**18. PLUMBING WORK MUST BE INSPECTED BY COMPANY**

All plumbing work done in connection with pipe and fixtures connected with the Company's mains shall be submitted for the inspection of the Company before such underground work is covered up. Whenever the Company determines that a job of plumbing is obviously defective, although not in direct violation of these Rules and Regulations, the Company may insist upon its being corrected before the water will be turned on.

**19. CROSS-CONNECTIONS**

(a) Interconnections, as defined below, and any and all physical connections between the public water supply and any industrial, commercial or other water supply shall be discontinued regardless of whether or not such cross connections and interconnections are controlled by automatic devices, such as check-valves, or by hand operated mechanisms such as gate valves or stock cocks; and no physical connection shall be made or established except between public water supplies which are adequately treated and are under adequate laboratory control.

(1) Interconnection. An interconnection is a plumbing arrangement, other than a cross-connection, by which contamination might be admitted or drawn into the distribution system of the Company, or into lines connected therewith, which are used for the conveyance of potable water.

(b) If a public water supply is used as a secondary supply delivered either to an elevated tank or suction tank supplied with water from a source or system with which physical connections are not permitted by this regulation, such tank or tanks shall be open to atmospheric pressure, and the water from the public water supply system shall be discharged into the tank at an elevation above the overflow level of the tank or tanks, and the tank overflow shall be of adequate size to fix definitely the maximum overflow level.

will be combined for billing purposes if so requested by the Customer. Combined billing will be continued in existing installations as long as the premises criteria is met.

(f) All meters are accurately tested before installation and are also periodically tested in accordance with the Public Service Commission's regulations. The Company may at any time remove any meter for periodic tests or for repairs or replacement and may, at its option and expense, test any meter when the Company has reason to believe that it is registering inaccurately.

(g) The Company shall make a test of the accuracy of any meter upon written request of the Customer, and in his presence, provided the Customer does not request such test more frequently than once in twelve months. The Customer shall be billed the actual cost of making the test, but should the said meter be found, upon said test, to be more than two percent incorrect to the prejudice of the Customer, the fee so charged shall be returned to the complainant.

(h) A test will be made of a Customer's meter by an Engineer employed by the Commission, upon a formal application to the Commission, for which a fee will be charged by the Commission. This fee paid by the Customer shall be retained by the Commission; however, if the test shows the meter to be more than two percent (2%) fast, then the amount of the fee paid by the Customer shall be refunded to said Customer.

P.S.C. Ky. No. 4  
First Revised Sheet No. 27, Cancelling  
Original Sheet No. 27

23. TERMS AND CONDITIONS OF BILLING AND OF PAYMENT (Cont.)

- (h) All bills will be sent to the address entered in the application unless the Company is notified in writing by the Customer of any change of address.
- (i) The Company will not be bound by bills rendered under mistake of fact as to the quantity of service rendered.
- (T) (j) The use of water by the same customer in different premises or localities will not be combined.
- (k) If for any reason service is discontinued before the expiration of one (1) month from commencement of service, a bill for at least the minimum charge for one (1) month will be rendered.

24. OWNERSHIP OF PROPERTY

All pipe, fittings, equipment, meters or other appliances between the Company's distributing mains and the curb line of the Customer, and any meters and equipment appurtenant thereto that may be inside the Customer's curb line, when installed at the expense of the Company, shall at all times be and remain the property of the Company and may at any time during reasonable hours be removed by it upon the discontinuance of service.

25. EXTENSION OF MAINS

In the matter of extension of facilities, the following rules shall apply:

(a) Free Extensions

I. Public Fire Service

- (A) In the event that the City of Lexington, by ordinance of its Commission, shall order the installation of additional fire hydrants on existing mains having an internal diameter of six inches or larger, the Company will install such hydrants at its own cost and expense, provided that such mains are of adequate capacity to provide the required fire flows.

## 22. BILL ADJUSTMENT (Cont'd.)

- (f) The burden of maintaining measuring equipment so that it will register accurately is upon the utility; therefore, if meters are found upon test to register fast and if time for periodic test has overrun to the extent that one-half (1/2) of the time elapsed since the last previous test exceeds twelve months, the refund shall be for the twelve (12) months as specified in Section c of this rule and in addition thereto, a like refund for those months exceeding the periodic test period; provided, however, that the Commission may relieve the utility from this requirement in any particular case in which it is shown that the failure to make the periodic test was due to causes beyond the utility's control.

## 23. TERMS AND CONDITIONS OF BILLING AND OF PAYMENT

- (a) Private fire service charges shall be payable monthly in advance, except that charges made to governmental agencies shall be payable monthly in arrears.
- (b) Public fire service charges shall be payable monthly in arrears.
- (c) Bills for water service by meter will be rendered for monthly or quarterly periods at the option of the Company, and ending at such dates as may be determined by the Company.
- (d) Bills for private fire hydrants shall be payable quarterly in advance, except that the charges for private fire hydrant service outside of Lexington city limits (other than for industries, state or county institutions) shall be payable as set forth in Rule 7.
- (e) Special charges shall be payable upon demand.
- (f) All bills for water and service are due and payable at the office of the Company or at a designated branch collecting agency when rendered, and are considered delinquent if not paid within ten days thereafter. Failure to pay will render the Customer subject to discontinuance of service and subject to charge for disconnecting and reconnecting service. If any bill for water service is not paid within ten days following the submission thereof, the service may be discontinued in accordance with Rule 8, Discontinuance of Water Service.
