Application for Certificate of Authority to Provide Local Telecommunication Services Show technical capability and experience.

The applicant has been the resale business for almost one year and has gained experience in negotiating with various Exchange Carriers, such as South Western Bell, General Telephone Exchange, Sprint-Contel, Centel, Altell, East Tex Telephone Company, Lufkin-Conroe Telephone Exchange, Livingston Telephone Company and with various long distance carriers, including AT & T, MCI, Phone Communications, Inc. and Var Tec Telecom.

In addition to negotiating rates with various telecommunication exchange carriers, the staff is competent in dealing with the charges for basic service, the many options and services as requested for each customer. The management and staff have an understanding of each exchange company's bills and can therefore explain a customer's phone bill with no difficulty.

The management and staff are also competent in handling repair or trouble problems as they are called in to Lone Star Communications. The management and staff know the contacts and contact numbers to advise the customer on a daily basis of the status of their repairs and the due dates for repair.

The management and staff are also knowledgeable when explanations are necessary for the purpose and use of options available to the customer and the costs for such services.

Related services are also offered, such as insuring that the customer gets a phone book, and offered advise where they can make their payments, or where they can purchase phone accessories, such as a caller ID or an inexpensive phone.

Lone Star Communications also has on staff a capable and experienced telephone technician that will provide telephone repair at a much lower cost than other telephone exchanges. He is available for same day repair.

Lone Star Communications also relies on the underlying exchange carrier for the more technical aspects of telecommunications and meets the standards accepted in the telecommunications field

Mr. Larry E. Miller Credit Loans Inc. 139 N. Main Conroe, Texas 77301

Dear Mr. Miller:

I have compiled the accompanying statement of assets, liabilities and equity-income tax basis of Credit Loans Inc. as of August 31, 1999 and the related statement of revenues and expenses-income tax basis for the eight months and the twelve months then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statements have been prepared on the accounting basis used by the Company for income tax purposes, which is a comprehensive basis of accounting other than generally accepted accounting principles.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Management has elected to omit substantially all the disclosures and the statement of retained earnings ordinarily included in financial statements. If the omitted disclosures and statement were included in the financial statements they might influence the user's conclusions about the Company's assets, liabilities, equity, revenues and expenses. Accordingly, these financial statements are not designed for those who are not informed about such matters.

The information included in the accompanying Schedules of Revenues and Expenses for the Conroe, Huntsville and Navasota Offices and Lone Star Telephone is presented only for supplementary analysis purposes.
