RE: **City of Tompkinsville / Monroe County Water District  
Wholesale Water Sales Rate Increase**

Dear Board of Directors:

Please find enclosed the required paperwork necessary to seek approval from the PSC to increase the wholesale water rate amount charged to the District by the City. While the City's Ordinance was enacted and published in December, the City understands that the new rate is not effective until after 30 days from today AND must have PSC approval, so that the District will continue at the present rate per 1,000 gallons until such time as all requirements are met.

Please contact me at the information contained in this letter should you have any questions, comments, or need any further information. I appreciate your assistance with this matter and I will be available anytime should you require anything else from myself of the city.

Thank You,
