**RULES AND REGULATIONS**

The following rules and regulations are hereby adopted, subject to change by the Judy Water Association, Inc. at any time, subject to approval of the Public Service Commission through the filing of revised tariff sheets with the P.S.C. These rules and regulations are intended to supplement the Rate Resolution and the By-Laws.

- A. All taps and connections to the mains of the Association shall be made by and/or under the direction and supervision of Association personnel.
- B. Water Service may be discontinued by the Association for, upon 10 days' written notice (except that in the event of a violation under Item 7 below, water service may be terminated immediately), any violation of any rule, regulation, or condition, and especially for any of the following reasons:
  - 1. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
  - 2. Failure to report to the Association additions to the property or fixtures to be supplied or additional use to be made of water.
  - 3. Resale of water.
  - 4. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep such pipes in a suitable state of repair.
  - 5. Tampering with meter, meter seal, service, or valves, or permitting such tampering by others.
  - 6. Connection, cross-connection, or permitting the same, of any separate water supply to premises which receive water from the Association.

**RULES AND REGULATIONS**

7. When a dangerous condition is found to exist on the customer's or applicant's premises, with reference to the continuation of water service, water service shall be cut off without notice or shall be refused, provided the Association shall notify the customer or applicant immediately of the reasons for the discontinuance or refusal and the correction action to be taken by the applicant or customer before service can be restored.
- C. Any customer desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in person or in writing at the business office of the Association at least three (3) days prior to the date on which the customer desires to discontinue service, and the customer shall not be liable for water consumed beyond the date of discontinuance stated in such notice; if such notice in person or in writing is not given, a customer shall remain liable for all water used and service rendered to such premises by the Association until such notice is received by the Association.
- D. Bills and notices relating to the conduct of the business of the Association will be mailed to the customer at the address listed on the user's agreement unless a change of address has been filed in writing with the Association; and the Association shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performance required in said notice.
- E. 1. Bills for water service are due and payable at the office of the Association, or to any designated agent, on the date of issue. The past due D.C. shall be the tenth day after the date of issue. Bills will be dated and mailed on the first day of each month. A ten percent (10%) payment penalty charge will be applicable after the 15th day of the month.

- E. 1. Bills for water service are due payable at the office of the Association, or to any designated agent, on the date of issue. The past due D.C. shall be the tenth day of each month. Bills will be dated and mailed prior to the 25th day of each month. A ten percent (10%) payment penalty charge will be applicable after the 10th day of the month.
- E. 2. All bills not paid on or before the past due date shall be deemed delinquent. When a bill is considered delinquent, the Association shall serve the customer a written final notice of said delinquency, and of the intent of the Association to discontinue service on the 20th day of the month, unless such bill is paid prior to the 20th day. If a delinquent bill is not paid on or before 20th day of the month, the water supply to the customer may be discontinued without further notice; provided, however, if prior to discontinuance of service, there is delivered to the Association or to its employee empowered to discontinue service, a written certificate signed by a physician, a registered nurse, or a public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity of the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until fifteen (15) days elapse from the time of the Association's receipt of said certification, whichever occurs first.

RULES AND REGULATIONS

2. All bills not paid on or before the past due date shall be deemed delinquent. When a bill has been delinquent for a period of thirty (30) days, the Association shall serve a customer a written final notice of said delinquency, and of the intent of the Association to discontinue service seven (7) days after the date of such notice unless such bill is paid prior to the expiration of such seven (7) days. If a delinquent bill is not paid within seven (7) days after date of such final notice (thirty-seven (37) days from the past due date), the water supply to the customer may be discontinued without further notice; provided, however, if prior to discontinuance of service, there is delivered to the Association or to its employee empowered to discontinue service, a written certificate signed by a physician, a registered nurse, or a public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until fifteen (15) days elapse from the time of the Association's receipt of said certification, whichever occurs first.

F. Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge of \$33.00 will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the Association have been paid.

G. This Association reserves the right to request that a nominal amount be placed on deposit with the Association for the purpose of establishing or maintaining any customer's credit, such amount not to exceed two-twelfths (2/12) of the estimated annual bill of such customer. Upon the payment of such deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit. The Association will pay to such customer interest on such deposit at the rate of six percent (6%) per annum, until such deposit is reimbursed to the customer.

**RULES AND REGULATIONS**

H. All meters shall be installed, renewed, and maintained at the expense of the Association, and the Association reserves the right to determine the size and type of meter used.

I. It shall be the policy of the Association to test each water meter at least once every 60 months. In addition, upon written request of any customer, the meter serving such customer shall be tested by the Association. Such tests will be made without charge to the customer if the meter has not been tested within 36 months preceding the requested test; otherwise, a charge of \$20.00 will be made and then only if the test indicates meter accuracy within the limits of two percent (2%).

1. If the result of such tests shows an average error greater than 2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed 12 months; provided, however, that if time for the periodic test has overrun to the extent that 1/2 of the time elapsed since the last previous test exceeds 12 months, the refund shall be for the 12 months specified above, plus those months exceeding the periodic test period; provided, further, that such refund may be limited to the 12 month period if failure to make the periodic test was due to causes beyond the control of the Association.

2. If the results of such tests show an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed 12 months.

- 3. If the result of such tests necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the date(s) of testing and the amount of charge or credit to be shown on the next bill of the customer.
- J. Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior six months consumption and the conditions of water service prevailing during the period in which the meter failed to register.
- K. The Association shall make all reasonable efforts to eliminate interruption of service and when such interruptions occur will endeavor to reestablish service with the shortest possible delay. When the service is interrupted, all consumers affected by such interruption will be notified in advance whenever it is possible to do so.
- L. The Association shall in no event be held responsible for any claim made against it by reason of the breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the Association may be deemed necessary.
- M. Customers having boilers and/or pressure vessels receiving a supply of water from the Association must have a check valve on the water supply line and a vacuum valve on the stream line to prevent collapse in case the water supply from the Association is discontinued or interrupted for any reason, with or without notice.
- N. The premises receiving a supply of water and all service lines, meters and fixtures, including any fixtures within said premises shall at all reasonable times be subject to inspection by the Association.

O. Piping on the premises of a customer must be so installed that connections are conveniently located with respect to the Association lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.

P. 1. An extension of fifty (50) feet or less to the Association's distribution main shall be made without charge (other than the prescribed standard connection charge) for a prospective customer who shall apply for and contract to use service for one (1) year or more and who provides a guarantee for such service.

2. For each extension to the Association's distribution main in excess of fifty (50) feet, the Association shall require the customer to whose premises such extension is made to deposit with the Association the total cost of the excessive footage over fifty (50) feet, based on the average estimated cost per foot of the total extension. Such deposit may be refundable to the customer in certain instances, in accordance with Title 807 KAR 5:066, Section 12(2)(b).

Q. If any loss or damage to the property of the Association or any accident or other injury to persons or property is caused by or results from the negligence or wrongful action of the customer, member of his household, his agent, or employee, as determined by a court of law having jurisdiction over the parties, the cost of the necessary repairs or replacements shall be paid by the customer to the Association, and any liability otherwise resulting shall be that of the customer.

R. Water furnished by the Association may be used for domestic consumption by the customer, member of his household, and employees only. The customer shall not sell the water to any other person.

CLASSIFICATION OF SERVICE

BY: \_\_\_\_\_  
FOR THE PUBLIC SERVICE COMMISSION  
\$50.00

RATE  
PER UNIT

DEPOSITS

The Company may require a minimum cash deposit or other guaranty to secure payment of bills except for customers qualifying for service reconnection pursuant to 807 KAR 5:006, Section 15, Winter Hardship Reconnection. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

**CLASSIFICATION OF SERVICE**

RAT  
PER C

**MONITORING OF CUSTOMER USAGE**

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 40 percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

RULES AND REGULATIONS

EXTENSION OF DISTRIBUTION MAINS

A. For this section the following definitions shall apply:

1. The term "cost of extension" as used herein shall mean all costs involved in extending a water main to include the actual laying of pipe and appropriate fixtures (excluding meters), administrative costs, legal fees, engineering fees, any fees required by state or federal agencies, any costs or right-of-way acquisition, and right-of-way restoration costs as well as any fees required by the utility as approved by the Kentucky Public Service Commission or assessed by other regulatory authorities. The cost of extension includes the costs for both on-site facilities and off-site facilities as defined below in this section.
2. The term "new subdivision" as used herein shall mean any new subdivision or residential and/or commercial lots for which a plat has been filed in the county clerk's office and subdivider has or will construct roads or streets as public roadways to said lots.
3. The term "lot" as used herein shall mean any plot of ground laid out for building purposes.
4. The term "on site facilities" as used herein shall include ~~all water~~ mains with related fixtures and other facilities, if any, to be installed and located wholly within the boundaries of the property to which service is to be extended.
5. The term "off-site facilities" as used herein shall include all water mains with related fixtures and other facilities, if any, to be installed and located outside of the boundaries of the property to which service is to be extended, as said boundaries are depicted on plat of record, in order to deliver an adequate supply of water from existing mains of the Company to the new subdivision or ~~Customer~~ Customer.

RULES AND REGULATIONS

6. The term "current estimated cost" as used herein shall mean a cost figure as determined by the Company's engineering firm to establish a water main extension as defined by definition #1 above.

B. GENERAL WATER SERVICE OTHER THAN NEW SUBDIVISIONS:

1. Free extension: The Company will upon written request for service by a prospective Customer or a group of prospective Customers located in the same neighborhood, make free of charge an extension of fifty (50) feet of distribution main per prospective Customer.

2. Extensions above the free limit: If the cost of an extension requested in order to furnish general water service to a prospective Customer or group of prospective Customers is greater than the free extension specified herein, such an extension will be made under the following conditions: the Company will require a payment of the cost of the extension above the free limit based on an engineering estimate to include an estimate of the actual construction cost, engineering cost, legal cost and administrative cost. For each additional Customer directly connected to the extension between its original beginning and original terminus within a period of ten (10) years from the making of such extension, the Company will refund an amount equal to the average cost of fifty (50) feet of the extension, but at no time shall the aggregate refund made to any Customer exceed the original payment by such Customer.

3. No interest will be paid by the Company on the Customer's payment made in accordance with paragraph 2 of this section.

RULES AND REGULATIONS

4. Extensions made under this rule shall be and remain the property of the Company.
5. The Company reserves the right to further extend its water main from and beyond the terminus of each water main extension made under this rule. The Customer paying for an extension shall not be entitled to any refund for the attaching of Customers to any further extension or branch mains so installed.
6. In determining the length of a main extension to a lot or lots, the Company shall require that the extension be constructed to a point on the lot or lots so that service may be provided as requested and so that a gate valve may be established in an appropriate place and operated as a flush valve. If the extension is to be built on general unplatted road frontage or farm land, the extension construction shall be required only to an appropriate location near the last point of service. If the Company should determine that the extension shall not have to extend over the entire frontage of the property or lot, it shall require that the Customer grant a right-of-way over the entire frontage.
7. Actual construction costs for the extension will be calculated on a "line-item" basis. Other costs associated with the extension will be calculated on an "as incurred" basis. When the construction project is finished the prospective Customer (s) will be required to pay any cost above their initial payment for the cost of extension or be refunded any balance not used for the extension.

RULES AND REGULATIONS

1. When an extension of the Company's water mains is requested to be extended into a subdivision, the owner of that subdivision shall submit six (6) copies of the plat as filed in the county clerk's office to the Company with a written request that water service is requested to the property. The proposed extension shall be handled in the following manner:

I. The subdivision owner shall submit the plats as required above, along with adequate monies to pay for administrative costs, the preliminary engineering work, and a preliminary cost estimate for the construction of the water mains and associated facilities, if any, to include on-site facilities, off-site facilities, if any, engineering costs, legal costs, and administrative costs. When the estimate is completed and presented to the prospective developer, he or she may then decide to proceed or not proceed with the construction.

II. If the subdivider decides to proceed with the water main extension after reviewing the preliminary costs, the Company will have final plans and specifications prepared. A current estimated cost figure will be rendered to the subdivider showing the cost of on-site facilities and of site facilities if any.

III. Before construction, the subdivider will pay the Company the current estimated cost. The Company will solicit bids from responsible contractors and select the bid that is found most appropriate. The Company shall reserve the exclusive right to select the contractor. If bid is received at or above the current estimated cost further bids may be solicited or the subdivider may pay to the Company monies adequate to pay the difference of the low and acceptable bid and the current estimated cost.

RULES AND REGULATIONS

- IV. Actual construction cost for the extension will be calculated on a "line-item" basis. Other costs associated with the extension will be calculated on an "as incurred" basis. When the construction project is finished, the subdivider will be required to pay any cost above their initial payment for the extension or be refunded any balance not used for the extension.
- V. Actual construction will be observed and supervised by a resident inspector as required.
- VI. Before waterlines will be laid hereunder in any new subdivision, it is understood and agreed that the road surface shall be brought to the established sub-grade; and the developer or builder of such new subdivision shall furnish the Company with a right-of-way agreement suitable in form to the Company, unless the streets of the new subdivision have been dedicated to the public use or suitable utility easements provided by plat.
- VII. Company shall have the exclusive right to determine the type, location and size of mains to be installed and of the related facilities required to render adequate service.
- VIII. For each premise served for which a street service connection shall be directly attached to such main extension between its original beginning and original terminus, excluding connections to further extensions or branches thereof, and crediting no more than one such service connection per building plot, Company shall refund to the owner of such subdivision on an annual basis an amount equal to fifty (50) feet of the average cost per foot of the construction to include both on-site and off-site costs. However, if off-site

IX. The owner of such subdivision, in consideration of an accelerated development of said subdivision to be obtained through Company's proceeding, on the basis of a preliminary plat, with its plans and specifications and at Company's option, with construction of its mains and facilities, shall warrant to Company that the location and grade of street curbs, sidewalks, building plots, building lines and utility easements as depicted on said preliminary plat will not be altered or changed in any respect in the final plat of said subdivision or part thereof and recorded in the Office of the Clerk of the Montgomery County Court. In the event the location or grade of streets, sidewalks, curbs, building plots, building lines or utility easement be altered, amended or changed in a final plat or in an amended plat of said subdivision, whether such changes are made with or without the consent of said subdivider, and in the event such alteration, amendment of change requires, in the sole judgment of the Company, the relocation, removal, replacement, reconstruction, change in site or additions to the mains and related facilities, the subdivider shall indemnify and hold harmless Company of and from any and all damages and costs of such removal, replacement, relocation, reconstruction and any and all other expenses or costs resulting to Company because of change of location or grade of streets, curbs, sidewalks, lots, building lines or utility easement in said subdivision or part thereof.
