PARKSVILLE WATER DISTRICT

RULES AND REGULATIONS

This schedule of Rules and Regulations governs the furnishing of water service by PARKSVILLE WATER DISTRICT, hereinafter referred to as the Utility, and applies to all service received from the Utility. No employee or individual director of the Utility is permitted to make an exception to these Rates, Rules and Regulations. All Rules and Regulations are to be in effect so long as they are not in conflict with the Public Service Commission's Rules and Regulations. The Utility is subject to all Rules and Regulations of the Public Service Commission even though not contained herein.

SECTION 1: REVISIONS

These Rules and Regulations may be revised, amended, supplemented or otherwise changed from time to time, subject to approval of the Public Service Commission, and shall have the same force and effect as the present Rules and Regulations.

SECTION 2: WATER FAILURE

- (1) The Utility is responsible for water failure only when in control of the Utility's employees.
- (2) No customer is paid damages for equipment unless such damages are specifically found to be caused by an act of negligence on the part of the Utility or its employees.

SECTION 3: PROTECTION BY CUSTOMER

- (1) Customers shall protect the equipment of the Utility on their premises.
- (2) Customers shall not interfere with Utility's property or permit interference except by duly authorized representatives of the Utility.

PARKSVILLE WATER DISTRICT

RULES AND REGULATIONS

SECTION 4: NOTICE OF TROUBLE

Customer shall give immediate notice to the Utility of any irregularities or unsatisfactory service and of any defects known to the customer.

SECTION 5: MAINTENANCE

(1) The Utility may at any time deemed necessary, suspend water service to any customer of customers for the purpose of making repairs, changes of improvements upon any part of its system.

(2) The Utility shall give reasonable notice of such suspension of service to the customer, however, large breaks in mains that must be turned off quickly to conserve water, do not allow the Utility to give advance notice of suspension of service.

(3) The Utility shall be responsible for the maintenance of the service line from the main water line to customer's meter, this maintenance to include the meter itself, the coppersetter, and the 18" pipe the Utility furnishes for the customer to attach his service line.

(4) The customer shall be responsible for the maintenance of any service lines, valves, hydrants, etc., installed by the customer, or by any licensed plumber, or any person, persons, or company that installs such items at customer's request.

(5) Under no circumstances will the Utility's employees be allowed to repair a leak or replace a customer's service line or any of the items mentioned in subsection 4 of this section.

SECTION 6: EXTENSION OF SERVICE

N

The Utility shall determine the total cost of the proposed water main extension (exclusive of the tap on fee) and the total length of the

extension. The District shall pay that portion of the cost of the water main extension equal to (50) feet for each applicant for service. That part of the cost not covered by the District's portion shall be contributed equally by those applicants desiring service on the main extension. Each applicant will also be required to pay the District's approved "Tap-on-Fee" for a meter connection to the main extension.

For a period of five years after the original construction of the main extension, each additional customer directly connected to each particular extension will be required to contribute to the cost of the water main extension based on a recomputation of both the District's portion of the total cost and each customer's contribution as set out above. The District shall refund to those customers that have previously contributed to the cost of each main extension itself that amount necessary to reduce their contribution to the currently calculated amount for each customer connected to the extension. All customers directly connected to each main extension for a five-year period after it is placed in service are to contribute equally to the cost of construction of the water main itself. In addition, each customer must pay the approved "Tap-on-Fee" applicable at the time of their application for the meter connection. The "Tap-on-Fee" is not part of the refundable cost of the extension and may be changed during the refund period. After the five year refund period expires, any additional customer applying for service on each main extension must be connected for the amount of the approved "Tap-on-Fee" only. Also, after the five-year refund period expires, the District will be required to make refunds for an additional five-year period to the customer or customers who paid for the excessive footage, the cost of (50) fifty feet of the extension in place for each additional customer to the extension installed, and not to extensions or laterals therefrom. The total amount refunded shall not exceed the amount paid the District. No refund shall be made after the refund period ends.

RULES AND REGULATIONS

An applicant desiring an extension to a proposed real estate subdivision shall be required to pay the entire cost of the extension. Each year, for a refund period of ten (10) years, the District shall refund to the applicant who paid for the extension, a sum equal to the cost of fifty (50) feet of the extension installed for each new customer connected during the year whose service line is directly connected to the extension installed by the developer, and not to extensions, or laterals therefrom. Total amount refunded shall not exceed the amount paid to the District. No refund shall be made after the refund period expires.

SECTION 7: LINE RELOCATIONS

N

- (1) When necessary to move or relocate facilities, the cost will be paid by party or parties requesting such relocation.
- (2) The Utility shall incur no expense in any relocation of mains, service lines, or buildings.

SECTION 8: CUSTOMER SERVICE LINE REGULATIONS

N

- (1) All customer service lines shall be at least 3/4" diameter pipe.
- (2) Any pipe used for a customer service line shall be at least 200 lb. p.s.i. test rated.
- (3) Customer shall install a cut off valve or check valve in his line between the meter and his home or place of use, and cut off valve or check valve shall be located outside any house or building.
- (4) Customer's line shall be laid at least 30" deep, and ditch shall be left open for inspection by authorized Utility personnel.
- (5) Before any customer's service line can be placed in service, line shall be inspected by an authorized representative of the Utility, or the authorized local plumbing or health inspectors, whichever ever is applicable.
- (6) Failure to have the proper inspection by company personnel, or the authorized local plumbing or health inspector, shall result in the refusal of service, until such time that inspection can be completed.

N

(1) Meter reading will begin on the 15th of each month, however, the Utility reserves the right to lengthen, or shorten the service period at its discretion, due to emergencies or other problems beyond its control.

(2) Bills for water service furnished by the Utility, shall be mailed no later than the 1st day of each month.

(3) Bills shall be payable within 10 days or by the 10th day of the month.

(4) A 10% late payment penalty charge will be applicable after the due date of any account.

(5) Any accounts not paid by the 20th day of the month will be considered delinquent and service will be discontinued, per 5:006 (8)(h).

(6) A \$5.00 fee will be charged for any check returned to the Utility because of insufficient funds, account closed, or no account.

SECTION 10: SERVICE CHARGES

(1) A charge of \$10.00 will be made for turning a meter on.

SECTION 11: CONTROL OF WATER

- (1) Each dwelling unit must be metered separately.
- (2) Each public place of business must be metered separately (exception will be allowed if same building is used for dwelling and plumbing is completed as of the date of this filing).
- (3) Each mobile home must be metered separately, unless it is located in an approved mobile home park.
- (4) No customer shall sell or give water to any individual or company.

SECTION 12: ACCESS TO PROPERTY

N

- (1) The Utility shall at all reasonable hours have access to meters, service connections and other property owned by it and located on customer's premises.
- (2) Access shall be for the purpose of installation, maintenance, meter reading, operation or removal of its property if service is to be terminated.

SECTION 13: CUSTOMER'S DISCONTINUANCE OF SERVICE

N

- (1) Any customer desiring service disconnected or changed from one address to another, shall give the Utility three working days notice in person or in writing.
- (2) Any customer having a contractual agreement with the district for service of a specified period, and that period having not expired, shall not be allowed to discontinue service until such time that the conditions and terms of the contract are met in full.

SECTION 14: DISCONTINUANCE OF SERVICE BY UTILITY

N

The Utility may discontinue service under the following conditions:

- (1) Nonpayment of bill, provided:
 - (a) Utility has made a reasonable effort to induce customer to pay his bill.
 - (b) The customer shall be given at least 5 days written notice.
 - (c) Cut-off shall not be effected before twenty days after the mailing date of the original bill.
 - (d) Termination notice shall be exclusive of and separate from any bill.
 - (e) Termination notice shall include notification to the customer in writing of the existence of local, state and federal programs providing for the payment of utility bills under certain conditions and of the offices to contact for such possible assistance.
 - (f) If prior to discontinuance of service, there is delivered to the utility office payment of the amount in arrears, then discontinuance of service shall not be made.
 - (g) Where a written certificate is filed signed by a physician, a registered nurse or public health officer stating that, in the opinion of the person making the certification, discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten days elapse from the time of the Utility's notification.

RULES AND REGULATIONS

(2) **Fraudulent or illegal use of service**, per 807 KAR 5:006 Section 14 (3,8

- (a) When evidence is discovered that a customer has used fraudulent or illegal means to obtain unauthorized service.
- (b) When customer diverts service for unauthorized use.
- (c) When customer has obtained service without same being properly measured.
- (d) When fraudulent or illegal means are used service shall be discontinued without notice.
- (e) The Utility is not required to restore service until the customer has complied with all rules of the Utility and regulations of the Public Service Commission.
- (f) The Utility is not required to restore service until the Utility has been reimbursed for the estimated amount of the service rendered and the cost to the Utility incurred by reason of the fraudulent use.

(3) Refusing or neglecting to provide reasonable access to the premises.

(4) Failure to comply with the Utility's rules and regulations or state, county, and municipal regulations, or Public Service Commission Rules and Regulations.

(5) When a dangerous condition is found to exist on the customer's or applicant's property that could endanger the Utility's employees or permanently damage the Utility's equipment, service shall be cut off without notice or refused.

SECTION 15: APPLICATION FOR SERVICE

N

(1) Any person desiring to have water service from the Utility, must first file an application for service with the Utility.

(2) Any person desiring to have water service from the Utility, must pay all fees and charges before service will be rendered.

(3) Any person or persons desiring service must first obtain and show proof of having acquired the proper plumbing or other permits required by state or local government agencies.

RULES AND REGULATIONS

SECTION 16: CROSS CONNECTIONS

N

(1) No other present, or future, source of water will be connected to any waterlines served by the Utility's waterlines.

(2) If any present water supply exists on customer's property, whether well, cistern, spring, or any other source, it shall be disconnected prior to connecting to the Utility's system.

(3) Use of a cut off valve to separate any previous source of water from the Utility's system shall not be permitted. There must be at least a 6" separation of previous source's lines and the Utility's system.

(4) Failure to eliminate any of the above mentioned cross connections will result in the immediate termination of service.

SECTION 17: METER TESTING ON CUSTOMER'S REQUEST

N

(1) The Utility shall make a test of any meter upon written request of any customer provided such request is not made more frequently than once each twelve (12) months.

(2) The customer shall be given the opportunity of being present at such test.

(3) If such test shows that the meter was more than two percent fast, the Utility shall replace the meter or have it repaired, and customer shall be entitled to a refund or credit on his bill. If, however, the meter test more than 2 percent slow then customer's bill shall be recomputed and customer will be billed as per KAR 5:006, Section 10, (2)

(5) Meters shall be tested only by certified testers at locations certified by the Public Service Commission.

(6) Any customer may request a meter test by the Public Service Commission, after having first obtained a test from the Utility. Customer must make written application to the Commission and cannot request the test more frequently than once each twelve (12) months.

RULES AND REGULATIONS

SECTION 18: ADJUSTMENT OF CUSTOMER'S BILLS

N

(1) The Utility shall not make any adjustment to any customer's bill unless, as evidenced by a meter test, the customer's meter was more than two (2) percent fast or more than two (2) percent slow.

(2) If customer's meter shows after testing, that it is registering more than two (2) percent fast, then adjustment shall be made in accordance with 807 KAR 5:066, Section 10.

(3) If customer's meter shows after testing, that it is registering more than two (2) percent slow, then adjustment shall be made as allowed by 807 KAR 5:066, Section 10, paragraph 2.

(4) If excessive usage is attributable to negligence or some direct act of the Utility, or its employees, causing damage to customers line or meter.

(5) Any and all adjustments shall be made in accordance with the requirements of 807 KAR 5:066, Section 10, and any other present or future Public Service Commission regulations.

SECTION 19: MONTHLY MONITORING OF CUSTOMER USAGE

N

The Utility monitors each customer's usage each month. Any customer's usage that makes a sudden increase or decrease, is routinely checked by the Utility by one or all of the following.

(1) The reading on the meter is re-checked to see if it was read correctly.

(2) Utility personnel contact the customer to inquire if there was a leak in their line or is there some reason for the high usage.

(3) Utility personnel try to determine if there still exists a leak in the customers lines.

(4) The Utility will test the customer's meter if customer so requests or, if no other explanation can be found for the increased or decreased usage.

RULES AND REGULATIONS

SECTION 20: YEARLY MONITORING OF CUSTOMER USAGE

N

At least once annually the Utility will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 30 percent or more and cannot be attributed to a readily identified common cause, the Utility will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Utility will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members, or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Utility will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Utility will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).
