RULES AND REGULATIONS

1. These Rules and Regulations are supplementary to the Administrative Regulations of the Utility Regulatory Commission. Said regulations designated as 807 KAR shall govern in any instance of conflict between these Rules and Regulations and 807 KAR.

2. Bills will be rendered monthly and ten days will be allowed for payment. After due date (due date shown by your billing card), 10% penalty will be added to the bill.

3. Discontinuance of Service for Nonpayment of Bills: A customer's service may be discontinued on or after the thirtieth day after the date of mailing of the original bill in accordance with Section 11.2.a of 807 KAR 25:020 of the Utility Regulatory Commission which stipulates that the customer must receive at least ten days written notice before the service is discontinued and that a reasonable effort to induce the customer to pay preceded the written notice.

4. All bills are payable at the office of the South Logan Water Association, City Hall, Adairville, Kentucky. Also, any business concerning water service may be transacted at the Water Association office.

5. No more than one house or business may be connected to one water meter. Violation of this rule will result in discontinuance of water service.

6. The installation and maintenance of all water service lines beyond the meter is the responsibility of the customer and must meet the requirements of the Kentucky Department of Health. Customer's water meters have been installed correctly according to specifications. Any damage resulting from making customer's connections to said meter will be the customer's responsibility. The cost of repairs for such damages will be added to customer's bill. All service connections shall be a minimum of 18 inches below ground level to minimize the possibility of freezing. Earth fill should be replaced around the meter box immediately after the service connection is made.

RULES AND REGULATIONS

7. No adjustments will be made to customer's water bills for water leakage occurring on customer's side of the meter. It is recommended that copper or PVC pipe with a pressure rating of not less than 160 psi and sized not less than 3/4" ID be used for all service lines. All pipe should be NSF approved.

DEPOSITS

The Utility may require from any customer or applicant for service a cash deposit or other guaranty to secure payment of bills not to exceed two-twelfths (2/12) of the estimated annual bill of such customer or applicant where bills are rendered monthly, or three-twelfths (3/12) of the estimated annual bill where bills are rendered bi-monthly, or four-twelfths (4/12) of the estimated annual bill where bills are rendered quarterly. Interest at the rate of six percent (6%) per annum will be paid on deposits so required, accruing from the date of deposit.

That the Utility may require a reconnect fee of \$40.00 for any service which has been discontinued for nonpayment of bills or for violation of the Utility's Rules and Regulations.
