SECTION 10.9. Delegation of Secretary's and Treasurer's Responsibilities.

Notwithstanding the duties, responsibilities and authorities of the Secretary and of the Treasurer herein before provided in Sections 6.07 and 6.08, the Board of Directors by resolution may, except as otherwise limited by law, delegate, wholly or in part, the responsibility and authority for, and the regular or routine administration of, one or more of each such officer's such duties to one or more agents, other officers or employees of the Association who are not directors. To the extent that the Board does so delegate with respect to any such officer, that officer as such shall be released from such duties, responsibilities and authorities.

SECTION 10.10. General Manager The Board of Directors may appoint a General Manager, who shall be the Chief Executive Officer and Chief Operating Officer of the Association and perform such duties as normally required and such additional duties as the Board of Directors may require. This officer is not required to be a member of the Association.

SECTION 10.11. Bonds. The Board of Directors shall require the Treasurer and any other officer, agent or employee of the Association charged with responsibility for the custody of any of its funds for property to give bond in such sum and with such surety as the Board of Directors shall determine. The Association shall indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending, or completed action, suit or proceeding whether civil, criminal, administrative or

investigative (other than an action by, or in the right of, the Association) by reason of the fact that such person is or was a director, officer, staff employee or agent of the Association, or who is or was serving at the request of the Association as a director, officer, staff employee or agent of another Association, association, corporation, partnership, joint venture, trust or other enterprise, against expenses (including all costs of defense), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, if such person acted in good faith and in a manner such person reasonably believed to be in, or not opposed to, the best interests of the Association, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall nor of itself, create a presumption that the person did not act in good faith and in a manner which such person reasonably believed to be in, or not opposed to, the best interests of the Association, and with respect to any criminal action or proceeding, had reasonable cause to believe that the conduct of such person was unlawful.

To the extent that a director, officer, staff employee or agent of the Association has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in paragraph 1, (and, in addition, actions by or in the right of, the Association) of any claim, issue or matter therein, such person shall be indemnified against expenses (including all costs of defense) actually and reasonably incurred by such person in connection therewith. The indemnity herein provided shall be co-extensive with those authorized under Kentucky Revised Statute Chapter 271 B and shall be effective in accordance with all of the terms and conditions of such statute. the Association, or who is or was serving at the request of the Association as a director, officer staff employee or agent of another Association, association, corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity, or arising out of the status of such person as such, whether or not the Association would have the power to indemnify such person against such liability under the provisions of this Bylaw.

SECTION 10.13. **Reports.** The officers of the Association shall submit at each Annual Meeting of the members' reports covering the business of the Association for the previous fiscal year and showing the condition of the Association at the close of such fiscal year.

ARTICLE 10 NON-PROFIT OPERATION

SECTION 11.1. **Interest of Dividends on Capital Prohibited.** The Association shall at all times be operated on a Association nonprofit basis for the mutual benefit of its patrons. No interest or dividends shall be paid or payable by the Association on any capital furnished by its patrons. (Deposits are not to be construed as Capital furnished for purpose of this Section).

SECTION 11.2. **Patronage Capital in Connection with Furnishing Water .** In the furnishing of water the Association's operations shall be so conducted that all patrons will, through their patronage, furnish capital for the Association. In order to induce patronage and to assure that the Association will operate on a non-profit basis, the Association is obligated to account on a patronage basis to all its patrons for all amounts received and receivable from the furnishing of water in excess of operating costs and expenses properly chargeable against the furnishing of water. All such amounts in excess of operating costs and expenses at the moment of receipt by the Association are received with the understanding that they are furnished by the patrons as capital. The Association is obligated to pay by credits to a capital account for each patron all such amounts in excess of operating costs and expenses.

The books and records of the Association shall be set up and kept in such a manner that at the end of each fiscal year the amount of capital, if any, so furnished by each patron is clearly reflected and credited in an appropriate record to the capital account of each patron. All such amounts credited to the capital account of any patron shall have the pursuance of a legal obligation to do so and the patron had then furnished the Association corresponding amounts for capital. All other amounts received by the Association from its operations in excess of costs and expenses shall, insofar as permitted by law, be (a) used to offset any losses incurred during the current or any prior fiscal year and (b) to the extent not needed for that purpose, allocated to its patrons on a patronage basis, and any amount so allocated shall be included as a part of the capital credited to the accounts of patrons, as herein provided.

In the event of dissolution or liquidation of the Association, after all outstanding indebtedness of the Association shall have been paid, outstanding capital credits shall be retired without priority on a pro rata basis before any payments are made on account of property rights of members; PROVIDED, that insofar as gains may at that time be realized from the sale of any appreciated asset, such gains shall be distributed to all persons who were patrons during the period the asset was owned by the Association in proportion to the amount of business done by such patrons during that period, insofar as is practicable, as determined by the Board of Directors before any payments are made on account of property rights of members. If, at any time prior to dissolution or liquidation, the Board of Directors shall determine that the financial condition of the Association will not be impaired thereby, the capital then credited to patron's accounts may be retired in full or in part. Any such retirements of capital shall be made as determined from time to time, by the Board of Directors.

Capital credited to the account of each patron shall be assignable only on the books of the Association pursuant to written instruction from the assignor and only to successors in interest or successors in

(1) Not inconsistently with Kentucky Revised Statutes, the Association may authorize the sale, lease, or other disposition of any of the Association's properties and assets only upon the affirmative votes of a majority of the directors of the Association.

SECTION 12.2. Distribution of Surplus Assets on Dissolution. Upon the Association's dissolution, any assets remaining after all liabilities or obligations of the Association have been satisfied and discharged shall, to the extent practicable as determined by the Board of Directors, be distributed without priority but on an equal basis among all persons who were active members on the last day at business of the Association. PROVIDED, HOWEVER, that if in the judgement of the Board the amount of such surplus is too small to justify the expense of making such distribution, the Board may, in lieu thereof, donate, or provide for the donation of, such surplus to one or more nonprofit charitable or educational organizations that are exempt from Federal income taxation.
