The following rules and regulations are subject to change by the Commission at any time upon approval of the Kentucky Public Service Commission. These rules and regulations are intended to supplement the bond resolution, the rate resolution, and the tariff.

1. Meters will be read monthly between the 20th and the 30th of the month.
2. Bills will be dated and mailed the first of every month. Said bills will state that they are to be paid within 15 days. However provisions contained in the rate regulations as to penalties and cut-offs will apply.
3. All meters will be located on district mains and in the absence of – special permission on the property to be served. Reference is made to a mere detailed explanation contained in the tariff.
4. Complaints may be made to the operator or manager of the system and may be appealed to the district commission within 10 days.
5. The principal place of business of the district will be the office at 2573 Mary Ingles Hwy Dover Kentucky 41034. (T)
6. Water bills can be paid in person at the Dover office Monday thru Friday from 8:00 am to 4:00 pm. There is a payment box on the front porch that can be used after hours. Water bills can be mailed to the Western Mason Co Water District PO Box 49 Dover KY 41034. Bills can also be paid by credit/debit card by visiting the company website’s Pay My Bill Tab at www.wmwd.biz or by calling the office. (T)
7. Deposits – 2/12ths of an annual average bill will be required as a security deposit.
8. Turn On Fee – This service charge is for turning on the water for a new customer each time they change occupancy in our district. **Turn on Charge \$10.00** (T)
9. New Service Connection – This charge is for a new service installation. (I)
 - 5/8 inch meter connection **\$1,840.00**
 - All other sizes **Actual Cost**

Credit /Debit Cards.

All customers may pay their bill by credit or debit card. This method of payment may be made in person at the utility office or by telephone.

If on the bill due date an attempt to pay the credit card or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is denied, the same rules as above apply, in addition to service being disconnected.

When a customer makes a payment by credit or debit card, the utility will assess a fee equal to that charged to the utility by the credit or debit card processing company to process the transaction. This fee is generally calculated using a formula applied to the balance of the amount charged to the credit or debit account but may be a flat fee per transaction.

Prior to processing the transaction, the customer will be informed of the fee amount and, upon request by the customer, the formula employed to arrive at this fee amount.

The following rules and regulations are in addition to those rules and regulations submitted by the commission of this District and approved by the Kentucky Service Commission on June 6, 1983.

APPLICATION FOR SERVICE Each prospective customer desiring water service shall be required to sign the district's standard water service contract before any service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. If service is desired on the same side of the road as the main water line, the meter shall be installed within five feet of the main line. If service is desired on the opposite side of the road from the water line, the service line will be run under the road and the meter installed on private property adjacent to the highway right of way. If the distance from the main line to either side of the road is greater than 50 feet, the customer will be required to pay the cost of installing the pipe for the additional footage. A contribution in aid of construction as provided in the Schedule of Rates and Charges must be paid on all new connections to the existing water line. Applications for service connection installation will not be processed if the applicant is indebted to the District in any manner. Extensions to the utility's lines shall be made in accordance with 807 KAR 5:066, Section 12(2).

DISCONTINUANCE OF SERVICE BY DISTRICT: District may refuse to connect or may discontinue service for the violation of any of its Rules and Regulations or for violation of any provisions of the Schedules of Rates and Charges or of the customer service contract. District may discontinue service to customer for the theft of water services on premises of customer. The District shall not be required to restore service until the customer has complied with all rules and regulations of the District and the said District has been paid for the estimated amount of the service rendered and for any cost incurred by reason of the fraudulent use. All discontinuance of services is subject to the Notice requirements 807 KAR 5:006, Section 11.

RULES AND REGULATIONS

DEPTH OF SERVICE LINE: All service lines shall be laid at a depth sufficient to prevent freezing during the coldest weather normally experienced except where services are not intended for use during freezing weather and are actually drained during such periods. Depth shall be no less than 30" in all cases.

INSPECTION OF SERVICE LINE: In the installation of a service line the customer shall leave the trench open and pipe uncovered until it is inspected by the District and shown to be free from any tee, branch connection, irregularity or defect. A fee of \$25.00 shall be charged for this service.

BACKFLOW PREVENTOR: All services shall have a means of backflow prevention, such type and location subject to approval of District.

SHUT OFF VALVE: Each customer is required to have own personal shut off valve as not to use meter for shut off service.

RULES AND REGULATIONS

DEPOSIT: Western Mason Water District's customers will pay equal deposits in the amount of \$25.00. This amount does not exceed the average bill of residential customers served by the Company and is equal to 3/12 of the average bimonthly bill. This deposit will accrue interest yearly and will be credited to the customers account. The interest payable will be no greater than that paid by the financial institution and shall never exceed 6%.

CUSTOMER'S SERVICE LINE: All service lines beyond the metering point must be installed of material as approved by the District, thus insuring the high quality of materials needed for proper service. Materials consisting of copper, galvanized or PVC pipe with rating of not less than 160 PSI is usually acceptable. The size of the service line beyond the point of delivery should not be less than 3/4 inch, however a large line may be required for adequate service. It is recommended that the customer consult with a reputable engineering firm in order to know the proper size of customer's service line. The proper size of the service line is the responsibility of the customer.

INTERRUPTION OF SERVICE: The District will use reasonable diligence in supplying water service and shall make effort to notify effected customers in the event of a service interruption, giving approximate time of service restoration.

RULES AND REGULATIONS

RIGHTS OF ACCESS: The customer shall agree to permit the District to lay, maintain, repair or remove water lines which are the property of the District which may be located upon customer's property, the District having the right of ingress and egress over customer's property. This permit applies for any agent of the District and also toward any person required to inspect the lines or for anyone required to be upon the property for water business.

NOTICE OF TROUBLE: Customer will notify the District immediately should the service be unsatisfactory. Such notices, if verbal, should be confirmed in writing.

NONSTANDARD SERVICE: Customer shall pay the cost of any special installation necessary for customer's requirements, other than standard water connection.

DAMAGES TO DISTRICT'S WATER SYSTEM: Any person causing damage, willful or by negligence, to District's lines or properties, shall be responsible for the repairs thereto. Should such person be a customer, service will be immediately discontinued at the option of the District. District has the right to take the appropriate legal action to collect for such damages.

RELOCATION OF WATER FACILITIES: District may at customer's request, relocate or change existing District owned equipment, customer to pay the cost thereof.

FIRE HYDRANTS: The district may contract with fire protection agencies and developers and others to install and maintain fire hydrants and supply water for fire protection. However, (1) users cannot use pumps to pull water from the hudsons, and (2) use is limited for fire fighting and periodic drill purposes.

FIRE PROTECTION: The District's system is **not** designed nor intended for use for fire protection in any manner whatsoever, Any customers using same for fire protection does so at his own full and sole responsibility and risk. The District makes no warranty as to the sufficiency of the water supply or the adequacy of the water pressure at any time. Customers are notified of this disclaimer in their water user contract.

METER MAINTANCE: It is the responsibility of each customer to keep meter clear of any trees, bushes, or shrubs and free of foreign objects that would interfere with reading of the meter.

FAILURE OF METER: Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior six months consumption and the conditions of water service prevailing during the period in which the meter failed to register. Should a prior six month base evaluation period not be available, then quantity shall be estimated by District's engineer.

READING OF METER: Meters will generally be read between the 20th and the 30th of the month. However the District reserves the right to estimate bills and/or to vary the dates or length of period covered, if necessary or desirable due to inclement weather or other reason.

SALE OF WATER: Water furnished by the District may be used for domestic consumption by the customer's household or business only. (ONE HOUSEHOLD PER METER) The customer shall not sell donate, or give water to anyone except those members of his household.

FIRE HYDRANTS: Conventional fire hydrants will be installed only on 6 Inch or larger water mains and only when a professional engineer with a Kentucky registration certifies that adequate and reliable fire flows can be obtained in conformance with good engineering practice.

RULES AND REGULATIONS

EXTENSION OF DISTRIBUTION MAINS

A. For this section the following definitions shall apply:

1. The term "cost of extension" as used herein shall mean all costs involved in extending a water main to include the actual laying of pipe and appropriate fixtures (excluding meters), administrative costs, legal fees, engineering fees, any fees required by state or federal agencies, any costs or right-of-way acquisition, and right-of-way restoration costs as well as any fees required by the utility as approved by the Kentucky Public Service Commission or assessed by other regulatory authorities. The cost of extension includes the costs for both on-site facilities and off-site facilities as defined below in this section.
2. The term "new subdivision" as used herein shall mean any new subdivision or residential and/or commercial lots for which a plat has been filed in the county clerk's office and subdivider has or will construct roads or streets as public roadways to said lots.
3. The term "lot" as used herein shall mean any plot of ground laid out for building purposes.
4. The term "on site facilities" as used herein shall include all water mains with related fixtures and other facilities, if any, to be installed and located wholly within the boundaries of the property to which service is to be extended.
5. The term "off-site facilities" as used herein shall include all water mains with related fixtures and other facilities, if any, to be installed and located outside of the boundaries of the property to which service is to be extended, as said boundaries are depicted on plat of record, in order to deliver an adequate supply of water from existing mains of the Company to the new subdivision or prospective Customer.

RULES AND REGULATIONS

6. The term "current estimated cost" as used herein shall mean a cost figure as determined by the Company's engineering firm to establish a water main extension as defined by definition #1 above.

B. GENERAL WATER SERVICE OTHER THAN NEW SUBDIVISIONS:

1. Free extension: The Company will upon written request for service by a prospective Customer or a group of prospective Customers located in the same neighborhood, make free of charge an extension of fifty (50) feet of distribution main per prospective Customer.

2. Extensions above the free limit: If the cost of an extension requested in order to furnish general water service to a prospective Customer or group of prospective Customers is greater than the free extension specified herein, such an extension will be made under the following conditions: the Company will require a payment of the cost of the extension above the free limit based on an engineering estimate to include an estimate of the actual construction cost, engineering cost, legal cost and administrative cost. For each additional Customer directly connected to the extension between its original beginning and original terminus within a period of ten (10) years from the making of such extension, the Company will refund an amount equal to the average cost of fifty (50) feet of the extension, but at no time shall the aggregate refund made to any Customer exceed the original payment by such Customer.

3. No interest will be paid by the Company on the Customer's payment made in accordance with paragraph 2 of this section.

RULES AND REGULATIONS

4. Extensions made under this rule shall be and remain the property of the Company.
5. The Company reserves the right to further extend its water main from and beyond the terminus of each water main extension made under this rule. The Customer paying for an extension shall not be entitled to any refund for the attaching of Customers to any further extension or branch mains so installed.
6. In determining the length of a main extension to a lot or lots, the Company shall require that the extension be constructed to a point on the lot or lots so that service may be provided as requested and so that a gate valve may be established in an appropriate place and operated as a flush valve. If the extension is to be built on general unplatted road frontage or farm land, the extension construction shall be required only to an appropriate location near the last point of service. If the Company should determine that the extension shall not have to extend over the entire frontage of the property or lot, it shall require that the Customer grant a right-of-way over the entire frontage.
7. Actual construction costs for the extension will be calculated on a "line-item" basis. Other costs associated with the extension will be calculated on an "as incurred" basis. When the construction project is finished the prospective Customer (s) will be required to pay any cost above their initial payment for the cost of extension or be refunded any balance not used for the extension.

C. MAIN EXTENSIONS FOR NEW SUBDIVISIONS:

RULES AND REGULATIONS

1. When an extension of the Company's water mains is requested to be extended into a subdivision, the owner of that subdivision shall submit six (6) copies of the plat as filed in the county clerk's office to the Company with a written request that water service is requested to the property. The proposed extension shall be handled in the following manner:

I. The subdivision owner shall submit the plats as required above, along with adequate monies to pay for administrative costs, the preliminary engineering work, and a preliminary cost estimate for the construction of the water mains and associated facilities, if any, to include on-site facilities, off-site facilities, if any, engineering costs, legal costs, and administrative costs. When the estimate is completed and presented to the prospective developer, he or she may then decide to proceed or not proceed with the construction.

II. If the subdivider decides to proceed with the water main extension after reviewing the preliminary costs, the Company will have final plans and specifications prepared. A current estimated cost figure will be rendered to the subdivider showing the cost of on-site facilities and of site facilities, if any.

III. Before construction, the subdivider will pay the Company the current estimated cost. The Company will solicit bids from responsible contractors and select the bid that is found most appropriate. The Company shall reserve the exclusive right to select the contractor. If bid is received at or above the current estimated cost further bids may be solicited or the subdivider may pay to the Company monies adequate to pay the difference of the low and acceptable bid and the current estimated cost.

Fire Departments

Any city, county, urban-county, charter county, fire protection district, or fire protection district ("User") may withdraw water from the utility's water distribution system for the purpose of fighting fires and or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for of fighting fires and or training during the calendar month and reports the amount of this water usage to the utility no later than the **15*** day of the following calendar month.

Any city, county, urban-county, charter county, fire protection district, or fire protection district that withdraws water from the utility's water distribution system for fighting fires and or training purposes and fails to submit the required report on water usage within 60 days of the report calendar month shall be assessed the cost of the water.

A non-reporting user's usage shall be presumed to be 0.3 percent of the utility's total water sales for the calendar month. The utility should consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification and the utility charges.

A non-reporting user shall also be assessed a penalty of \$25.00 for each failure to submit a report in within 60 days of the report calendar month.

5. Attach copy of statements or receipts of materials used.

I understand that adjustments are figured by the difference between my average water bill and the bill that reflects the leak. The adjustments is then based on what my average water usage would have been. Any water metered above that amount is what leaked. I understand that half the leakage will be charged to me and the other half will be paid for by the water district. I further understand that even though an adjustment is to be considered, I am still responsible for the bill and that if I should be disconnected for non-payment, the entire amount plus \$25.00 reconnect fee must be paid before service will be restored and any adjustment made will be credited to my account.

I also understand that only one leak adjustment will be permitted every two years. If plastic pipe is used for any repair of underground water service lines, it must be no less than 160 PSI. The use of radiator clamps, king nipples, or the equivalent cannot be accepted. Use only regular plastic pipe clamps and these should be doubled.

I realize that no adjustment will be made until this form (completed in its entirety, signed and dated) and my statements are returned to WESTERN MASON WATER DISTRICT. The district reserves the right to inspect your water system for verification.

I hereby verify that I have read the information given above and that all statements are true and correct, and that the excess usage in my plumbing system has now been corrected.

CONTRACT FOR WATER SERVICES

This contract made and entered into this ____ day of _____, 20__.

(LOCATION #) _____ (meter ID#) _____ (begin rdg) _____

(NAME) _____

(ADDRESS) _____

Hereinafter referred to as Customer and Western Mason Water District of Mason County, Kentucky, a body corporate, hereinafter referred to as District, witnesseth that the Customer petitions to connect to the proposed Waterworks System of the District and Customer does further agree that he will make advance payment as required by the District in payment of expense of connecting to said Water System the sum of money checked as stated in the filed tariff with the Kentucky Public Service Commission for each connection requested:

_____ New Service Connection Charge

_____ Deposit

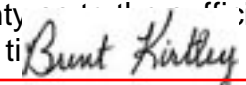

It is understood and agreed that the District reserves the right to (determine the size of service connection to be used to supply water. A five-eighths (5/8") meter will be used unless otherwise approved by the Board of Commissioners.

This Contract does not give Customer the right to resell or give away water purchased hereunder. **Only one household per meter.**

Customer's rights hereunder are subject to such further rules and regulations as the District Commissioners may prescribe. The District may terminate any customer's service upon his failing to pay a water bill when thirty (30) days past due or for violating a District regulation.

Deposits to insure payment of monthly water bills and ~~penalties on delinquent water accounts shall be as the District may hereinafter prescribe.~~

The District's system is not designed nor intended for use for fire protection in any manner whatsoever. Any customers using same for fire protection does so at his own full and sole responsibility and risk. The District makes no warranty of the water supply or the adequacy of the water pressure at any time.
