RE: **City of Tompkinsville / Monroe County Water District
Wholesale Water Sales Rate Increase**

Dear Mr. Hinton:

Please find enclosed the required paperwork necessary to seek approval from the PSC to increase the wholesale water rate amount charged to the Monroe County Water District by the City Tompkinsville. While the City's Ordinance was enacted and published in December, the City understands that the new rate is not effective until after 30 days from today AND we must also have PSC approval, so that the Monroe County Water District will continue at the present rate per 1,000 gallons until such time as all requirements are met and the approval is issued.

Please contact me at the information contained in this letter should you have any questions, comments, or need any further information. I appreciate your assistance with this matter and I will be available anytime should you require anything else from myself of the city.

Thank You,
