:
  - 1. By order of the Public Service Commission upon formal application by the District, and after hearing, as provided by Commission regulation set forth in 806 KAR 5:011 Section 6 (3) (b).
  - 2. By issuing and filing on at least 30 days notice to the Ky PSC and the public all proposed changes in the Rules and Regulations, as provided by Commission regulations set forth in 807 KAR 5:011 Section 6(3) (b).
- 19. Conflict. In case of conflict between any provision of any rate schedule and the schedule of Rules and Regulations, the rate schedule shall apply.
- 20. Bill Adjustment. Bill Adjustment will be made in accordance with 807 KAR 5:006 Section 10 (2).
- 21. Monitoring of Customer Usage. Monitoring of Customers usage will be done in accordance with 807 KAR 5:006 Section 10 (3).

Section 2. The USER agrees to pay the standard connection or tapping fee of \$ \_\_\_\_\_ to the SUPPLIER, and actual materials and labor costs if meter is to be installed more than 50' from the main; or a service deposit fee of \$ \_\_\_\_\_ if rental property is to be serviced.

The USER agrees to comply with and be bound by the Bylaws, Rules and Regulations of the SUPPLIER, now in force or as hereafter duly and legally supplemented, amended or changed. The USER agrees to pay for water at such rates, time and place as shall be determined by the SUPPLIER, and agrees to the imposition of such penalties for non-compliance as are now set out in the SUPPLIER's Bylaws, Rules and Regulations, or which have been or hereafter be adopted and imposed by the SUPPLIER.

It is understood and agreed that the SUPPLIER reserves the right to determine the size of service connection to be used to supply water to the USER. A 5/8-inch by 3/4-inch meter will be used. If USER contracts for a larger meter, USER agrees to pay actual costs of materials and labor for installation of such meter. A separate meter must be installed by the Supplier for each residence and/or place of use. The location of the water meter on the property will be determined by the SUPPLIER and will not be more than 50' from

C1/101

the main, except for cause. The SUPPLIER shall purchase and install a cutoff valve and a water meter and other appurtenances thereof. The SUPPLIER shall have exclusive right to use such cutoff valve and water meter.

Section 3. The USER shall install and maintain, at his own expense, a service line which shall begin at the meter and extend to the dwelling or place of use. The USER shall connect his service line to the water distribution system and shall commence to use water from the system on the date the water is available to him. Water charges to the USER will commence on the date service is made available by the SUPPLIER, regardless of whether the USER is connected to the system, or is in fact using water from the system.

The failure of the USER to pay water charges duly imposed shall result in the automatic imposition of the following penalties:

1. Nonpayment within thirty (30) days from the due date will result in a 10% penalty on outstanding charges;
2. If payment is not made after thirty (30) days, SUPPLIER will give notice as per regulation and terminate service accordingly;
3. In the event it becomes necessary for the SUPPLIER to shut off the water from the USER's property, a fee of \$15.00 will be charged for a reconnection of the service.

Section 4. The SUPPLIER shall determine the allocation of water to the USER in the event of a water shortage, and may shut off water to the USER in the event of a water shortage. The SUPPLIER may shut off water to the USER if USER allows a connection or extension to be made to his service line for the purpose of supplying water to another party. In the event the total water supply shall be insufficient to meet all of the needs of the USERS, or in the event there is a shortage of water, the SUPPLIER must first satisfy all of the needs of all of the USERS for domestic purposes before supplying any water for livestock purposes and must satisfy all the needs of all USERS for both domestic and livestock purposes before supplying any water for garden or other purposes.

Section 5. The USER agrees that no present or future source of water will be connected to any water lines served by the SUPPLIER'S water lines and will disconnect from his present water supply, well or other source, prior to connecting to and switching

to the SUPPLIER'S system and shall eliminate present or future cross-connections in his system.

EASEMENT AGREEMENT

This EASEMENT AGREEMENT made and entered into as of the \_\_\_\_\_ day of \_\_\_\_\_ 19\_\_\_\_, between \_\_\_\_\_ (owner) and the \_\_\_\_\_, a water utility and political subdivision organized and existing according to Kentucky Revised Statutes, hereinafter referred to as SUPPLIER.

WITNESSETH: That for and in consideration of the sum of one dollar (\$1.00) cash in hand paid the receipt of which is hereby acknowledged and other good and valuable consideration as specifically set out in water service contract between parties given above.

The owner agrees to and does hereby grant and convey to the SUPPLIER, a permanent easement over, across, under, and upon land situated in said County, being a strip of land ten (10) feet wide for the purpose of laying, maintaining, operating, inspecting, replacing and removing a water line, meter and appurtenances. Said Easement adjoins and parallels the road on which the property fronts and extends from one side line of the property to the other side line of the property along said road, or otherwise so as to permit access to suppliers facilities, and may also be utilized for service installation to that property lying immediately across the road, or adjacent to suppliers facilities.

IN WITNESS WHEREOF, we have executed this Easement Agreement this, the day and year as first above written.
