Fire Departments.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15th day of the following calendar month.

Any User that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water. A User shall submit a monthly report even if it withdraws no water for fire protection or training purposes.

A non-reporting User's usage shall be presumed to be 0.3 percent of the utility's total water sales for the calendar month. A non-reporting User may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and shall adjust the presumed usage amount accordingly.

The non-reporting User shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting User shall also be assessed a penalty of \$ 1 for each failure to submit a report in a timely manner.

Meter Test Request Charge

\$37.50

(N)

Will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy. The utility will perform such test on any meter upon written request of any customer if the request is not made more than once every twelve (12) months. The charge shall be refunded to the customer if the test shows the meter is more than 2% fast. If test results show an average meter error greater than 2% fast or slow, the District will follow Public Service Commission rules and regulations in determining the period during which any error existed and in determining and administering any overbilling or underbilling.
