Re: *Access Tariff Revisions to Comply with FCC's Intercarrier Compensation Orders*

Dear Mr. Kirtley:

Acorn Telephone LLC is filing tariff revisions reflecting rates applicable to Transitional Intrastate Access Service, *see* 47 C.F.R. § 51.911(b). The purpose of this filing is to adjust Intrastate Switched Access Rates for Acorn Telephone LLC as required by the FCC's orders in its comprehensive intercarrier compensation proceeding.¹ As of the effective date, the revised Intrastate switched access rates will mirror the tariffed Interstate switched access rates set forth in the NECA tariff and incorporated by reference in the Acorn Tariff F.C.C. No. 1. Acorn is a rural CLEC that benchmarks access rates to rate-of-return carriers, billing NECA rates for Interstate usage. These revisions are to become effective July 3, 2012, as required by the FCC.

Should you have any questions or require any further information, please contact me.

Respectfully,

Dell Purdy
