DEPOSITS

The West Laurel Water Association may require a cash deposit to secure payment of bills. Service may be refused or discontinued for failure to pay the required deposit. Interest, as prescribed by KRS 278.460 will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Association may require a deposit in addition to the initial deposit, if the customer's classification of service charge or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owed will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered.

1. Previous payment history with the Association. If the customer has no previous history with the Association, statement from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.
