Description of the Transaction

Intermedia and Telanetix, along with Sierra Merger Sub Co. ("MergerSub"), a wholly-owned subsidiary of Intermedia Voice Services, Inc., and an indirect wholly-owned subsidiary of Intermedia, which was created solely for the purposes of this transaction, have entered into an Agreement and Plan of Merger dated as of January 18, 2013 ("Agreement") whereby Intermedia will acquire control of Telanetix, and indirectly, AccessLine through an all cash transaction. Concurrently with this transaction, Intermedia's existing shareholders, will invest an additional approximately \$15 million into the equity of Intermedia. Oak Hill

will remain the company's largest shareholder. Specifically, MergerSub will be merged with and into Telanetix with Telanetix surviving the merger. As a result of the proposed transaction, AccessLine will become a wholly-owned indirect subsidiary of Intermedia. Attached as Exhibit A is an illustrative chart of the proposed transaction.

Following the consummation of the proposed transaction, AccessLine's customers will continue to receive service under the same rates, terms and conditions of service as before. AccessLine will continue to operate and provide services to its customers, and will retain the assets used in the provision of those services. The proposed transaction will not involve a change in AccessLine's operating authority in Kentucky and AccessLine's tariffs or terms of service will remain in effect. The proposed transaction will be seamless and virtually transparent to customers.

Notification of Certain Prior Transactions

In addition to the foregoing, Telanetix and AccessLine hereby notify the Commission of prior actions for which Telanetix and AccessLine inadvertently did not notify the Commission.

On June 30, 2010, Telanetix entered into securities purchase agreement ("Purchase Agreement") with (i) EREF-TELA, LLC, a Delaware limited liability company ("EREF"), (ii) HCP-TELA, LLC, a Delaware limited liability company (HCPT), and (iii) CBG-TELA, LLC, a Delaware limited liability company ("CBG", and together with HCPT and EREF, the "Purchasers"), pursuant to which in exchange for \$10,500,000, Telanetix agreed to issue to the Purchasers \$10,500,000 of senior secured notes (the "Notes") and 287,501,703 shares of Common Stock. The 287,501,703 shares of Common Stock were allocated as follows: 191,667,802 shares to HCPT (resulting in ownership of 55% of the outstanding shares of Common Stock), 41,071,672 shares to EREF (resulting in ownership of 11.8% of the outstanding shares of Common Stock) and 54,762,229 shares to CGB (resulting in ownership of 15.7% of the outstanding shares of Common Stock). Telanetix issued the Notes and 225,492,765 shares of Common Stock to the Purchasers at the closing of the transactions contemplated by the Purchase Agreement on July 2, 2010 (the "Closing Date"). Telanetix issued the balance of the shares of Common Stock (approximately 62,008,938 shares) following an amendment to its certificate of incorporation to increase the authorized capital stock to permit such issuance, which amendment was filed on September 2, 2010. As a result of this transaction, HCPT acquired direct control of Telanetix and indirect control of ACC.

Public Interest Considerations

The Parties respectfully submit that the transaction serves the public interest. In particular, the Parties submit that: (1) the proposed transaction will increase competition in the Kentucky telecommunications market by reinforcing the status of AccessLine as a viable competitor; and (2) the proposed transaction will minimize the disruption of service and will be completely transparent to AccessLine's customers. All AccessLine customers will continue to be provided service from that company, and any changes to the rates, terms, or

conditions of that service, or any change in the name of the service providers, will only be undertaken pursuant to Commission requirements.

The transaction is expected to facilitate competition in Kentucky by improving the operational position of AccessLine. The combination of the products and services of AccessLine and Telanetix with Intermedia's complementary suite of products and services will provide customers with the long-term confidence that their strategic requirements for business communications infrastructure needed for increased productivity, business continuity and regulatory compliance will be met. Moreover, given that the proposed transaction will not affect AccessLine's rates, terms and conditions of services, the proposed transaction will have no negative effects on consumers.
