TITLE _____

Issued by authority of an Order of the Public Service Commission of Kentucky
in Case No. _____ dated _____

11/96

BRONSTON WATER ASSOCIATION, INC.

Bronston, Kentucky 42518

NAME: _____
ACCOUNT NUMBER: _____
ADDRESS: _____

1. Date repairs were made: _____
2. Who made the repairs: _____
3. List of materials: _____
4. Exact location of the leak: _____

_____ feet from the meter box.
_____ feet from the house.

5. Attach copy of statements or receipts of material used.

I understand that adjustments are figured by the difference between my average water bill and the bill that reflects the leak. The adjustment is then based on what my average water usage would have been and any water metered above that amount that leaked, will be charged to me at \$1.60 per thousand which is the lowest rate approved by the Public Service Commission for Bronston Water. I further understand that even though an adjustment is to be considered, I am still responsible for the till and that if I should be disconnected for non-payment, the entire amount plus \$50.00 reconnect fee must be paid before service will be restored and any adjustment made will be credited to my account.

I also understand that only one leak adjustment will be permitted each 12 (twelve) months. If plastic pipe is used for any repair of underground water service lines, it must be no less than 160 PSI, either CTS or IPS pipe. The use of radiator clamps, king nipples, or the equivalent cannot be accepted. Use only regular plastic pipe clamps and these should be doubled.

I realize that no adjustment will be made until this form (completed in its entirety, signed and dated) and my statements are returned to Bronston Water Association. The district reserves the right to inspect your water system for verification.

I hereby verify that I have read the information given above and that all statements are true and correct, and that the excess usage in my plumbing system has now been corrected.
