RULES AND REGULATIONS

1. Meters are property of the District and are not to be tampered with except by an authorized operator.
2. Meters are read between the 10th and 20th of each month.
3. Bills are mailed on or about the 25th of each month.
4. Payments are due between the 25th of one month, and the 10th of the next month.
5. After the 10th, there is a 10% penalty added to unpaid bills.
6. Bills not paid by the 20th are subject to loss of service.
7. All customers will pay equal deposits in the amount of \$35.00. This amount does not exceed the average bill of residential customers served by the District and is equal to 2/12 of the average annual bill. Service may be refused or discontinued for failure to pay the required deposit. Interest, as prescribed by KRS 74.050, will be paid annually either by refund, credit to the customer's bill or added to customer's deposit except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit. The District may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer. If a deposit is held longer than 18 months, the deposit may be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the District may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.
8. If a customer request service to be disconnected then there will be a \$10.00 charge for reconnection of the service. Reconnections will be made only during normal working hours.
9. If it is necessary to collect your bill there will be a \$10.00 collection fee.
10. If a customer's water service is discontinued for non-payment, there will be a \$25.00 charge for reconnection. Reconnections will be made only during normal working hours.
11. A \$7.50 charge will be added to a customer's bill for processing a check that is return

RULES AND REGULATIONS

12. There will be no charge if a customer requests a re-reading of his meter and original reading is found to be in error. If however, the first reading was correct, a charge of \$10.00 will be made for reading the meter the second time.
13. A customer, if he believes his meter to be inaccurate, may upon payment of \$20.00 have the meter tested by a certified agency. This request must be made in writing and occur no more than once in 12 months. If the meter is found to be more than 2% fast, the meter test charge will be refunded and the bill adjusted.
14. If a customer request the relocation of an existing service, the relocation charge shall be equal to the approved meter tap fee less the salvage value of the existing service.
15. There can be no more than one house, apartment, or mobile home connected in such a way as to be served by one meter.
16. Regardless of who pays the water bill, the person whose name appears on the billing is responsible for the bill until the District is notified to discontinue service in their name and a final meter reading is taken.
17. Maintenance by the District is up to and including the meter. Repairs beyond the meter are the consumer's responsibility.
18. Payments are to be paid by mail to North Nelson Water District, PO Box 25, Coss Creek, Ky. 40013 or the District's office at 5555 Louisville Road.
19. Complaints should be directed to the manager. Phone 348-8342.

DEPOSITS

The utility may require a minimum cash deposit or other guaranty to secure payment of bills. Service may be refused or discontinued for failure to pay the required deposit. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit. The deposit amount shall be a calculated deposit based on 2/12ths of the customers actual or estimated average annual bill.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The utility may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for residential customers or 10 percent for a non-residential customer, the utility may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation. Upon termination of service, any deposit and interest owed to the customer will be credited to the final bill with any remainder refunded to the customer.

WATER LOSS ADJUSTMENT POLICY

In the event of water loss, which the sytem deems is beyond the reasonable control of the consumer, there bill may be adjusted as follows:

A. Water loss will be adjusted using the following formula:

1. The average usage of the consumer for the previous twelve months shall be determined, and the excess of the current period shall be charged at the current wholesale rate, with the difference credited to the customer's account.
2. If a twelve month history is not available for the consumer, the average usage will be determined by the average usage of all cusomters in the same class and then calculated as above.

B. Such an adjustment will only be made one (1) time in a given twelve month period. If more than one break occurs within the same period any additional adjustment must be approved by the governing body of the water system.

C. In order to qualify for a water loss adjustment the consumer must meet one or all of the following:

1. If repair work is performed for hire, a copy of the billing invoice must be submitted at the billing office.
2. If repair work is performed by the homeowner, a copy of the receipt for purchased parts should be submitted at the office.
3. Verification by system authorized field representative that he has met with consumer and can verify a line loss.

RULES AND REGULATIONS

Applicable: Throughout Service Area North Nelson Water District

EXTENSION POLICY

The District shall determine the total cost of the proposed water main extension (exclusive of the meter connections) and the total length of the extension. The District shall pay that portion of the cost of the water main extension equal to 50 feet for each applicant for service. That part of the cost not covered by the District's portion shall be contributed equally by those applicants desiring service on the main extension. Each applicant will also be required to pay the District's approved "Tap-on-fee" for a meter connection to the main extension.

For a period of five years after the original construction of the main extension each additional customer directly connected to each particular extension will be required to contribute to the cost of that water main extension based on a recomputation of both the District's portion of the total cost and each customer's contribution as set out above. The District must refund to those customers that have previously contributed to the cost of each main extension itself that amount necessary to reduce their contribution to the currently calculated amount for each customer connected to that extension. All customers directly connected to each main extension for a five-year period after it is placed in service are to contribute equally to the cost of construction of the water main extension itself. In addition each customer must pay the approved "Tap-on-fee" applicable at the time of their application for the meter connection. The "Tap-on-fee" is not part of the refundable cost of the extension and may be changed during the refund period. After the five-year refund period expires, any additional customer applying for service on each main extension must be connected for the amount of the approved "Tap-on-fee" only. Also, after the five-year refund period expires, the District will be required to make refunds for an additional five-year period in accordance with 807 KAR 5:066 Section 12(b).

MONITORING OF CUSTOMER USAGE

At least once annually the District will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 200% percent or more and cannot be attributed to a readily identified common cause, the District will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the District will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the District will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The District will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the District will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.
