Dear Mr. Derouen:

Please find attached revised tariff pages of the Access Services Tariff. With this filing, Exchange Access Frame Relay Service (XAFRS) and Exchange Access Asynchronous Transfer Mode (ATM) Service (XAATMS) as described in Section E21 will no longer be available to new customers. These services have been moved to the Obsolete section, E121, of the Access Services Tariff. This filing mirrors an interstate FCC No. 1 tariff filing made with the Federal Communications Commission on October 21, 2011. Additionally, the 214 application for grandfathering this service was automatically deemed granted effective September 19, 2011.

If there are any questions concerning this proposal, please call Joan Duncan, 502-582-8416.

Very truly yours,

Mary Pat Regan
