Mr. Brent Kirtley
Tariff Branch Manager
Public Service Commission
Frankfort, Ky. 40602

Dear Mr. Kirtley,

Please find below cost justifications for changes made to Barkley Lake Water District's Special Nonrecurring Charges.

C. Item # 3. (Meter Relocation Charge)

Current Charge: \$125.00
Proposed Charge: At Cost.

Justification: Due to the number of unknown factors involved with relocating a meter service, it is very difficult to set a "given" price. Rather than raise the fee to a maximum to cover all situations, we felt it would be in the best interest of our customers to charge "at cost" to merely recoup our expenses.

Examples of unknown factors: Length of service, type of service to reclaim; grass, blacktop, or concrete. Is road bore involved?

D. Item # 6 (Broken Water Lines)

Current Charge: N/A
Proposed Charge: At Cost

Justification: Charge applied when lines are broken and the District is not given an opportunity to locate and properly mark water lines. It would be difficult to set a “given” price due to unknown factors. Rather than raise the fee to a maximum to cover all situations, we felt it would be in the best interest of our customers to charge “at cost” to merely recoup our expenses.

Examples of unknown factors: Where service lines and associated fittings involved? Where water main fittings such as tee’s, ell’s, hydrants, valves, or concrete kickers involved?

Sincerely,

Terry Goins
