CLASSIFICATION OF SERVICE

RATE
PER UNIT

a. Multiple Users on One Meter. Where two or more tenants or occupants (of different rental units) of property, including duplexes, apartment houses, mobile home parks, trailer parts, or other multi-unit premises, are served by a single water meter, the rates and charges to each tenant or occupant shall be computed by dividing the number of gallons of water registered by such single meter by the number of customers being served through such meter and then applying the result thus obtained to the water rate schedule set out above to arrive at the monthly bill for each tenant or occupant. Each tenant or occupant shall be billed separately unless the owner or operator of the property has agreed with the District to be responsible for and pay the full amount of the total monthly water bill for such property. In no event shall the monthly bill applicable to each tenant or occupant be less than the minimum water rate stipulated above.

LEAK ALLOWANCE POLICY -

An account billing adjustment will be made upon proof of excess water loss due to a leak that is verified by Cawood Water District's employee. The customer under age 65 will be billed at a rate consistent with their average monthly use over the last 12-month period, plus 1/2 (one/half) the amount of the excess used due to the leak. The customer aged 65 or older will be billed an amount equal to their average use over the past 12 months. This adjustment will be made only one time per 12-month period.
