(Name of Utility)

CONTENTS

Deposits

1. The utility requires a cash deposit to secure payment of bills, an equal amount for each class off customer, not to exceed 2/12 of the average annual bill when billed monthly, 3/12 when billed every 2 months and 4/12 when billed every 3 months. (T)
2. Deposit amount(s) shall be as follows: 2 times average monthly bill – (T)
2 x \$38.37 = \$76.74 (I)
3. Service will be refused or discontinued if payment of deposit is not made. (T)
4. Interest will accrue on all deposits at the rate prescribed by law beginning on the date of the deposit. Interest accrued will be refunded to the customer or credited to the customer's bill on an annual basis. If interest is paid or credited to the customer's bill prior to twelve (12) months from the date of deposit or the last interest payment date, the payment or credit shall be on a prorated basis.
5. Deposits will be refunded to customers:
 - Upon termination of service.
 - After _____ months if customer has established a satisfactory payment history or upon termination of service.

Rules and Regulations

1. Deleted (D)
2. Where an adequate water distribution main is not available to the property for which a person has requested service, the Whitley County Water District will install 50 feet of line or go to the property line if less than 50 feet. The customer or applicant is required to pay a deposit, a tap fee and any other charges for extras not covered by the company. Tap fees and extra charges are not refundable.
3. The Whitley County Water District maintains the line from the main to the meter and the meter itself. It is the responsibility of the resident and/or the owner of the residence to maintain the service line from the meter to the residence and inside the residence.
4. Water meters are the property of the Whitley County Water District and shall be maintained by the Whitley County Water District.
5. Water service installations on customer's property must comply with the Kentucky State Plumbing Code.
6. No cross connections with cisterns, springs, wells or any other private systems shall be permitted. If such a cross connection is found to exist, water service will be discontinued immediately until it is eliminated.
7. A customer will not be allowed to hook any other dwelling, including mobile homes, to their service. Multiple residences will not be permitted on one line and/or meter.
8. When it is discovered that someone has obtained unauthorized service, he/she is immediately required to pay a deposit and any other applicable charges plus the estimated or actual cost of water used to continue on our service.

Special Nonrecurring Charges - Meter Related

1. Meter Connection/Tap-On Charge:

5/8" x 3/4" Meter

\$843.00 (I)

All Meters Larger Than 5/8" x 3/4"

Actual Cost

Will be assessed to hook up a new meter connection/tap-on.

2. Meter Turn-On Charge:

\$8.00 (R)

Will be assessed for new service turn-ons, seasonal turn-ons, temporary service or transfer of service. The charge will not be made for initial installation of service where a meter connection/tap-on charge is applicable.

3. Meter Relocation Charge:

Actual Cost

Will be assessed when a customer or other authorized person requests that a meter be relocated, changed or modified. Those requesting a change must reimburse the utility for the actual costs incurred, including but not limited to appropriate legal, administrative, engineering, overhead or other related costs.

4. Meter Re-Read Charge:

\$8.00 (R)

Will be assessed when a customer requests the utility to re-read the customer's meter and the re-read proves that the original meter reading was correct.

5. Meter Re-Setting Charge:

\$8.00 (R)

Will be assessed to reset a meter if the meter has been removed at the customer's request.

6. Meter Test Charge:

Actual Cost

Will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy and the test shows the customer's meter is not more than two percent (2%) fast. The utility will perform such test on any meter upon written request of a customer if the request is not made more than once every twelve (12) months.

Special Nonrecurring Charges - Service-Related

1. Service Call/Investigation Charge: \$8.00 (R)

Will be assessed when a customer requests the onsite presence of utility personnel to investigate a service problem and the problem is a result of the customer's own plumbing facilities, beyond the utility's delivery point, or not caused by failure of utility facilities. Any maintenance and repair of facilities beyond the utility's delivery point is the responsibility of the customer.

2. Service Line Inspection Charge: \$8.00 (R)

Will be assessed to inspect a customer's service line from the point of delivery at the meter to the point of usage. The service line inspection charge will be waived if confirmation is provided by the customer from the Kentucky State Plumbing Inspector that a state plumbing permit has been obtained and the Kentucky State Plumbing Inspector will inspect the service line.

3. Service Disconnection Charge: \$8.00 (R)

Will be assessed to disconnect service that has been terminated for non-payment of service or for violation of utility or PSC rules and regulations.

4. Service Reconnection Charge: \$8.00 (R)

Will be assessed to reconnect service that has been terminated for non-payment of service or for violation of utility or PSC rules and regulations. If it is discovered that this service has been reconnected without Whitley County Water District's authorization, the service will be disconnected again. A reconnection fee will be charged each time this occurs. A lock fee for the actual cost of the lock will also be charged if any part of the lock is damaged. The estimated or actual cost of water used will also be charged. All charges are required to be paid in full before the Whitley County Water District will reconnect water service.

5. Service Termination Field Collection Charge: \$8.00 (R)

Will be assessed when a utility representative makes a trip to the premises of a customer for the purpose of terminating service and actually terminates service, or if in the course of the trip, the customer pays the delinquent bill to avoid termination. The charge can also be assessed if the utility representative agrees to delay termination based on the customer's agreement to pay the delinquent bill by a specific date. The charge can only be assessed once in any billing period.

MONITORING OF CUSTOMER USAGE

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 10 percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from the analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

CLASSIFICATION OF SERVICE

RATE
PER UNIT

1. The Company requires a minimum deposit from every customer for each service to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit. The Company will pay interest on the customer's deposit at the rate of interest the Company receives.
2. When it is discovered someone has obtained unauthorized service, the Company may terminate service without advance notice. To continue on the service, the customer will be immediately required to pay a deposit and any other applicable charges plus the estimated or actual cost of water used. The customer must meet all other requirements of the Company.
3. Water bills are due when issued and will be considered delinquent after 10 days from the mailing date. A penalty of 10% of the total amount due will be added after the past due date printed on the bill. After the past due date, a separate termination notice will be mailed to customers to notify them of intention to terminate service for non-payment. The customer will be given at least 5 days written notice. Service will not be terminated before 20 days after the mailing date of the original bill. The termination notice shall include notification of the existence of local, state, and federal programs that may provide assistance in payment of utility bills under certain conditions and the office to contact for more information.
4. Where an adequate water distribution main is not available to the property for which a person has requested service, the Company will install 50 feet of line or go to the property line if less than 50 feet. The customer will be required to pay a deposit, a tap fee, and any other charges for extras not covered by the Company. Tap fees and extra charges are not refundable.
5. The Company maintains the line from the main to the meter and the meter itself. It is the responsibility of the customer or owner of the residence to maintain the line from the meter to the residence and the plumbing and lines inside the residence or place of use. The water meters are the property of the Company.
6. Water service installations must comply with the Ky. State Plumbing Code.
7. No cross connections with cisterns, springs, wells, or any other private systems shall be permitted. If such a cross connection is found to exist, water service will be disconnected until it is eliminated.
8. A customer will not be allowed to hook up any other dwelling to their service. Multiple residences will not be permitted on one line or meter.
9. The customer shall not resell or give away water.

Revised 9-2-92

The Whitley County Water District may disconnect a customers service for non-payment of bill not before twenty(20) days from the mailing date of the original bill. In accordance with 807 KAR 5:006, Section 11 (3) (A), no utility shall discontinue service to any customer for non-payment of bills (including delayed charges) without first having made a reasonable effort to induce the customer to pay. The customer shall be given at least 5 days written notice, but the cut off shall not be effected before twenty (20) days after the mailing date of the original bill. Such termination notice shall be exclusive of and separate from any bill. The termination notice shall include that there is in existance local, state, and federal programs that may provide assistance in payment of utility bills under certain conditions and the office to contact for more information.

PAYMENT BY CREDIT / DEBIT CARDS:

N
↓

Customers may choose to pay their bill by credit or debit card in person at the Utility office or by telephone. A customer that chooses to use this form of payment will incur a convenience fee to allow the Utility to recoup the costs it is charged by the processing agent for the transaction. The convenience fee is assessed on a per transaction basis.

If on the bill due date an attempt to pay by credit or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date, and all late charges and fees will be applied. If a customer is paying on the disconnect day and the card is denied, the same rules as above will apply, in addition to service being disconnected.

Whenever a customer chooses to make a payment by credit or debit card, the Utility is charged a transaction fee by the credit/debit card processing agent. Therefore, whenever a customer chooses to make a payment by credit or debit card, the customer will be charged a convenience fee to recoup the costs the Utility incurs for providing this optional method of payment.

Prior to processing the transaction, the customer will be informed of the amount of the convenience fee and, upon request by the customer, the methodology employed to arrive at the amount.

_____ SHEET NO. _____

>Continued from prior page

The amount of the convenience fee is limited to only recover the cost of providing this specific service and to yield only enough revenue to pay the expenses the Utility incurs for providing this specific service. In order to comply with these rules, the Utility must calculate the amount of the convenience fee annually using the following formula:

$$(\text{Processing Costs} + (\text{Processing Costs} - \text{Fees Collected})) / \text{Total Number of Transactions} = \text{Convenience Fee}$$

This calculation must be submitted to the PSC no later than August 1 of each year. If the filing is accepted by the PSC, the newly calculated rate will become effective on August 31 of each year and must be included with the Utility's on-file tariff. Failure to submit a timely filing will result in the Utility forfeiting its authority to charge this fee.

FOR All areas served by District

PSC KY NO. _____

_____ SHEET NO. _____

CANCELLING PSC KY NO. _____

_____ SHEET NO. _____

Whitley County Water District No. 1
(Name of Utility)

Fire Departments.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15th day of the following calendar month.

Any User that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water. A User shall submit a monthly report even if it withdraws no water for fire protection or training purposes.

A non-reporting User's usage shall be presumed to be 0.3 percent of the utility's total water sales for the calendar month. A non-reporting User may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and shall adjust the presumed usage amount accordingly.

The non-reporting User shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting User shall also be assessed a penalty of \$ 50.00 for each failure to submit a report in a timely manner.
