Re: Industrial Power Agreement with Interruptible Service between East Kentucky Power Cooperative, Inc., Owen Electric Cooperative, Inc., and Kentucky American Water

Dear Mr. Derouen:

On January 28, 2016 East Kentucky Power Cooperative, Inc. ("EKPC") filed with the Commission, via the electronic tariff filing system, the above-referenced special contract. EKPC was seeking the Commission's acceptance or approval of this Industrial Power Agreement ("IPA") with Interruptible Service pursuant to the Commission's December 20, 2012 Order in Case No. 2012-00169.

On February 5, 2016 the Commission Staff submitted a pair of questions about the IPA to EKPC. The first question sought clarification of what appeared to be a typographical error in the IPA. The second question sought information concerning a reference to a "Cooperative distribution rate" in the Interruptible Service section of the IPA. EKPC discussed this reference with Owen Electric Cooperative, Inc. ("Owen") and has concluded this reference was included in error. Owen's practice is to pass through the interruptible service buy-through charges billed by EKPC with no additional adder. Owen had utilized a standard template to develop the IPA and did not realize a Cooperative distribution rate was included in the template.

Consequently, EKPC and Owen wish to correct this error in the IPA and therefore request they be permitted to withdraw the IPA filed on January 28, 2016 from consideration for approval or acceptance by the Commission. After correcting the document, a new IPA with Interruptible Service will be signed by Kentucky American Water, Owen, and EKPC. The corrected IPA with Interruptible Service will then be submitted again via the electronic tariff filing system seeking the Commission's acceptance or approval.
