RULES AND REGULATIONS

These Rules and Regulations govern the furnishing of water service by the Nicholas County Water District, hereinafter referred to as the District, and apply to all service received from the District. No employee or individual Commissioner of the District is permitted to make an exception to these Rates, Rules, or Regulations. These Rules and Regulations are to be in effect so long as they are not in conflict with the Kentucky Public Service Commission's Rules and Regulations (807 KAR 5:001-5:076). The District is subject to all Rules and Regulations of the Kentucky Public Service Commission even though not contained herein.

1. Scope

This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges shall be kept open to inspection at the office of the District. The rules are promulgated under direction and authority granted pursuant to Chapter 5 of Kentucky Administrative Regulations (807 KAR 5). The aforesaid rules and regulations are hereby adopted and included the same as if herein written.

2. Revisions

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:

- a. By order of the Kentucky Public Service Commission upon formal application by the District, and after hearing as provided by Commission Regulation set forth in 807 KAR 5:011.
- b. Issuing and filing on at least twenty (30) days notice to the Kentucky Public Service Commission and the public all proposed changes in the Rules and Regulations, as provided by Commission Regulations set forth in 807 KAR 5:011.

3. Conflict

In case of conflict between any provisions of any rate schedule and the schedule or rules and regulations, the rate schedule shall apply. Also, should the rules contained herein conflict with rules in effect under 807 KAR 5, the provisions of 870 KAR 5 shall take precedence over those contained herein.

4. Application for Service

Any person, firm, agency or governmental entity within the current boundary of the District may request service. Applications for service must be in writing on a form approved by the District.

Each applicant for service shall be required to execute and sign the District's standard application for water service before service is supplied by the District. Under Kentucky Public Service Commission Order, dated September 1, 1981, Case No. 8248, a 5/8" x 3/4" meter shall be the standard customer service meter and should be installed at all points of service unless the customer provides sufficient justification for the installation of a larger meter.

5. Non-standard Service

Each prospective customer requiring a non-standard service (i.e., other than a 5/8" x 3/4" meter) shall present to the District sufficient justification for same. The customer shall pay the cost of any special installation necessary to meet his peculiar requirements for service other than a standard water tap.

6. Point of Delivery

The point of delivery is the point where the meter or vault is located on the customer's premises. All water lines, plumbing and equipment beyond the meter shall be installed and maintained by the customer. The District reserves the right to determine the location of the point of delivery with full regard to those wishes of the prospective customer.

7. Customer's Service Line

All service lines beyond the metering point should be installed of material consisting of copper, PVC or PE pipe with rating not less than 200 psi. The size of service line beyond the point of delivery should not be less than 3/4". The District will not set a meter on the customer's service line at a point that does not deliver 30 psig at the meter.

Should an applicant for service desire a higher pressure due to his location or need, he may make provision for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by the District. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on the District's system.

8. Ownership of Mains, Services and Appurtenances

All mains, hydrants, valves, crossings and other appurtenances are and shall remain the property of the District, whether installed by the District or the customer.

All service lines from main to meter with appurtenances shall be and remain the property of the District, whether installed by the District or the customer.

The customer shall install, own and maintain his service line from meter and/or point of delivery as defined herein.

9. Continuance of Service by District

Water service may be discontinued by the District for any violation of any rule, regulation or condition, and especially for any of the following reasons:

- a. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
- b. Resale of water.

- c. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep such pipes in a suitable state of repair.
- d. Tampering with meter, meter seal, service, or valves; or permitting such tampering by others.
- e. Connections, cross-connection, or permitting the same, of any separate water supply to premises which receive water from the District.
- f. Non-payment of bills.
- g. When a dangerous condition is found to exist on the customer's or applicant's premises, with reference to the continuation of water service, water service shall be cut off without notice or shall be refused, provided the District shall notify the customer or applicant immediately of the reasons for the discontinuance or refusal and the corrective action to be taken by the applicant or customer before service can be restored.

10. Billing

Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the "User's Agreement" unless a change of address has been filed in writing with the District; and the District shall not otherwise be responsible for delivery of any bill or notice, nor will the customer be excused from the payment of any bill or any performance required in said notice.

Bills for water service are due and payable at the office of the District, or to any designated agent on the date of issue. The past due date shall be 15 days after the date of issue. Bills will be dated and mailed on or about the 15th of each month.

RULES AND REGULATIONS

A bill not paid on or before the past due date shall be deemed dilenquent. When a bill has been delinquent for a period of 30 days, the District shall serve the delinquent customer a written final notice of said delinquency, and of the intent of the District to discontinue service 10 days after the date of such notice unless such bill is paid prior to the expiration of 10 days. If a delinquent bill is not paid within 10 days after date of such final notice (30 days from the past due date), the water supply to the customer may be discontinued without further notice; provided, however, if, prior to discontinuance of service, there is delivered to the District, or its employee empowered to discontinue service, a written certificate signed by a physician, a registered nurse, or a public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity of the affected premises, services shall not be discontinued until the affected resident can make other living arrangements or until 30 days elapse from the time of the District receipt of said certification, whichever comes first.

11. Discontinuance of Service by Customer

Any customer having fulfilled their contract terms and desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in writing at the business office of the District at least 3 days prior to the date of which the customer desires to discontinue service. If such notice in writing is not given, a customer shall remain liable for all water used and service rendered to his premises by the District until said notice is received by the District.

12. Reconnection Fee

Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

13. Deposit

The District reserves the right to require that a nominal amount be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit. The deposit will not exceed two-twelfths (2/12) of the customer's estimated annual bill. Upon payment of deposit, the District shall issue to the customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit. The District will pay interest on the customer's deposit at the rate of six percent (6%) per annum, until the date of its refund to the customer.

14. Adjustment Relative to Erroneous Meter

If a meter is inaccurate in excess of +2%, whether determined through periodic testing or upon requested testing, additional tests shall be made at once to determine the average error of the meter, and the adjustments shall be made in the customer's water bills as follows:

- a. If the result of such tests shows an average error greater than 2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last periodic test, but in no event to exceed 12 months. If, however, the time for a periodic test has overrun to the extent that 1/2 of the time elapsed since the last periodic test exceeds 12 months, the refund shall be for the 12 months specified above, plus those months exceeding the periodic test period. The Kentucky Public Service Commission may not require a refund for the overrun period if failure to make the periodic test was due to causes beyond the control of the District.

15. Meters

BY: George A. Miller
PUBLIC SERVICE COMMISSION MANAGER

All meters shall be installed, renewed, and maintained at the expense of the District, and the District reserves the right to approve the size and type of meter used. It shall be the policy of the District to test each water meter pursuant to Public Service Commission Regulation 807 KAR 5:066, Section 16. In addition, upon written request of any customer, the meter servicing such customer shall be tested by the District, pursuant to Public Service Commission Regulation 807 KAR 5:006, Section 20.

16. Failure of Water Meter

Where a meter is found to be in error, the customer's bill will be adjusted in accordance with Section 14 herein per Kentucky Public Service Commission Regulation 870 KAR 5:006, Section 9. Where a meter has ceased to register, the District will estimate the monthly bill of the customer for the month that the meter is replaced. 18. Interruption of Service

BY: James Kelle
PUBLIC SERVICE COMMISSION MANAGER

The District will use reasonable diligence in supplying water service, but shall not be liable for loss, injury, or damage to persons or property resulting from interruptions in service, excessive or inadequate water pressure. The District does hereby explicitly state that its system is one for rural domestic consumption.

The District's system is not designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at their own full and sole responsibility. Hydrants have been installed by the District for the purpose of flushing out its lines only and are not intended to be used as fire hydrants.

The District shall in no event be held responsible for any claim made against it by reason of breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

The District shall make all reasonable efforts to eliminate interruption of service, and when such interruption occurs, will endeavor to restore service with the shortest possible delay. When the service is interrupted, all consumers affected by such interruption will be notified in advance whenever it is possible to do so.

26. Water Main Easements

Any person desiring an extension to the District's system shall request in writing, in a form approved by the District for such extension. Any required extension may be provided under one of the following options:

OPTION I - District shall construct water main extensions under the authority and procedure stipulated in Public Service Commission Regulation 807 KAR 5:066, Section 12; a copy is attached hereto as Section 12, Extension of Service, on Page 16-17. Any extension made under this option shall be subject to refund as outlined in said regulation.

OPTION II - Applicant may construct and donate to the District the extension, as a contribution in aid of construction, meeting all of the District's specifications and approval as well as approval by the Kentucky Division of Water. The District reserves the right to stipulate applicable engineering, legal, and administrative factors. Applicant shall pay all costs of the District as a contribution in aid of the construction. Any extension made under this option shall not be eligible for refund.

The application or group of applicants shall have the right to elect the option by which said extension shall be made. In either case, applicant must execute a contract and agreement for line extension of form approved by the District.

Extender applicant is hereby notified that regardless of the option selected, all other rules, rates and schedules of fees applicable to the size and type of service requested shall be paid in addition to the cost of extension.

RULES AND REGULATIONS

SCHEDULE OF SPECIAL SERVICE CHARGES

The following charges for special services shall be made:

1. Service Reconnection Charge

A charge of \$17.00 shall be made for all service reconnections made during regular working hours, except that there shall be no connection charges made for service on the original installation of facilities. If a service is reconnected other than during regular working hours, the charge shall be \$23.00.

2. Meter Reading Recheck Charge

A charge of \$10.00 shall be made for a trip to recheck a meter reading when the customer requests the meter to be rechecked for a correct reading and the meter was not misread.

3. Meter Test

Upon request and payment of \$20.00, a customer may have his meter tested, provided the request by the customer is not more frequent than once each 12 months. If such test shows the meter to be more than two percent fast, a refund of the \$20.00 charge shall be made and the bill adjusted accordingly. If the periodic testing requirement of 807 KAR 5:006 (17) has not been met for the meter requested, no charge will be made for the test.

4. PSC Meter Test Complaint

Any customer of the District may request a meter test by written application to the Kentucky Public Service Commission.

807 KAR 5:066. Water
Section 12. Extension of Service

1. Normal Extension

An extension of fifty (50) feet or less shall be made by a utility to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more and provides a guarantee for such service.

2. Other Extensions

a. When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility may, if not inconsistent with its filed tariff, require the total cost of the excessive footage over fifty (50) feet per customer to be deposited with the utility by the applicant or the applicants, based on the average estimated cost per foot of the total extension.

RULES AND REGULATIONS

b. Each customer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the utility shall refund to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the utility. After the end of the refund period, no refund will be required to be made.

3. An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of not less than ten (10) years the utility shall refund to the applicant who paid for the extension a sum equal to the cost of fifty (50) feet of the extension installed for each additional customer connected during the year but in no case shall the total amount refunded exceed the amount paid to the utility. After the end of the refund period from the completion of the extension, no refund will be required to be made.

4. Nothing contained herein shall be construed to prohibit the utility from making extensions under different arrangements provided such arrangements have been approved by the Commission.

5. Nothing contained herein shall be construed as to prohibit a utility from making at its expense greater extensions than therein prescribed, should its judgment so dictate, provided like free extensions are made to other customers under similar conditions.

6. Upon complaint to and investigation by the Commission a utility may be required to construct extensions greater than fifty (50) feet upon a finding by the Commission that such extension is reasonable.
