Letcher County Water and Sewer District
(Name of Utility)

A. MONTHLY RATES:

First 2,000 Gallons	\$27.50	Minimum Bill	(I)
Each 1,000 Gallons Thereafter	\$7.50	per 1,000 gallons	(I)

B. Deposits: \$60.00 per meter

C. Meter Connection Fees:

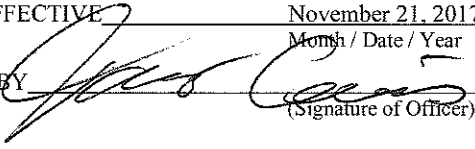

Meter Size	
5/8 X 3/4	\$650
All Larger	Actual Cost

* Addendum 1. "Tap-On Fees": From the initial design and construction but before the completion of a project, the Tap-On Fee will be \$350.00 for a standard 3/4" meter. A meter barrel must be installed at this time. The Tap-On Fee will be paid at the time the resident requests water service whether it occurs during the construction period or any time thereafter. The placement of a meter barrel does not obligate the resident to connect to the water and there is no cost involved to the resident. Case No. 2008-00340.

* Addendum 2. "Tap-On Fees". It is not the policy of the Letcher County Water and Sewer District to waive Tap-On Fees. However, guidelines of certain funding sources require that a portion of those funds pay the Tap-On Fees for particular users' during construction but before the completion of a project. This is beyond the control of the Letcher County Water and Sewer District.
