WHEREAS, BellSouth desires to provide and CUSTOMER desires to purchase certain Services;

NOW, THEREFORE, in consideration of the mutual agreements contained herein, BellSouth and CUSTOMER agree as follows:

Definitions

Affiliate is defined as a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term "own" means to own an equity interest (or equivalent thereof) of more than 10 percent.

Commission is defined as the appropriate regulatory agency in each state of BellSouth's nine-state region (Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee).

Competitive Local Exchange Carrier (CLEC) means a telephone company certificated by the Commission to provide local exchange service within BellSouth's franchised area.

Effective Date is defined as the date that the Agreement is effective for purposes of rates, terms and conditions and shall be effective March 11, 2005. Future

amendments for rate changes will be effective thirty (30) days after the date of the last signature executing the amendment.

End User means the ultimate user of the Telecommunications Service.

FCC means the Federal Communications Commission.

General Terms and Conditions means this document including all of the terms, provisions and conditions set forth herein.

Telecommunications means the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

Telecommunications Service means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

Telecommunications Act of 1996 (Act) means Public Law 104-104 of the United States Congress effective February 8, 1996. The Act amended the Communications Act of 1934 (47 U.S.C. Section 1 et. seq.).

1. Scope of this Agreement

- 1.1 This Agreement sets forth the obligations of each Party with respect to BellSouth's provision of certain services, as described herein, to CUSTOMER (Service(s)).
- 1.2 Notwithstanding Section 23 below, the Parties acknowledge that this Agreement is intended to be governed by the provisions of 47 U.S.C. §§ 201, 202 and 271. The Parties acknowledge that this Agreement is subject to the exclusive jurisdiction of the FCC. To the extent any other regulatory agency seeks to exert jurisdiction over this Agreement, any entity seeks to have any other regulatory agency exert jurisdiction over this Agreement, or any entity seeks to subject this Agreement to any rates, terms, or conditions not specified herein, BellSouth shall have the right to terminate this Agreement upon fifteen (15) days notice to CUSTOMER.

2. CLEC Certification

- 2.1 Prior to execution of this Agreement, CUSTOMER agrees to provide BellSouth in writing CUSTOMER's CLEC certification for all states covered by this Agreement except Kentucky. Should CUSTOMER's certification in any state be rescinded or otherwise terminated, BellSouth may, at its election, terminate this Agreement immediately and all monies owed on all outstanding invoices shall become due, or BellSouth may refuse to provide Services hereunder in that state until certification is reinstated in that state. CUSTOMER shall provide an effective

certification to do business, as issued by the Secretary of State, or equivalent authority, in each state covered by this Agreement.

- 2.2 To the extent CUSTOMER is not certified as a CLEC in any state covered by this Agreement as of the execution hereof, CUSTOMER may not purchase Services under this Agreement in that state. CUSTOMER will notify BellSouth in writing and provide CLEC certification when it becomes certified to operate in any other state covered by this Agreement and, upon receipt thereof, CUSTOMER may thereafter purchase Services pursuant to this Agreement in that state.

3. Term and Termination of the Agreement

- 3.1 The term of this Agreement shall commence on the Effective Date and shall apply to the BellSouth territory in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee. It shall continue in effect thereafter until December 31, 2007.
- 3.2 The Parties agree that no earlier than one hundred eighty (180) days and no later than one hundred twenty (120) days prior to the expiration of this Agreement, they may mutually agree to commence negotiations for a new agreement to be effective beginning on the expiration date of this Agreement. Alternatively, the Parties shall develop a transition plan to ensure a full transition of all Services on December 31, 2007. In the event the Parties are unable to agree upon a transition plan, BellSouth may, at its discretion, terminate all or any of the Services at any time after December 31, 2007. In such event, the rates, terms and conditions hereof shall continue to apply to such Services after December 31, 2007, to the date such Services are actually terminated.
- 3.3 In addition to as otherwise set forth in this Agreement, BellSouth reserves the right to suspend or terminate Service in the event of prohibited, unlawful or improper use of BellSouth facilities or service, or abuse of BellSouth facilities.
- 3.4 Except as set forth in Attachment 3 regarding failure to pay for Services, if either Party breaches or defaults on any of the terms, conditions, or covenants of this Agreement, the other Party shall give the breaching Party written notice of such breach or default. If such breach or default is not cured within ten (10) days after such written notice, then in addition to all other rights and remedies at law, in equity or otherwise, the non-breaching Party may terminate this Agreement without any charge, obligation, or liability whatsoever for such breach, except for payment for Services rendered.
- 3.5 Upon BellSouth's termination of this Agreement as specified in this Section, applicable damages shall be assessed, and CUSTOMER shall be liable for such charges. Upon termination of this Agreement the terms and conditions of this Agreement shall continue to apply for all Services until the date such Services are

actually transitioned from this Agreement, or the date that BellSouth specifies for the completion of the transition, whichever is earlier, (Transition Period). CUSTOMER shall not be entitled to place any orders for the purchase of Services or make any changes to the Services other than transitioning the Services from this Agreement during the Transition Period. At BellSouth's discretion, the rates for 2007 shall apply to all Services during the Transition Period unless such rates have otherwise been applied through imposition of the damages pursuant to Section 9.

4. Conversion of Embedded Base

4.1 If, as of the Effective Date of this Agreement, CUSTOMER has existing port/loop combinations or switch ports purchased pursuant to another agreement with BellSouth, the execution of this Agreement constitutes CUSTOMER's request to transition all such port/loop combinations and switch ports to the applicable Service provided under this Agreement. A Local Service Request (LSR) is not required and conversion charges do not apply to the conversion of the embedded base as of the Effective Date of the Agreement.

4.2 Any amounts owed pursuant to any prior agreement between the Parties for any port/loop combinations and switch ports, or other associated charges related thereto, shall be due and owing under the prior agreement.

4.3 Any orders placed under any prior agreement between the Parties for port/loop combinations and switch ports, not provisioned prior to the Effective Date hereof, shall be provisioned under and governed by the terms of this Agreement as of the Effective Date hereof as if such orders were placed under this Agreement.

5. Rates

CUSTOMER shall pay the rates set forth in Exhibit A of Attachment 1 of this Agreement in addition to any other charges specifically set forth in this Agreement. If no rate is set forth for a Service in this Agreement then BellSouth's tariff rates shall apply. If no tariff rate exists, then BellSouth shall not be required to provide such Service until a rate has been established between the Parties. In the event that BellSouth is unable to bill the applicable rate under this Agreement for any Services provided pursuant to this Agreement, BellSouth reserves the right to back-bill CUSTOMER for such rate or for the difference between the rate actually billed and the rate that should have been billed pursuant to this Agreement. The rates set forth in Exhibit A to Attachment 1 shall commence on the Effective Date of the Agreement and be effective through June 30, 2006. The rates set forth in Exhibit B shall commence on July 1, 2006 and be effective through the remaining term of this Agreement.

6. Service Level Commitment

Upon the Effective Date of this Agreement, BellSouth's performance under this Agreement for DS0 Wholesale Switch Port Services and DS0 Wholesale Local Platform Services shall be governed by the service level commitments (SLCs) set forth in this Agreement. Except as otherwise stated herein, as of the Effective Date hereof, BellSouth's performance of this Agreement shall not be subject to any service quality measurement (SQM) plan, payments of remedies in any self-effectuating enforcement mechanism (SEEM) plan or any other penalty plan, performance plan or other similar requirements imposed by a Commission or the FCC. In the event a Commission or the FCC determines that Services provided pursuant to this Agreement are subject to any penalty payment, remedy or service level measure not incorporated in this Agreement, CUSTOMER, within thirty (30) days of a request from BellSouth, shall reimburse BellSouth for any such penalty or other remedy paid by BellSouth to CUSTOMER. In the event a Commission or the FCC determines BellSouth is not entitled to reimbursement of such payment, or BellSouth is required to pay any penalty, remedies or other such payments to a Commission or the FCC, then upon BellSouth's request, the Parties shall negotiate an amendment to the prices for Services hereunder. The amended prices shall be applied retroactively to the date the SQM/SEEMs, or other penalty or performance plan, is deemed to have applied to the Services set forth herein. As of the date the amended prices are applicable to this Agreement, BellSouth shall no longer be responsible for measurement of, or payments associated with, the SLCs described in Attachment 4. Further, CUSTOMER shall reimburse BellSouth in an amount equal to the total payments from BellSouth associated with such SLCs paid as of the date such amended prices are applicable. If the Parties are unable to reach an agreement and execute an amendment within thirty (30) days after BellSouth's request, BellSouth may terminate this Agreement in any affected state(s) upon fifteen (15) days written notice to CUSTOMER. SLCs and consequences for failure to maintain SLCs are as set forth in Attachment 4 of this Agreement.

7. Commitment

CUSTOMER will purchase all port/loop switching combinations and switch ports, or any other services or facilities that have the same or similar function as the DS0 Wholesale Switch Port Services, DS0 Wholesale Local Platform Services, DS1 Wholesale Switch Port Services or the DS1 Wholesale Local Platform Services, as applicable, provided by BellSouth only pursuant to this Agreement. CUSTOMER will not purchase port/loop combinations or switch ports, or any other services or facilities that have the same or similar function as the DS0 Wholesale Switch Port Services, DS0 Wholesale Local Platform Services, DS1 Wholesale Switch Port Services or the DS1 Wholesale Local Platform Services, as applicable, either directly or indirectly, from BellSouth pursuant to any other agreement, tariff, or otherwise, including from a third party provider if BellSouth is the underlying network provider. Notwithstanding the foregoing, this Agreement does not

prohibit CUSTOMER from (1) purchasing standalone loops, or resale services under a BellSouth agreement or tariff; (2) purchasing any services from a third party using the third party's own facilities; or (3) using CUSTOMER's own facilities.

7.1 CUSTOMER will not transition to unbundled network element loops, in the aggregate, more than five percent (5%) of (i) its Wholesale Local Platform Services purchased under this Agreement (including the embedded base described in Section 4.1), and (ii) unbundled loop/port combinations purchased from BellSouth pursuant to a Section 251 interconnection agreement (UNE-P) lines or Wholesale Local Platform Services lines acquired from third party carriers.

7.1.1 In determining whether, at any given point in time, CUSTOMER has met the five percent (5%) test set forth in Section 7.1 above, the numerator and denominator shall be calculated as follows:

7.1.2 The numerator consists of all lines that have been transitioned to unbundled network element loops from (i) Wholesale Local Platform Services purchased under this Agreement (including the embedded base described in Section 4.1) and (ii) UNE-P lines or Wholesale Local Platform Services lines acquired from third party carriers as described in 7.1 above and that at the time the calculation is made are still being served by CUSTOMER using unbundled network element loops purchased from BellSouth.

7.1.3 The denominator consists of all lines that at any time prior to the time that the calculation has been made have been ordered by CUSTOMER as (i) Wholesale Local Platform Services purchased under this Agreement (including the embedded base described in Section 4.1 and (ii) UNE-P lines or DS0 Wholesale Local Platform Services lines acquired from third party carriers as described in 7.1 above.

8. Audits

BellSouth, in its reasonable discretion and upon no less than ten (10) days notice, may conduct an audit of CUSTOMER's facilities and records to the extent necessary to confirm compliance with Section 7 above. CUSTOMER agrees to cooperate with BellSouth and to provide any information BellSouth reasonably requests to determine compliance. In the event that the audit reveals noncompliance with the terms of Section 7 above, CUSTOMER shall reimburse BellSouth for the costs of the audit and BellSouth shall have the right to terminate this Agreement pursuant to Section 3 hereof. In the event of such noncompliance, CUSTOMER's right to cure pursuant to Section 3 includes the obligation to transfer all non-compliant services to Services under this Agreement, in addition to paying BellSouth the rates set forth in this Agreement for the services that should have been purchased pursuant to this Agreement from the date of the transfer of

such services to this Agreement, or the date such service is terminated, whichever is later.

9. Damages

The Parties recognize that in the event of CUSTOMER's breach of this Agreement, damages are difficult, if not impossible, to ascertain, particularly in light of the uncertainty regarding FCC rules and court orders applicable to the Parties and the telecommunications industry. The Parties have included the following terms as a liquidated damages provision pursuant to O.C.G.A. § 13-6-7. Such damages constitute a reasonable estimate of actual damages and are not intended by either Party to be a penalty. Except as otherwise stated herein, neither Party may terminate this Agreement prior to expiration of the term hereof except as expressly permitted elsewhere in this Agreement. If CUSTOMER terminates this Agreement for any reason other than BellSouth's material breach hereof, prior to the expiration hereof, or if BellSouth terminates this Agreement for CUSTOMER's material breach, the total amount of damages due BellSouth shall be the greater of (1) the number of Wholesale Switch Port Services and Wholesale Local Platform Services in service at the time of breach; or (2) the number of Wholesale Switch Port Services and Wholesale Local Platform Services in service at the time of termination, multiplied by, for each month and partial month remaining in the term of the Agreement subsequent to the termination, the applicable fixed monthly recurring charges for such Services that CUSTOMER would have been obligated to pay BellSouth had the Agreement not been terminated.

10. Court Ordered Requests for Call Detail Records and Other Subscriber Information

10.1 Subpoenas Directed to BellSouth. Where BellSouth provides the Services for CUSTOMER, BellSouth shall respond to subpoenas and court ordered requests delivered directly to BellSouth for the purpose of providing call detail records when the targeted telephone numbers belong to CUSTOMER's End Users. Billing for such requests will be generated by BellSouth and directed to the law enforcement agency initiating the request. BellSouth shall maintain such information for CUSTOMER End Users for the same length of time it maintains such information for its own End Users.

10.2 Subpoenas Directed to CUSTOMER. Where BellSouth is providing to CUSTOMER Services, then CUSTOMER agrees that in those cases where CUSTOMER receives subpoenas or court ordered requests regarding targeted telephone numbers belonging to CUSTOMER's End Users, and where CUSTOMER does not have the requested information, CUSTOMER will advise the law enforcement agency initiating the request to redirect the subpoena or court ordered request to BellSouth for handling in accordance with 10.1 above.

10.3 In all other instances, where either Party receives a request for information involving the other Party's End User, the Party receiving the request will advise the law enforcement agency initiating the request to redirect such request to the other Party.

11 Liability and Indemnification

11.1 CUSTOMER Liability. In the event that CUSTOMER consists of two (2) or more separate entities as set forth in this Agreement and/or any Amendments hereto, or any third party requests Services under this Agreement using CUSTOMER's codes, all such entities shall be jointly and severally liable for the obligations of CUSTOMER under this Agreement.

11.2 Liability for Acts or Omissions of Third Parties. BellSouth shall not be liable to CUSTOMER for any act or omission of another entity providing services to CUSTOMER.

11.3 Limitation of Liability. Except for any indemnification obligations of the Parties hereunder, BellSouth's liability to CUSTOMER for any loss, cost, claim, injury, liability or expense, including reasonable attorneys' fees relating to or arising out of any cause whatsoever, whether based in contract, negligence or other tort, strict liability or otherwise, relating to the performance of this Agreement, shall not exceed a credit for the actual cost of the Services not performed or improperly performed. Any amounts paid to CUSTOMER pursuant to Attachment 4 hereof shall be credited against any damages otherwise payable to CUSTOMER pursuant to this Agreement.

11.3.1 Limitations in Tariffs. CUSTOMER may, in its sole discretion, provide in its tariffs and contracts with its End Users and third parties that relate to any Service provided or contemplated under this Agreement, that, to the maximum extent permitted by applicable law, CUSTOMER shall not be liable to the End User or third party for (i) any loss relating to or arising out of this Agreement, whether in contract, tort or otherwise, that exceeds the amount CUSTOMER would have charged that applicable person for the service that gave rise to such loss and (ii) indirect, incidental or consequential damages. To the extent that CUSTOMER elects not to place in its tariffs or contracts such limitations of liability, and BellSouth incurs a loss as a result thereof, CUSTOMER shall indemnify and reimburse BellSouth for that portion of the loss that would have been limited had CUSTOMER included in its tariffs and contracts the limitations of liability that BellSouth included in its own tariffs at the time of such loss, except to the extent caused by BellSouth's gross negligence or willful misconduct.

11.3.2 BellSouth shall not be liable for damages to CUSTOMER's terminal location, equipment or End User premises resulting from the furnishing of a Service, including, but not limited to, the installation and removal of equipment or

associated wiring, except to the extent caused by BellSouth's negligence or willful misconduct.

- 11.3.3 Under no circumstance shall BellSouth be responsible or liable for indirect, incidental, or consequential damages, including, but not limited to, economic loss or lost business or profits, damages arising from the use or performance of equipment or software, or the loss of use of software or equipment, or accessories attached thereto, delay, error, or loss of data. In connection with this limitation of liability, CUSTOMER recognizes that BellSouth may, from time to time, provide advice, make recommendations, or supply other analyses related to the Services described in this Agreement, and, while BellSouth shall use diligent efforts in this regard, CUSTOMER acknowledges and agrees that this limitation of liability shall apply to the provision of such advice, recommendations, and analyses.
- 11.3.4 To the extent any specific provision of this Agreement purports to impose liability, or limitation of liability, on BellSouth different from or in conflict with the liability or limitation of liability set forth in this Section, then with respect to any facts or circumstances covered by such specific provisions, the liability or limitation of liability contained in such specific provision shall apply.
- 11.4 Indemnification for Certain Claims. Except to the extent caused by BellSouth's gross negligence or willful misconduct, BellSouth, its Affiliates, parent company and their employees and agents, shall be indemnified, defended and held harmless by CUSTOMER against any claim, loss or damage arising from CUSTOMER's use of the Services provided under this Agreement pertaining to (1) claims for libel, slander or invasion of privacy arising from the content of CUSTOMER's own communications, or (2) any claim, loss or damage claimed by the End User of CUSTOMER arising from such End User's use or reliance on BellSouth's Services, actions, duties, or obligations arising out of this Agreement.
- 11.5 Disclaimer. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, BELLSOUTH MAKES NO REPRESENTATIONS OR WARRANTIES TO CUSTOMER CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES, OR FACILITIES PROVIDED UNDER THIS AGREEMENT. CUSTOMER DISCLAIMS, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.

12 Intellectual Property Rights and Indemnification

- 12.1 No License. No patent, copyright, trademark or other proprietary right is licensed, granted or otherwise transferred by this Agreement. The Parties are strictly prohibited from any use, including but not limited to, in the selling, marketing, promoting or advertising of Telecommunications Services, of any name, service

mark, logo or trademark (collectively, the “Marks”) of the other Party. The Marks include those Marks owned directly by a Party or its Affiliate(s) and those Marks that a Party has a legal and valid license to use. The Parties acknowledge that they are separate and distinct and that each provides a separate and distinct service and agree that neither Party may, expressly or impliedly, state, advertise or market that it is or offers the same service as the other Party or engage in any other activity that may result in a likelihood of confusion between its own service and the service of the other Party.

12.2 Ownership of Intellectual Property. Any intellectual property that originates from or is developed by a Party shall remain the exclusive property of that Party. Except for a limited, non-assignable, non-exclusive, non-transferable license to use patents or copyrights to the extent necessary for the Parties to use any facilities or equipment (including software) or to receive any Service solely as provided under this Agreement, no license in patent, copyright, trademark or trade secret, or other proprietary or intellectual property right, now or hereafter owned, controlled or licensable by a Party, is granted to the other Party. Neither shall it be implied nor arise by estoppel. Any trademark, copyright or other proprietary notices appearing in association with the use of any facilities or equipment (including software) shall remain on the documentation, material, product, service, equipment or software. It is the responsibility of each Party to ensure at no additional cost to the other Party that it has obtained any necessary licenses in relation to intellectual property of third parties used in its network that may be required to enable the other Party to use any facilities or equipment (including software), to receive any service, or to perform its respective obligations under this Agreement.

12.3 Intellectual Property Remedies

12.3.1 Indemnification. The Party providing a Service pursuant to this Agreement will defend the Party receiving such Service or data provided as a result of such Service against claims of infringement arising solely from the use by the receiving Party of such Service in the manner contemplated under this Agreement and will indemnify the receiving Party for any damages awarded based solely on such claims in accordance with Section 11 preceding.

12.3.2 Claim of Infringement. In the event that use of any facilities or equipment (including software), becomes, or in the reasonable judgment of BellSouth is likely to become, the subject of a third party claim, action, suit, or proceeding based on intellectual property infringement, then BellSouth shall have the right to terminate, upon reasonable notice, this Agreement with respect to use of, or Services provided through use of, the affected facilities or equipment (including software), but solely to the extent required to avoid the infringement claim.

12.3.3 Exception to Obligations. Neither Party's obligations under this Section shall apply to the extent the infringement is caused by: (i) modification of the facilities or

equipment (including software) by the indemnitee; (ii) use by the indemnitee of the facilities or equipment (including software) in combination with equipment or facilities (including software) not provided or authorized by the indemnitor, provided the facilities or equipment (including software) would not be infringing if used alone; (iii) conformance to specifications of the indemnitee which would necessarily result in infringement; or (iv) continued use by the indemnitee of the affected facilities or equipment (including software) after being placed on notice to discontinue use as set forth herein.

- 12.3.4 Exclusive Remedy. The foregoing shall constitute the Parties' sole and exclusive remedies and obligations with respect to a third party claim of intellectual property infringement arising out of the conduct of business under this Agreement.

13 Proprietary and Confidential Information

- 13.1 Proprietary and Confidential Information. It may be necessary for BellSouth and CUSTOMER, each as the "Discloser," to provide to the other Party, as "Recipient," certain proprietary and confidential information (including trade secret information) including but not limited to technical, financial, marketing, staffing and business plans and information, strategic information, proposals, request for proposals, specifications, drawings, maps, prices, costs, costing methodologies, procedures, processes, business systems, software programs, techniques, customer account data, call detail records and like information (collectively the "Information"). All such Information conveyed in writing or other tangible form shall be clearly marked with a confidential or proprietary legend. Information conveyed orally by the Discloser to Recipient shall be designated as proprietary and confidential at the time of such oral conveyance, shall be reduced to writing by the Discloser within forty-five (45) days thereafter, and shall be clearly marked with a confidential or proprietary legend.

- 13.2 Use and Protection of Information. Recipient agrees to protect such Information of the Discloser provided to Recipient from whatever source from distribution, disclosure or dissemination to anyone except employees of Recipient with a need to know such Information solely in conjunction with Recipient's analysis of the Information and for no other purpose except as authorized herein or as otherwise authorized in writing by the Discloser. Recipient will not make any copies of the Information inspected by it.

- 13.3 Exceptions. Recipient will not have an obligation to protect any portion of the Information which:

- 13.3.1 (a) is made publicly available by the Discloser or lawfully by a non-Party to this Agreement; (b) is lawfully obtained by Recipient from any source other than Discloser; (c) is previously known to Recipient without an obligation to keep it

confidential; or (d) is released from the terms of this Agreement by Discloser upon written notice to Recipient.

- 13.4 Recipient agrees not to publish or use the Information for any advertising, sales or marketing promotions, press releases, or publicity matters that refer either directly or indirectly to the Information or to the Discloser or any of its affiliated companies.
- 13.5 The disclosure of Information neither grants nor implies any license to the Recipient under any trademark, patent, copyright, application or other intellectual property right that is now or may hereafter be owned by the Discloser.
- 13.6 Survival of Confidentiality Obligations. The Parties' rights and obligations under this Section 13 shall survive and continue in effect until two (2) years after the expiration or termination date of this Agreement with regard to all Information exchanged during the term of this Agreement. Thereafter, the Parties' rights and obligations hereunder survive and continue in effect with respect to any Information that is a trade secret under applicable law.

14. Disclosure

Notwithstanding anything in this Agreement, upon execution hereof, BellSouth may use CUSTOMER's name in connection with a press release relating to the execution of this Agreement. In addition, BellSouth shall post this Agreement or file it with the FCC, as appropriate, to the extent such posting or filing may be required in BellSouth's reasonable discretion.

15. Resolution of Disputes

In the event the Parties are unable to resolve any disputes that arise under this Agreement, the aggrieved Party shall pursue resolution of such dispute(s) with the appropriate federal or state court of competent jurisdiction. The Parties submit to personal jurisdiction in Atlanta, Georgia, and waive any objections to a Georgia venue. Except as otherwise provided in this Agreement, nothing herein shall be deemed a waiver of any right of a Party to pursue any remedy at law or in equity.

16. Taxes

- 16.1 Definition. For purposes of this Section, the terms "taxes" and "fees" shall include but not be limited to federal, state or local sales, use, excise, gross receipts or other taxes or tax-like fees of whatever nature and however designated (including tariff surcharges and any fees, charges or other payments, contractual or otherwise, for the use of public streets or rights of way, whether designated as franchise fees or otherwise) imposed, or sought to be imposed, on or with respect

to the Services furnished hereunder or measured by the charges or payments therefore, excluding any taxes levied on income.

16.2 Taxes and Fees Imposed Directly On Either Providing Party or Purchasing Party

16.2.1 Taxes and fees imposed on the providing Party, which are not permitted or required to be passed on by the providing Party to its customer, shall be borne and paid by the providing Party.

16.2.2 Taxes and fees imposed on the purchasing Party, which are not required to be collected and/or remitted by the providing Party, shall be borne and paid by the purchasing Party.

16.3 Taxes and Fees Imposed on Purchasing Party But Collected And Remitted By Providing Party

16.3.1 Taxes and fees imposed on the purchasing Party shall be borne by the purchasing Party, even if the obligation to collect and/or remit such taxes or fees is placed on the providing Party.

16.3.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, the purchasing Party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing Party at the time that the respective Service is billed.

16.3.3 If the purchasing Party determines that in its opinion any such taxes or fees are not payable, the providing Party shall not bill such taxes or fees to the purchasing Party if the purchasing Party provides written certification, reasonably satisfactory to the providing Party, stating that it is exempt or otherwise not subject to the tax or fee, setting forth the basis therefor, and satisfying any other requirements under applicable law. If any authority seeks to collect any such tax or fee that the purchasing Party has determined and certified not to be payable, or any such tax or fee that was not billed by the providing Party, the purchasing Party may contest the same in good faith, at its own expense. In any such contest, the purchasing Party shall promptly furnish the providing Party with copies of all filings in any proceeding, protest, or legal challenge, all rulings issued in connection therewith, and all correspondence between the purchasing Party and the taxing authority.

16.3.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing Party during the pendency of such contest, the purchasing Party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.

- 16.3.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing Party shall pay such additional amount, including any interest and penalties thereon.
- 16.3.6 Notwithstanding any provision to the contrary, the purchasing Party shall protect, indemnify and hold harmless (and defend at the purchasing Party's expense) the providing Party from and against any such tax or fee, interest or penalties thereon, or other charges or payable expenses (including reasonable attorney fees) with respect thereto, which are incurred by the providing Party in connection with any claim for or contest of any such tax or fee.
- 16.3.7 Each Party shall notify the other Party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a taxing authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.
- 16.4 Taxes and Fees Imposed on Providing Party But Passed On To Purchasing Party
- 16.4.1 Taxes and fees imposed on the providing Party, which are permitted or required to be passed on by the providing Party to its customer, shall be borne by the purchasing Party.
- 16.4.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, the purchasing Party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing Party at the time that the respective Service is billed.
- 16.4.3 If the purchasing Party disagrees with the providing Party's determination as to the application or basis for any such tax or fee, the Parties shall consult with respect to the imposition and billing of such tax or fee. Notwithstanding the foregoing, the providing Party shall retain ultimate responsibility for determining whether and to what extent any such taxes or fees are applicable, and the purchasing Party shall abide by such determination and pay such taxes or fees to the providing Party. The providing Party shall further retain ultimate responsibility for determining whether and how to contest the imposition of such taxes and fees; provided, however, that any such contest undertaken at the request of the purchasing Party shall be at the purchasing Party's expense.
- 16.4.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing Party during the pendency of such

contest, the purchasing Party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.

- 16.4.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing Party shall pay such additional amount, including any interest and penalties thereon.

18. Modification of Agreement

18.1 Subject to the provisions of Section 24, if CUSTOMER changes its name or makes changes to its company structure or identity due to a merger, acquisition, transfer or any other reason, it is the responsibility of CUSTOMER to notify BellSouth of said change and request that an amendment to this Agreement, if necessary, be executed to reflect said change, and shall notify the appropriate Commission of such modification of company structure in accordance with the state rules governing such modification in company structure, if applicable.

18.2 No modification, amendment, supplement to, or waiver of the Agreement or any of its provisions shall be effective and binding upon the Parties unless it is made in writing and duly signed by the Parties.

19. Non-waiver of Legal Rights

Execution of this Agreement by either Party does not confirm or imply that the executing Party agrees with any decision(s) issued pursuant to the Telecommunications Act of 1996 and the consequences of those decisions on specific language in this Agreement. Neither Party waives its rights to appeal or otherwise challenge any such decision(s) and each Party reserves all of its rights to pursue any and all legal and/or equitable remedies, including appeals of any such decision(s); provided, however, that any modification of any law, rule or order issued pursuant to the Act shall not impact or modify the Parties' rights and obligations pursuant to this Agreement.

The Parties further acknowledge that this Agreement is intended to constitute a single transaction, that the obligations of the Parties under this Agreement are interdependent, and that payment obligations under this Agreement are intended to be recouped against other payment obligations under this Agreement.

21. Severability

If any provision of this Agreement, or part thereof, shall be held invalid or unenforceable in any respect, the remainder of the Agreement or provision shall not be affected thereby, provided that the Parties shall negotiate in good faith to reformulate such invalid provision, or part thereof, or related provision, to as closely reflect the original intent of the Parties as possible, consistent with

applicable law, and to effectuate such portions thereof as may be valid without defeating the intent of such provision.

22. Waivers

A failure or delay of either Party to enforce any of the provisions hereof, to exercise any option which is herein provided, or to require performance of any of the provisions hereof shall in no way be construed to be a waiver of such provisions or options, and each Party, notwithstanding such failure or delay, shall have the right thereafter to insist upon the performance of any and all of the provisions of this Agreement.

23. Governing Law

This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Georgia without regard to its conflict of laws principles.

Any such assignment shall be subject to applicable charges negotiated between the Parties. All obligations and duties of any Party under this Agreement shall be binding on all successors in interest and assigns of such Party. No assignment or delegation hereof shall relieve the assignor of its obligations under this Agreement in the event that the assignee fails to perform such obligations. 24.2 In the event that CUSTOMER desires to transfer any Services hereunder to another carrier, the Parties shall negotiate the applicable rates, terms and conditions for such a transfer and CUSTOMER shall follow BellSouth's

established process for completing such a transfer. CUSTOMER shall not attempt to transfer services to any entity to avoid its obligations hereunder.

24.3 Change in Control.

In the event that CUSTOMER enters into an agreement which, when consummated, would cause CUSTOMER to become subject to a Change of Control at any point during the term of this Agreement, BellSouth may, in its sole discretion, terminate this Agreement by giving CUSTOMER at least five (5) days prior written notice.

DS1 Wholesale Local Platform Service –DDITS is an arrangement that allows the termination of a 4-wire DS1 digital loop directly into a digital switch port. It will consist of a DS1 facility that will be terminated into a digital carrier trunk port on a switch. These ports can only be used for DS1 terminations on the trunk side of the switch. A DDITS arrangement can consist of twenty-four (24) DS0 level channels that can be configured as a 2-way, 2-way DID with user transfer, 1-way outward, or 1-way inward with or without DID service. This service allows for assigning multiple trunk groups (made up of individual channel assignments) within a single digital loop, single trunk groups across multiple digital loops, or combinations of both.
 - 3.3.2 DS1 Wholesale Local Platform Service – 4-wire Integrated Services Digital Network/ Primary Rate ISDN (4-wire ISDN/PRI). DS1 Wholesale Local Platform Service - 4-wire ISDN/PRI is a 4-wire ISDN DS1 port and 4-wire DS1 digital loop that is an intraLATA offering supported by the Integrated Services Digital Network (ISDN) architecture. DS1 Wholesale Local Platform Service – 4-wire ISDN/PRI provides an ISDN-based, DS1 access to the PSTN and includes the flexibility of integration of multiple voice and/or data transmission channels on the same line. The service provides connectivity between ISDN compatible Customer Provided Equipment (CPE) and a serving central office. The basic channel structure is twenty-three (23) sixty-four (64) kilobits per second (Kbps) B-Channels and one (1) sixty-four (64) Kbps D-Channel. The End User may activate up to twenty-three (23) B-Channels on the first ISDN/PRI arrangement and up to twenty-four (24) channels on additional 4-wire ISDN/PRI arrangements. The product offerings are: voice/data (standard), digital data only and inward data option.

- 3.3.3 DS1 Wholesale Local Platform Service – 4-wire DS1 Loop with Channelization with Port. DS1 Wholesale Local Platform Service - 4-wire DS1 Loop with Channelization with Port is a port/loop arrangement consisting of the following four (4) basic components: (a) one (1) 4-wire DS1 digital loop; (b) one (1) channelization interface device (D4 Channel Bank or equivalent) in the BellSouth central office; (c) selected central office ports (up to twenty-four (24) per DS1) in the BellSouth switch; and (d) DS0 feature activation cards (one (1) per DS0) in the BellSouth channel bank. Each DS1 loop supports any combination of the following four (4) service offerings up to a maximum of twenty-four (24) DS0 channels. The following service offerings are available: (1) a 2-way, combination trunks/trunk groups (line side termination in BellSouth switch); (2) a 1-way, outward trunks/trunk groups (line side termination in BellSouth switch); (3) a 1-way, inward trunks/trunk groups, without DID (line side termination in BellSouth switch); and (4) a 1-way, inward trunks/trunk groups, with DID (trunk side termination in a BellSouth switch).
- 3.4 E911 Call Locator Capability
- 3.4.1 E911 Call Locator Capability is available as an adjunct service to DS1 Wholesale Local Platform Services –ISDN/PRI, DS1 Wholesale Local Platform Service - DDITS, DS1 Wholesale Local Platform Services – 4-wire DS1 Loop with Channelization with Port, and DS0 Wholesale Local Platform Services with E911 Call Locator (includes DID and On/Off Premises Extensions).
- 3.4.2 E911 Call Locator Capability allows a PBX switch located on an End User's premises direct access into an E911 tandem office, delivering the telephone number and location of the PBX End User's station number to the appropriate E911 PSAP.
- 3.4.3 E911 Call Locator Capability offers full E911 service to CUSTOMER's End User's PBX station users. Full E911 service means the actual physical location of the PBX 911 caller and the station telephone number will be identified to the PSAP when a 911 call is made.
- 3.4.4 There are two (2) components to this service: (1) access to the ALI database, which is the database service component of this product. The PBX station information is initiated and maintained by CUSTOMER or CUSTOMER's PBX End User in the ALI database; and (2) E911 Call Locator Capability Service Local Channels, which are the paths that carry E911 calls to the E911 tandem. If CUSTOMER's End User is served via PRI, the E911 calls may travel over either the Primary Rate Interface or over separate CAMA trunks to the E911 tandem, as specified by CUSTOMER when placing the order for the service. If CUSTOMER's End User is served by DDITS, 4-wire Channelization with Port or PBX Trunks, then CAMA trunks must be used.

- 3.4.5 CUSTOMER can as an option purchase private dedicated trunks at the resale tariff rate installed between the BellSouth E911 Tandem and CUSTOMER's Point of Interface (POI), usually an adjunct box located at the PBX. If the PBX supports Primary Rate Interface and the calling stations are DID numbers, then the 911 call can be transmitted using Primary Rate Interface without E911 Call Locator Capability Service Local Channels.
- 3.4.6 CUSTOMER is responsible for providing the correct E911 tandem information to BellSouth during the ordering and provisioning process.
- 3.4.7 CUSTOMER is responsible for maintaining individual telephone numbers and corresponding address/location data.
- 3.4.8 CUSTOMER is responsible for insuring that the End User listed address is the actual physical End User location as mandated by regulatory and public safety agencies (e.g., E911).
- 3.4.9 CUSTOMER is liable for any error conditions resulting from the submission of invalid telephone number and address/location data for the CUSTOMER's End Users and the PBX stations.
- 3.4.10 CUSTOMER will insure that its End User's telephone number can be passed over the appropriate E911 Call Locator Capability Local Service Channels, the Primary Rate Interface trunk group, or direct CAMA trunks to the appropriate E911 Tandem switch.
- 3.4.11 CUSTOMER or CUSTOMER's designated representative will work with the third party provider of E911 Call Locator Capability to ensure all information in the ALI database is up-to-date.
- 3.5 On/Off Premises extensions and Different Premises Address extension are available for select DS0 Wholesale Local Platform Services. The rates are as set forth in Exhibit A.
- 3.5.1 On/Off Premises extensions are station numbers that are associated with an End User's PBX but which are located at a different physical address than the PBX and On/Off Premises extensions require additional loops to provision the Service. The On/Off Premises extension draws its digital tone from the PBX and must dial an access code to access the PSTN via port/loop combinations (PBX trunks) terminating in the CPE PBX.
- 3.5.2 A Different Premises Address extension consists of one (1) port and two (2) loops with each loop terminating at a different physical address. The Different Premises Address extension draws dial tone directly from the BellSouth central office. It

constitutes the same telephone number working at two (2) separate physical addresses.

- 3.6 DS0 Wholesale Local Platform Services – Centrex provides an end-to-end Telecommunications Service by combining DS0 Wholesale Switch Ports, a Common Block Program within the Switch, and a loop network component described in this Agreement, which together provide local exchange service for the End User for the origination or termination of calls.
- 3.6.1 Within the BellSouth Switch the 2-wire Voice Grade Ports (Centrex) are programmed into a Common Block of numbers which will partition the Central Office switch to serve a specific customer and as such share certain inherent Centrex functionalities, capabilities and features. The Common Block program is also known as the “Common Block” or the “Centrex Customer Group”. The Centrex Common Block defines system level parameters. Common equipment parameters offer the minimum capabilities of the system:
- 3.6.1.1 Station to Station Calling within the Common Block (intercom calling).

Each NAR provides a single talking path to the PSTN. A NAR can be inbound, outbound or combination. All ports are subject to Switching and Local Interconnection Usage charges. These charges will apply to each Centrex line. Other than to limit access to the PSTN, NARs are not necessary components of DS0 Wholesale Local Platform Service - Centrex. NARs will be zero rated on the CUSTOMER Account. Rearrangements, additions, or removal of NARs will incur the appropriate subsequent activity charges set forth in Exhibit A. New installations can be provisioned with or without NARs at the request of CUSTOMER.

Facilities that do not terminate at a demarcation point at an End User premises, including, by way of example, but not limited to, facilities that terminate to another carrier's switch or premises, a cell site, Mobile Switching Center or base station, do not constitute local loops. The loop includes all features, functions, and capabilities of the transmission facilities, including the network interface device, and attached electronics (except those used for the provision of advanced services, such as Digital Subscriber Line Access Multiplexers (DSLAMs)), optronics and intermediate devices (including repeaters and load coils) used to establish the transmission path to the End User's premises, including inside wire owned or controlled by BellSouth. <customer_short_name> shall purchase the entire bandwidth of the loop and, except as required herein or as otherwise agreed to by the Parties, BellSouth shall not subdivide the frequency of the loop.

When a dispatch is not required to provision the loop, BellSouth will tag the loop on the next required visit to the End User’s location. If CUSTOMER wants to ensure the loop is tagged during the provisioning process for loops that may not require a dispatch, CUSTOMER may order Loop Tagging. Rates for Loop Tagging are as set forth in Exhibit A.

- 7.1.1 CUSTOMER must: (1) indicate that all of the intermediate numbers currently held by CUSTOMER in each rate center where CUSTOMER will be requesting intermediate telephone numbers have six (6) or less months to exhaust; (2) supply projected monthly telephone number demand on a rate center basis for the coming twelve (12) months for each rate center where CUSTOMER will be requesting intermediate telephone numbers; and, (3) demonstrate that the utilization level on current intermediate numbers held by CUSTOMER in the rate center where CUSTOMER is requesting telephone numbers has reached at least seventy percent (70%). The above information will be provided by CUSTOMER by submitting to BellSouth a fully completed "CO Code Assignments Months To Exhaust Certification Worksheet – TN Level" (MTE Worksheet), Appendix B to the Central Office Code (NXX) Assignments Guidelines, INC 95-0407-008 for each rate center where CUSTOMER will be requesting intermediate telephone numbers. The utilization level is calculated by dividing all intermediate numbers currently assigned by CUSTOMER to End Users by the total number of intermediate numbers held by CUSTOMER in the rate center and multiplying the result by one hundred (100). After June 30, 2004, rate center utilization level must be at seventy-five percent (75%) (Part F of the MTE Worksheet).

BellSouth will also pursue all appropriate steps (including submitting a safety valve request (petition) to the appropriate Commission if the numbering request is denied by the national administrator) to satisfy CUSTOMER's request for intermediate numbers. In these cases, BellSouth is not obligated to fulfill the request by CUSTOMER for intermediate numbers unless, and until, BellSouth's request for additional numbering resources is granted.

- 7.2 CUSTOMER acknowledges that there may be instances where there is an industry shortage of available telephone numbers in the Numbering Plan Area (NPA). These instances occur where a jeopardy status has been declared by NANPA and the industry has determined that limiting the assignment of new numbers is the appropriate method to employ until the jeopardy can be alleviated. In such NPA jeopardy situations where assignment of new numbers is restricted as per the jeopardy guidelines developed by the industry, BellSouth may request that CUSTOMER cancel all or a portion of its unassigned intermediate numbers. CUSTOMER's consent to BellSouth's request shall not be unreasonably withheld.

- 10.7.1.4 In the event that CUSTOMER detects a duplicate on ODUF they receive from BellSouth, CUSTOMER will drop the duplicate message and will not return the duplicate to BellSouth.
- 10.7.2 ODUF Physical File Characteristics
- 10.7.2.1 ODUF will be distributed to CUSTOMER via Secure File Transfer Protocol (FTP). The ODUF feed will be a variable block format. The data on the ODUF feed will be in a non-compacted EMI format (175 byte format plus modules). It will be created on a daily basis Monday through Friday except holidays. Details such as dataset name and delivery schedule will be addressed during negotiations of the distribution medium. There will be a maximum of one (1) dataset per workday per OCN. If BellSouth determines the Secure FTP Mailbox is nearing capacity levels, BellSouth may move the CUSTOMER to CONNECT:Direct file delivery.
- 10.7.2.2 If the CUSTOMER is moved to CONNECT:Direct, data circuits (private line or dial-up) will be required between BellSouth and CUSTOMER for the purpose of data transmission. Where a dedicated line is required, CUSTOMER will be responsible for ordering the circuit, overseeing its installation and coordinating the installation with BellSouth. CUSTOMER will also be responsible for any charges associated with this line. Equipment required on the BellSouth end to attach the line to the mainframe computer and to transmit messages successfully on an ongoing basis will be negotiated on an individual case basis. Any costs incurred for such equipment will be CUSTOMER's responsibility. Where a dial-up facility is required, dial circuits will be installed in the BellSouth data center by BellSouth and the associated charges assessed to CUSTOMER. Additionally, all message toll charges associated with the use of the dial circuit by CUSTOMER will be the responsibility of CUSTOMER. Associated equipment on the BellSouth end, including a modem, will be negotiated on an individual case basis between the Parties. All equipment, including modems and software, that is required on CUSTOMER's end for the purpose of data transmission will be the responsibility of CUSTOMER.
- 10.7.2.3 If CUSTOMER utilizes FTP for data file transmission, purchase of the FTP software will be the responsibility of CUSTOMER.

10.7.3 ODUF Packing Specifications

10.7.3.1 The data will be packed using ATIS EMI records. A pack will contain a minimum of one (1) message record or a maximum of ninety nine thousand nine hundred and ninety nine (99,999) message records plus a pack header record and a pack trailer record. One transmission can contain a maximum of ninety-nine (99) packs and a minimum of one (1) pack.

10.7.3.2 The OCN, From RAO, and Invoice Number will control the invoice sequencing. The From RAO will be used to identify to CUSTOMER which BellSouth RAO is sending the message. BellSouth and CUSTOMER will use the invoice sequencing to control data exchange. CUSTOMER will notify BellSouth of sequence failures identified by CUSTOMER and BellSouth will resend the data as appropriate.

10.7.4 ODUF Pack Rejection. CUSTOMER will notify BellSouth within one (1) business day of rejected packs (via the mutually agreed medium). Packs could be rejected because of pack sequencing discrepancies or a critical edit failure on the Pack Header or Pack Trailer records (e.g., out-of-balance condition on grand totals, invalid data populated). Standard ATIS EMI error codes will be used. CUSTOMER will not be required to return the actual rejected data to BellSouth. Rejected packs will be corrected and retransmitted to CUSTOMER by BellSouth.

10.7.5 ODUF Control Data. CUSTOMER will send one (1) confirmation record per pack that is received from BellSouth. This confirmation record will indicate CUSTOMER's receipt of the pack and acceptance or rejection of the pack. Pack Status Code(s) will be populated using standard ATIS EMI error codes for packs that were rejected by CUSTOMER for reasons stated in the above section.

10.7.6 ODUF Testing. Upon request from CUSTOMER, BellSouth shall send ODUF test files to CUSTOMER. The Parties agree to review and discuss the ODUF content and/or format. For testing of usage results, BellSouth shall request that CUSTOMER set up a production (live) file. The live test may consist of CUSTOMER's employees making test calls for the types of services CUSTOMER requests on ODUF. These test calls are logged by CUSTOMER, and the logs are provided to BellSouth. These logs will be used to verify the files. Testing will be completed within thirty (30) days from the date on which the initial test file was sent.

12. Centralized Message Distribution System (CMDS) Utilizing Revenue Accounting Office (RAO) Hosting

12.1 Definitions

- 12.1.1 CMDS is a national message exchange system administered by Telcordia used to transmit alternately billed calls (e.g., credit card, third number and collect) from the Earning Company, as defined herein, to the Billing Company, as defined herein, to permit the Earning Company and the Billing Company to receive appropriate compensation.
- 12.1.2 Direct Participants are Telecommunications carriers that exchange data directly with other Direct Participants via the CMDS Data Center and may act as host companies (Host) for those Telecommunications carriers that do not exchange data directly via the CMDS Data Center (Indirect Participants).
- 12.1.3 RAO Hosting is a hosting relationship where an Indirect Participant sends and receives CMDS eligible messages to and from its Host, who then interfaces, on behalf of the Indirect Participant, with other Direct Participants for distribution and collection of these messages. RAO Hosting also includes the Direct Participant's provision of revenue settlements functions (compensation) for alternately billed calls based upon reports generated by Credit Card and Third Number Settlement (CATS) and Non-InterCompany Settlement (NICS) as described herein. CATS and NICS are collectively referred to as Intercompany Settlements.
- 12.1.4 The CATS System is a national system administered by Telcordia, used to settle revenues for calls that are sent from one CMDS Direct Participant to another for billing. CATS applies to calls that originate within one Regional Bell Operating Company's (RBOC) territory, as defined at Divestiture, and bill in another RBOC's territory. CATS calculates the amounts due to Earning Companies (i.e., billed revenue less the billing and collection fee). For alternately billed calls, the originating company, whose facilities are used to place the call, is the Earning Company and the company that puts the charges on the End User's bill is the Billing Company.
- 12.1.5 The Non-InterCompany Settlement (NICS) System is the national system administered by Telcordia that is used in the settlement of revenues for calls that

are originated and billed by two (2) different local exchange carriers (LEC) within a single Direct Participant's territory to another for billing. NICS applies to calls involving another LEC where the Earning Company and the Billing Company are located within BellSouth's territory.

- 12.2 Upon CUSTOMER's request, BellSouth, as a Direct Participant, shall provide RAO Hosting Services to CUSTOMER, as an Indirect Participant, as set forth herein.
- 12.2.1 Where CUSTOMER selects BellSouth as its RAO Host for the delivery of Intercompany Settlements messages, CUSTOMER must request that BellSouth establish a unique hosted RAO code for CUSTOMER. Such request shall be in writing to the BellSouth RAO Hosting coordinator and must be submitted at least eight (8) weeks prior to provision of Services pursuant to this Section. Services shall commence on a date mutually agreed to by the Parties.
- 12.2.2 BellSouth will record CUSTOMER's End User messages and forward such messages to CUSTOMER via the ODUF in Exchange Message Interface (EMI) format. CUSTOMER must rate the messages and forward them to BellSouth, as its RAO Host, for distribution to the Billing Company via CMDS. BellSouth will deliver such messages for CUSTOMER through CMDS and will bill CUSTOMER for CMDS on a per message basis as set forth in Exhibit A. CUSTOMER must follow all Telcordia message exchange standards to send and receive the above referenced NICS and CATS settlements.
- 12.2.3 BellSouth will receive messages from CUSTOMER that are to be processed by BellSouth, another LEC in the BellSouth region or a LEC outside the BellSouth region. CUSTOMER must send all messages to BellSouth no later than eighty-nine (89) days after the message date or Telcordia will reject the entire pack.
- 12.2.4 RAO Hosting, CATS and NICS Services provided to CUSTOMER by BellSouth will be in accordance with the methods and practices regularly applied by BellSouth to its own operations during the term of this Agreement, including such revisions as may be made from time to time by BellSouth.
- 12.2.5 CUSTOMER shall furnish all relevant information required by BellSouth for the provision of RAO Hosting, CATS and NICS.
- 12.2.6 BellSouth will perform invoice sequence checking, standard EMI format editing, and balancing of message data with the EMI trailer record counts on all data received from CUSTOMER. All messages and related data exchanged between BellSouth and CUSTOMER will be formatted for EMI formatted records and packed between appropriate EMI header and trailer records in accordance with accepted industry standards.

- 12.2.7 All data received from CUSTOMER that is to be processed or billed by another LEC within the BellSouth region will be distributed to that LEC in accordance with the agreement(s) in effect between BellSouth and the involved LEC.
- 12.2.8 All data received from CUSTOMER that is to be placed on the CMDS network for distribution outside the BellSouth region will be handled in accordance with the agreement(s) in effect between BellSouth and its connecting contractor, currently Telcordia.
- 12.2.9 BellSouth will receive messages from the CMDS network that are destined to be processed by CUSTOMER and will forward them to CUSTOMER on a daily basis for processing.
- 12.2.10 CMDS data between BellSouth and CUSTOMER will be distributed via Secure FTP Mailbox. It will be created on a daily basis Monday through Friday, except holidays. Details such as dataset name and delivery schedule will be addressed during negotiations of the distribution medium. If BellSouth determines the Secure FTP Mailbox is nearing capacity levels, BellSouth may move CUSTOMER to CONNECT:Direct file delivery.
- 12.2.11 If CUSTOMER is moved to CONNECT:Direct, data circuits (private line or dial-up) will be required between BellSouth and CUSTOMER for the purpose of data transmission when utilizing CONNECT:Direct. Where a dedicated line is required, CUSTOMER will be responsible for ordering the circuit, overseeing its installation and coordinating the installation with BellSouth. CUSTOMER will also be responsible for any charges associated with this line. Equipment required on the BellSouth end to attach the line to the mainframe computer and to transmit successfully ongoing will be negotiated on an individual case basis. Any costs incurred for such equipment will be CUSTOMER's responsibility. Where a dial-up facility is required, dial circuits will be installed in the BellSouth data center by BellSouth and the associated charges assessed to CUSTOMER. Additionally, all message toll charges associated with the use of the dial circuit by CUSTOMER will be the responsibility of CUSTOMER. Associated equipment on the BellSouth end, including a modem, will be negotiated on an individual case basis between the Parties. All equipment, including modems and software, that is required on the CUSTOMER end for the purpose of data transmission will be the responsibility of CUSTOMER.
- 12.2.12 If CUSTOMER utilizes FTP for data file transmission, purchase of the FTP software will be the responsibility of CUSTOMER.
- 12.2.13 CUSTOMER will maintain recorded message detail necessary to recreate files provided to BellSouth for a period of three (3) calendar months beyond the related message dates.

12.2.14 In the event that data to be exchanged between CUSTOMER and BellSouth via CMD5 should become lost or destroyed, the Party responsible for creating the data will make every effort to restore and retransmit such data. Should an error be detected by the EMI format edits performed by BellSouth on data received from CUSTOMER, the entire pack containing the affected data will not be processed by BellSouth. BellSouth will notify CUSTOMER of the error. CUSTOMER will correct the error(s) and will resend the entire pack to BellSouth for processing. In the event that an out-of-sequence condition occurs on subsequent packs, CUSTOMER will resend these packs to BellSouth after the pack containing the error has been successfully reprocessed by BellSouth.

12.3 Intercompany Settlements Messages

12.3.1 BellSouth will receive the monthly NICS and CATS reports from Telcordia on behalf of CUSTOMER and will distribute copies of these reports to CUSTOMER on a monthly basis.

12.3.2 Through CATS BellSouth will collect the revenue earned by CUSTOMER from the RBOC in whose territory the messages are billed, less a per message billing and collection fee of five cents (\$0.05), or such other amount as may be approved by the Direct Participants and Telcordia, on behalf of CUSTOMER. BellSouth will remit the revenue billed by CUSTOMER to the RBOC in whose territory the messages originated, less a per message billing and collection fee of five cents (\$0.05), or such other amount as may be approved by the Direct Participants and Telcordia, on behalf of CUSTOMER. These two (2) amounts will be netted together by BellSouth and the resulting charge or credit issued to CUSTOMER via a Carrier Access Billing System (CABS) miscellaneous bill on a monthly basis in arrears.

12.3.3 Through NICS BellSouth will collect the revenue earned by CUSTOMER within the BellSouth territory from another LEC also within the BellSouth territory (NICS) where the messages are billed, less a per message billing and collection fee of five cents (\$0.05), on behalf of CUSTOMER. BellSouth will remit the revenue billed by CUSTOMER within the BellSouth region to the LEC also within the BellSouth region, where the messages originated, less a per message billing and collection fee of five cents (\$0.05). These two (2) amounts will be netted together by BellSouth and the resulting charge or credit issued to CUSTOMER via a CABS miscellaneous bill on a monthly basis in arrears.

12.3.4 BellSouth and CUSTOMER agree that monthly-netted amounts of less than fifty dollars (\$50.00) will not be settled.

PRE-ORDERING, ORDERING, PROVISIONING AND MAINTENANCE AND REPAIR

1. Guidelines

- 1.1 The guidelines for pre-ordering, ordering, provisioning and maintenance and repair are set forth in Exhibit A.
- 1.2 BellSouth shall provide CUSTOMER pre-ordering, ordering, provisioning and maintenance and repair capabilities through manual and electronic interfaces as described in this Attachment (Interfaces). It is the sole responsibility of CUSTOMER to obtain the technical capability to access and utilize BellSouth's Interfaces as they may be modified from time to time. CUSTOMER's use of BellSouth's Interfaces shall be in accordance with the applicable guides, business rules and specifications set forth in Exhibit A.
- 1.3 Notwithstanding anything to the contrary in any guides, business rules or other specifications, listed or referenced in Exhibit A, CUSTOMER shall have no right to submit requests, vote on issues, or otherwise participate in BellSouth's Change Control Process with respect to the Services hereunder.
- 1.4 CUSTOMER agrees to comply with the provisions of the Operations Support Systems (OSS) Interconnection Volume Guidelines as set forth at BellSouth's Interconnection Web site.

2. Pre-Ordering

- 2.1 The Interfaces provide access to the following pre-ordering functions: service address validation, telephone number selection, service and feature availability, due date information and customer service record (CSR) information.
 - 2.1.1 Loop make-up information is not necessary for the Services offered pursuant to this Agreement and, although the function may be available as a pre-ordering function of the Interfaces, CUSTOMER is not authorized to receive loop make-up information pursuant to this Agreement. CUSTOMER shall not request loop make-up information for Services under this Agreement and shall indemnify BellSouth against any claims, loss, damage or other expenses arising as a result of CUSTOMER requesting loop make-up.
- 2.2 CUSTOMER shall provide to BellSouth access to the same type of CSR information that BellSouth makes available to CUSTOMER, including circuit numbers associated with each telephone number where applicable. CUSTOMER shall provide such information within four (4) hours after request via electronic

access where available. If electronic access is not available, CUSTOMER shall provide to BellSouth paper copies of CSR information, via email, to an address designated by BellSouth, unless otherwise agreed to by BellSouth including circuit numbers associated with each telephone number where applicable. If BellSouth requests the information before noon, the CSR information shall be provided the same day. If BellSouth requests the information after noon, the CSR information shall be provided by noon the following day.

- 2.3 CUSTOMER agrees not to view, copy, or otherwise obtain access to the CSR information of any End User without that End User's permission. CUSTOMER will obtain access to CSR information only in strict compliance with applicable laws, rules, or regulations of the state in which the Service is provided. BellSouth reserves the right to monitor CUSTOMER's access to CSR information. If BellSouth determines that CUSTOMER is accessing CSR information without having obtained the proper End User authorization, BellSouth upon reasonable notice to CUSTOMER may take corrective action, including but not limited to suspending or terminating CUSTOMER's access to BellSouth's Interfaces.

3. Ordering

- 3.1 CUSTOMER shall place orders for Services by submitting a complete and correct (valid) local service request (LSR) to BellSouth. BellSouth shall bill CUSTOMER an electronic service order charge as specified in Exhibit C for each LSR submitted by means of an electronic interface. BellSouth shall bill CUSTOMER a manual service order charge as specified in Exhibit C for each LSR submitted by means other than the electronic interfaces (e.g., mail, fax, courier, etc.). An individual LSR will be identified for billing purposes by its Purchase Order Number (PON).
- 3.2 CUSTOMER may submit an LSR to request that an End User's service be temporarily suspended or denied, or restored. Alternatively, CUSTOMER may submit a list of such End Users if CUSTOMER provides a separate PON for each location on the list. Each location will be billed as a separate LSR.
- 3.3 BellSouth will bill the electronic or manual service order charge, as applicable, for an LSR, regardless of whether that LSR is later supplemented, clarified or cancelled.
- 3.4 Notwithstanding the foregoing, BellSouth will not bill an additional electronic or manual service order charge for supplements to any LSR submitted to clarify, correct, change or cancel a previously submitted LSR.
- 3.5 Pending Orders and LSRs. To the extent that CUSTOMER submits an LSR with incomplete, incorrect or conflicting information, BellSouth will return the LSR to CUSTOMER for clarification. CUSTOMER shall respond to the request for clarification within thirty (30) days by submitting a supplement LSR. If

CUSTOMER does not submit a supplement LSR within thirty (30) days, BellSouth will cancel the original LSR and CUSTOMER shall be required to submit a new LSR, with a new PON.

4. Provisioning

- 4.1 BellSouth shall provision Services during its regular working hours. To the extent CUSTOMER requests provisioning of Service to be performed outside BellSouth's regular working hours, or the work so requested requires BellSouth's technicians or Project Manager to work outside of regular working hours, the overtime charges set forth in BellSouth's intrastate Access Services Tariff, Section 13.2, shall apply. Notwithstanding the foregoing, if such work is performed outside of regular working hours by a BellSouth technician or Project Manager during his or her scheduled shift and BellSouth does not incur any overtime charges in performing the work on behalf of CUSTOMER, BellSouth will not assess overtime charges. To the extent CUSTOMER requests project management for provisioning of Services under this Agreement, additional charges may apply and shall be negotiated by the Parties.
- 4.2 In the event BellSouth must dispatch to the End User's location more than once due to incorrect or incomplete information provided by CUSTOMER (e.g., incomplete address, incorrect contact name/number, etc.), BellSouth will bill CUSTOMER for each additional dispatch required to provision the Service due to the incorrect/incomplete information provided. BellSouth will assess applicable Maintenance of Service rates from BellSouth's FCC No. 1 Tariff, Section 13.3.1.
- 4.3 Cancellation Charges. If CUSTOMER cancels an LSR subsequent to BellSouth's generation of a service order, any costs incurred by BellSouth in conjunction with the provisioning of Services as requested on the cancelled LSR will be recovered in accordance with the cancellation methodology set forth in Exhibit B. In addition, BellSouth reserves the right to cancel the LSR and apply cancellation charges if <customer_short_name> fails to respond within nine (9) business days to a Missed Appointment order notification that results in service order cancellation.
- 4.4 Service Date Advancement Charges (Expedites). Service Date Advancement charges will apply where CUSTOMER, requests that Services be provisioned prior to the due date provided by BellSouth, and where BellSouth agrees to an expedited provisioning time frame. Charges shall be as set forth in Exhibit C.
- 4.5 Order Modification Charges. If CUSTOMER modifies an order (Order Modification Charge (OMC) or Order Modification Charge Additional Dispatch (OMCAD)) after being sent a Firm Order Confirmation (FOC) from BellSouth, any costs incurred by BellSouth to accommodate the modification will be paid by CUSTOMER in accordance with applicable rates set forth in Exhibit C.

5. Maintenance and Repair

- 5.1 BellSouth will make Interfaces available to CUSTOMER for the purpose of reporting and monitoring service troubles. CUSTOMER's use of BellSouth's maintenance and repair Interfaces shall be in accordance with the applicable guides, business rules and specifications for maintenance and repair as set forth in Exhibit A.
- 5.2 Once CUSTOMER has isolated a trouble on a Wholesale Local Platform Service to the BellSouth provided network, and has issued a trouble report to BellSouth, BellSouth will take the actions necessary to repair the network when the trouble is found. BellSouth will repair its network facilities to its Wholesale customers in the same time frames that BellSouth repairs similar services to its own End Users.
- 5.3 If CUSTOMER reports a trouble on a Wholesale Local Platform Service and no trouble is found in BellSouth's network, BellSouth will charge CUSTOMER a Maintenance of Service Charge for any dispatching and testing (both inside and outside the CO) required by BellSouth in order to confirm the Service's working status. BellSouth will assess the applicable Maintenance of Service rates from BellSouth's FCC No.1 Tariff, Section 13.3.1.
- 5.4 In the event BellSouth must dispatch to the End User's location more than once due to incorrect or incomplete information provided by CUSTOMER (e.g., incomplete address, incorrect contact name/number, etc.), BellSouth will bill CUSTOMER for each additional dispatch required to repair the Service due to the incorrect/incomplete information provided. BellSouth will assess the applicable Maintenance of Service rates from BellSouth's FCC No. 1 Tariff, Section 13.3.1.

6. Miscellaneous

- 6.1 Single Point of Contact. CUSTOMER will be the single point of contact with BellSouth for ordering activity pursuant to this Agreement, except that BellSouth may accept a request directly from another CLEC, or from BellSouth, acting with authorization of the affected End User, to disconnect the Services provided hereunder in order to permit the End User to change service providers, as described in Section 6.3 below. CUSTOMER shall execute a blanket letter of authorization with respect to CUSTOMER's ordering activity so that prior proof of End User authorization will not be necessary with every LSR (except in the case of a local service freeze). The Parties shall each be entitled to adopt their own internal processes for verification of End User authorization for requests, provided, however, that such processes shall comply with applicable state and federal law and industry and regulatory guidelines.
- 6.2 CUSTOMER shall not prevent or delay an End User from changing to another carrier because of unpaid bills, denied service, or contract terms.

- 6.3 Use of Facilities. Pursuant to a request from an End User of CUSTOMER, or from another local exchange carrier (LEC), including BellSouth, on behalf of such End User, BellSouth shall have the right to disconnect the Services being used by CUSTOMER to provide Service to that End User and reuse those facilities to enable such other LEC to provide service to that End User. In addition, BellSouth may disconnect and reuse facilities when the Service to the End User has been withheld or denied by CUSTOMER, or by BellSouth in accordance with the terms of this Agreement, and BellSouth has received a request from an End User or another LEC to establish new or additional service at, or to transfer service to, the same address served by that facility. BellSouth will notify CUSTOMER that such a request has been processed after the order disconnecting CUSTOMER's Service to that End User has been completed.
- 6.4 Contact Numbers. The Parties agree to provide one another with toll-free nation-wide (50 states) contact numbers for the purpose of ordering, provisioning and maintenance of Services.
- 6.5 Subscription Functions. In cases where BellSouth performs subscription functions for an interexchange carrier (IXC) (i.e., where BellSouth changes the End User Preferred Interexchange Carrier (PIC) and/or End User Local Preferred Interexchange Carrier (LPIC) via Customer Account Record Exchange (CARE)), BellSouth will provide the affected IXCs with the Operating Company Number (OCN) of CUSTOMER for the purpose of obtaining End User billing account and other End User information required under subscription requirements.
- 6.6 PIC and LPIC Charges. When CUSTOMER's End User that is served utilizing Wholesale Local Platform Services or Wholesale Switch Port Services, changes its PIC and/or LPIC, and per BellSouth's FCC or state tariff, the IXC elects to charge the End User the PIC and/or LPIC change charge, BellSouth will bill the PIC and/or LPIC change charge to CUSTOMER, which has the billing relationship with that End User, and CUSTOMER may pass such charge to the End User.

7. **Rates**

Unless otherwise specified herein, charges for the use of BellSouth's Interfaces, and other charges applicable to preordering, ordering, provisioning and maintenance and repair, shall be as set forth in Exhibit C to this Attachment. In the event CUSTOMER modifies the rates or rate structure for use of BellSouth's manual or electronic interfaces in any other agreement with BellSouth, then upon BellSouth's request, CUSTOMER shall amend this Agreement to reflect the same rates or rate structure. In the state of Tennessee, manual service order charges shall apply on a per element, non-recurring basis as identified in Exhibit A of Attachment 1 in lieu of the per LSR manual service order charge set forth in Exhibit C hereto.

BILLING

1 PAYMENT AND BILLING ARRANGEMENTS

- 1.1 The terms and conditions set forth in this Attachment shall apply to all Services ordered and provisioned pursuant to this Agreement.
- 1.2 Billing. BellSouth will bill CUSTOMER in Carrier Access Billing System (CABS) Billing Output Specification (CBOS) standard format. BellSouth's billing format may change in accordance with applicable industry standards.
- 1.2.1 Subject to Section 5 of the General Terms and Conditions of this Agreement BellSouth will render bills each month on established bill days for each of CUSTOMER's accounts. If CUSTOMER requests multiple billing media or additional copies of the bills, BellSouth will provide these at the rates set forth in BellSouth's FCC No. 1 Tariff, Section 13.3.6.3.
- 1.2.2 BellSouth will bill CUSTOMER in advance for all Services to be provided during the ensuing billing period except charges associated with Service usage and nonrecurring charges, which will be billed in arrears.
- 1.2.3 BellSouth will not perform billing and collection services for CUSTOMER as a result of the execution of this Agreement.
- 1.3 Establishing Accounts. Unless BellSouth elects otherwise, BellSouth will bill for Services using wholesale billing accounts established by BellSouth pursuant to a separate agreement between the Parties. If BellSouth elects to establish a new account under this Agreement for billing Services, or if CUSTOMER does not have an appropriate wholesale billing account established under a separate agreement with BellSouth, such account shall be established under this Agreement as follows.
- 1.3.1 After submitting a credit profile and deposit, if required, and after receiving certification as a local exchange carrier from the appropriate Commission, CUSTOMER will provide the appropriate BellSouth advisory team/local contract manager the necessary documentation to enable BellSouth to establish accounts for the Services described in this Agreement. Such documentation shall include an application for the establishment of accounts, if applicable, proof of authority to provide Telecommunications Services, the appropriate Operating Company Numbers (OCN) for each state as assigned by the National Exchange Carriers Association (NECA), Carrier Identification Code (CIC), Access Customer Name and Abbreviation (ACNA), Blanket Letter of Authorization (LOA), Misdirected Number form, and a tax exemption certificate, if applicable. Notwithstanding anything to the contrary in this Agreement, CUSTOMER may not order Services

under a new account established in accordance with this Section 1.3.1 until thirty (30) days after all information specified in this Section 1.3.1 is received from CUSTOMER.

- 1.3.2 Company Identifiers. If CUSTOMER needs to change, add to, eliminate or convert its OCN(s), ACNAs, and other identifying codes (collectively “Company Identifiers”) under which it operates when CUSTOMER has already been conducting business utilizing those Company Identifiers, CUSTOMER shall pay all charges as a result of such change, addition, elimination or conversion to the new Company Identifiers. Such charges include, but are not limited to, all time required to make system updates to all of CUSTOMER’s End User records and any other changes to BellSouth systems or CUSTOMER records, and will be handled in a separately negotiated agreement or as otherwise required by BellSouth.
- 1.3.3 Tax Exemption. It is the responsibility of CUSTOMER to provide BellSouth with a properly completed tax exemption certificate at intervals required by the appropriate taxing authorities. A tax exemption certificate must be supplied for each individual CUSTOMER entity purchasing Services under this Agreement. Upon BellSouth’s receipt of a properly completed tax exemption certificate, subsequent billings to CUSTOMER will not include those taxes or fees from which CUSTOMER is exempt. Prior to receipt of a properly completed exemption certificate, BellSouth shall bill, and CUSTOMER shall pay all applicable taxes and fees. In the event that CUSTOMER believes that it is entitled to an exemption from and refund of taxes with respect to the amount billed prior to BellSouth’s receipt of a properly completed exemption certificate, BellSouth shall assign to CUSTOMER its rights to claim a refund of such taxes. If applicable law prohibits the assignment of tax refund rights or requires the claim for refund of such taxes to be filed by BellSouth, BellSouth shall, after receiving a written request from CUSTOMER and at CUSTOMER’s sole expense, pursue such refund claim on behalf of CUSTOMER, provided that CUSTOMER promptly reimburses BellSouth for any costs and expenses incurred by BellSouth in pursuing such refund claim, and provided further that BellSouth shall have the right to deduct any such outstanding costs and expenses from the amount of any refund obtained prior to remitting such refund to CUSTOMER. CUSTOMER shall be solely responsible for the computation, tracking, reporting and payment of all taxes and fees associated with the Services provided by CUSTOMER to its End Users.
- 1.4 Deposit Policy. Prior to the inauguration of Service or, thereafter, upon BellSouth’s request, CUSTOMER shall complete the BellSouth Credit Profile (BellSouth form) and provide information to BellSouth regarding CUSTOMER’s credit and financial condition. Based on BellSouth’s analysis of the BellSouth Credit Profile and other relevant information regarding CUSTOMER’s credit and financial condition, BellSouth reserves the right to require CUSTOMER to provide BellSouth with a suitable form of security deposit for CUSTOMER’s

account(s). If, in BellSouth's sole discretion, circumstances so warrant and/or CUSTOMER's gross monthly billing has increased, BellSouth reserves the right to request additional security (or to require a security deposit if none was previously requested) and/or file a Uniform Commercial Code (UCC-1) security interest in CUSTOMER's "accounts receivables and proceeds".

- 1.4.1 Security deposit shall take the form of cash, an Irrevocable Letter of Credit (BellSouth form), Surety Bond (BellSouth form) or, in BellSouth's sole discretion, some other form of security proposed by CUSTOMER. Any such security deposit shall in no way release CUSTOMER from its obligation to make complete and timely payments of its bill(s). If BellSouth requires CUSTOMER to provide a security deposit, CUSTOMER shall provide such security deposit prior to the inauguration of Service or within fifteen (15) days of BellSouth's request, as applicable. Deposit request notices will be sent to CUSTOMER via certified mail or overnight delivery. Such notice period will start the day after the deposit request notice is rendered by certified mail or overnight delivery. Interest on a cash security deposit shall accrue and be applied or refunded in accordance with the terms in BellSouth's General Subscriber Services Tariff (GSST).
- 1.4.2 Security deposits collected under this Section 1.4 shall not exceed two (2) months' estimated billing. Estimated billings are calculated based upon the monthly average of the previous six (6) months current billings, if CUSTOMER has received service from BellSouth during such period at a level comparable to that anticipated to occur over the next six (6) months. If either CUSTOMER or BellSouth has reason to believe that the level of service to be received during the next six (6) months will be materially higher or lower than received in the previous six (6) months, CUSTOMER and BellSouth shall agree on a level of estimated billings based on all relevant information.
- 1.4.3 In the event CUSTOMER fails to provide BellSouth with a suitable form of security deposit or additional security deposit as required herein, defaults on its account(s), or otherwise fails to make any payment or payments required under this Agreement in the manner and within the time required, service to CUSTOMER may be Suspended, Discontinued or Terminated in accordance with the terms of Section 1.6 below. Upon Termination of Services, BellSouth shall apply any security deposit to CUSTOMER's final bill for its account(s).
- 1.4.3.1 At least seven (7) days prior to the expiration of any letter of credit provided by CUSTOMER as security under this Agreement, CUSTOMER shall renew such letter of credit or provide BellSouth with evidence that CUSTOMER has obtained a suitable replacement for the letter of credit. If CUSTOMER fails to comply with the foregoing, BellSouth shall thereafter be authorized to draw down the full amount of such letter of credit and utilize the cash proceeds as security for CUSTOMER account(s). If CUSTOMER provides a security deposit or additional security deposit in the form of a surety bond as required herein,

CUSTOMER shall renew the surety bond or provide BellSouth with evidence that CUSTOMER has obtained a suitable replacement for the surety bond at least seven (7) days prior to the cancellation date of the surety bond. If CUSTOMER fails to comply with the foregoing, BellSouth shall thereafter be authorized to take action on the surety bond and utilize the cash proceeds as security for CUSTOMER's account(s). If the credit rating of any bonding company that has provided CUSTOMER with a surety bond provided as security hereunder has fallen below B, BellSouth will provide written notice to CUSTOMER that CUSTOMER must provide a replacement bond or other suitable security within fifteen (15) days of BellSouth's written notice. The information must notify BellSouth of Billing Account Numbers (BAN) paid; invoices paid and the amount to be applied to each BAN and invoice (Remittance Information). Payment is considered to have been made when the payment and Remittance Information are received by BellSouth. If the Remittance Information is not received with payment, BellSouth will be unable to apply amounts paid to CUSTOMER's accounts. In such event, BellSouth shall hold such funds until the Remittance Information is received. If BellSouth does not receive the Remittance Information by the payment due date for any account(s), late payment charges shall apply.
- 1.5.1.1 Due Dates. If the payment due date falls on a Sunday or on a holiday that is observed on a Monday, the payment due date shall be the first non-holiday day following such Sunday or holiday. **Service Level Commitments (SLCs)
for DS0 Wholesale Local Voice Platform Services**

1. Introduction

The SLCs as stated in this Attachment 4 shall become effective and apply to Services ordered during and after the first full calendar month following the Effective Date of the Agreement and shall be applied only to BellSouth's performance with respect to DS0 Wholesale Local Voice Platform Services.

2. Reporting Methodology

2.1 BellSouth will self-report CUSTOMER service performance data (and BellSouth retail performance data for SLC-4, Maintenance Average Duration) using BellSouth's internal processes to determine performance metrics for DS0 Wholesale Local Voice Platform Services. The reporting period for each metric is a full calendar month. CUSTOMER data will be collected and reports will be generated on both a regional and a state specific basis for all metrics. In addition, for SLC-4, Maintenance Average Duration, BellSouth retail data reports will be generated on a BellSouth regional retail aggregate basis. Reports will display all percentages and averages to two decimal points, using standard rounding rules.

2.2 BellSouth will utilize the reports described above to calculate the performance metrics and associated payments, if any, for the reporting period.

3. SLC Methodology

The following SLCs, as defined in this Attachment, will be measured in accordance with the terms and conditions herein. Payments for SLCs, as applicable, shall be paid based upon regional data only within the reporting period. SLCs and applicable remedy payments are as follows:

Service Level Commitments	Per Occurrence Payment
FOC Timeliness (≤ 3 hours): 95%	\$10*
Installation Appointments Met: 98%	\$25*
Repair Appointments Met: 94%	\$25*
Maintenance Average Duration: \leq BellSouth retail aggregate	\$25**

* Per missed occurrence below the stated performance objective as described in Section 5

** Per occurrence below the stated performance objective as described in SLC-4 as described in Section 5

4. SLC Performance Metric Definitions

4.1 SLC-1: Firm Order Confirmation (FOC) Timeliness

4.1.1 SLC-1 measures the percentage of Local Service Requests (LSRs) confirmed through the return of a FOC within an interval of three (3) hours or less during the reporting period. The interval for return of a FOC is measured by the elapsed time from receipt of a valid (complete and correct) fully mechanized LSR (date and time stamped in ordering interface gateways) until BellSouth processes the LSR, generates appropriate service orders and returns a FOC to CUSTOMER via ordering interface gateways. When multiple FOCs occur on a single LSR, the first FOC is used to measure the interval.

4.1.2 The following exclusions apply: 1) LSRs that are identified as Projects as defined in BellSouth's Local Ordering Handbook, as amended from time to time; 2) Test Transactions/Records; 3) LSRs cancelled by CUSTOMER prior to a FOC being returned; 4) Scheduled OSS Maintenance; 5) Partially Mechanized LSRs (submitted electronically but processed manually); and 6) Non-Mechanized LSRs (submitted and processed manually).

4.2 SLC-2: Installation Appointments Met

4.2.1 SLC-2 measures the percentage of total completed installation service orders for which BellSouth meets the committed due date for service orders completed in the reporting period. BellSouth is considered to have met the committed due date unless the installation date is later than the committed due date and the missed installation appointment is due to a BellSouth reason. The SLC-2 metric only applies to the first committed due date, regardless of whether subsequent committed due dates are established for the same service order. Calculation of SLC-2 includes service orders requiring dispatches and service orders not requiring dispatches.

4.2.2 The following exclusions apply: 1) Cancelled service orders; 2) Order activities of BellSouth or CUSTOMER associated with internal or administrative use of local services (e.g. Record Orders, Test Orders, etc., which may be order types C, N, R or T); 3) Disconnect orders; and 4) Listing orders.

4.3 SLC-3: Repair Appointments Met

4.3.1 SLC-3 measures the percentage of closed CUSTOMER trouble reports within the reporting period where the service is resolved as repaired by the committed date

and time. Calculation of the metric includes repairs requiring dispatch and repairs not requiring dispatch.

4.3.2 The following exclusions apply: 1) CUSTOMER trouble reports cancelled at CUSTOMER's request; 2) BellSouth trouble reports associated with internal or administrative service; 3) Customer (End User) Provided Equipment (CPE) or CUSTOMER equipment troubles; 4) Trouble outside BellSouth's control; and 5) Informational trouble tickets.

4.4 SLC-4: Maintenance Average Duration

4.4.1 SLC-4 measures the average duration of closed CUSTOMER trouble reports compared to closed BellSouth End User trouble reports in the reporting period. The duration of a trouble report starts on the date and time of receipt of a trouble report and stops on the date and time the service is resolved as repaired. Calculation of the metric includes trouble reports requiring dispatches and trouble reports not requiring dispatches.

4.4.2 The following exclusions apply: 1) CUSTOMER trouble tickets cancelled at CUSTOMER's request; 2) BellSouth trouble reports associated with internal or administrative service; 3) Customer (End User) Provided Equipment (CPE) or CUSTOMER equipment troubles; 4) Troubles outside BellSouth's control; and 5) Informational trouble tickets.

5. Calculation of Occurrences and Payment

The metrics described above shall be calculated and the payments, if any, to CUSTOMER shall be determined as follows:

5.1 For SLC-1, FOC Timeliness:

5.1.1 BellSouth will divide (i) the number of CUSTOMER LSRs submitted for which a FOC is returned within the reporting period within 3 hours by (ii) the total number of CUSTOMER LSRs submitted for which a FOC is returned in the reporting period.

5.1.2 If the resulting quotient in Section 5.1.1 above is .95 or greater, there are no missed occurrences for which payment is due under this Attachment.

5.1.3 In the event that greater than 5% of the FOCs returned within the reporting period exceed the 3-hour interval, then each FOC returned in greater than 3 hours in excess of 5% shall constitute a missed occurrence.

5.1.4 BellSouth shall pay CUSTOMER \$10 for each such missed occurrence.

5.2 For SLC-2, Installation Appointments Met:

Version: 1Q05
03/29/05

Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 5.2.1 BellSouth will divide (i) the number of CUSTOMER installation service orders completed within the reporting period on or before the committed due date by (ii) the total number of CUSTOMER installation service orders completed within the reporting period.
- 5.2.2 If the resulting quotient in Section 5.2.1 above is .98 or greater, there are no missed occurrences for which payment is due under this Attachment.
- 5.2.3 In the event that greater than 2% of the completed installation service orders within the reporting period are not completed on or before the committed due date due to BellSouth reasons, then each installation service order not completed on or before the committed due date due to BellSouth reasons in excess of 2% shall constitute a missed occurrence.
- 5.2.4 BellSouth shall pay CUSTOMER \$25 for each such missed occurrence.
- 5.3 For SLC-3, Repair Appointments Met:
- 5.3.1 BellSouth will divide (i) the number of closed CUSTOMER trouble reports within the reporting period that were resolved as repaired by the committed date and time by (ii) the total number of closed CUSTOMER trouble reports within the reporting period that were resolved as repaired.
- 5.3.2 If the resulting quotient in Section 5.3.1 above is .94 or greater, there are no missed occurrences for which payment is due under this Attachment.
- 5.3.3 In the event that greater than 6% of the closed trouble reports within the reporting period were not resolved as repaired by the committed date and time, then each closed trouble report that was not resolved as repaired by the committed date and time in excess of 6% shall constitute a missed occurrence.
- 5.3.4 BellSouth shall pay CUSTOMER \$25 for each such missed occurrence.
- 5.4 For SLC-4, Maintenance Average Duration:
- 5.4.1 BellSouth will add the maintenance duration (as defined in Section 4) of each trouble report received from BellSouth Retail Residence and Business Plain Old Telephone Service (POTS) End Users, and divide that number by the total number of BellSouth Retail Residence and Business POTS End User trouble reports closed during the reporting period to determine the Maintenance Average Duration for BellSouth retail;
- 5.4.2 BellSouth will add the maintenance duration (as defined in Section 4) of each trouble report received from CUSTOMER, and divide that number by the total

number of CUSTOMER trouble reports closed during the reporting period to determine the Maintenance Average Duration for CUSTOMER.

- 5.4.3 If the Maintenance Average Duration for BellSouth retail is equal to or greater than the Maintenance Average Duration for CUSTOMER, there are no occurrences for which payment is due under this Attachment.
- 5.4.4 If the Maintenance Average Duration for BellSouth retail is less than the Maintenance Average Duration for CUSTOMER, BellSouth shall remove from the metric calculation the number of trouble reports received from CUSTOMER (starting with the longest duration trouble report and proceeding to the next longest duration trouble report) that, when added together and removed from the metric calculation, results in a revised Maintenance Average Duration for CUSTOMER that is equal to or less than the Maintenance Average Duration for BellSouth.
- 5.4.5 Each CUSTOMER trouble report removed from the metric calculation shall constitute an occurrence.
- 5.4.6 BellSouth shall pay CUSTOMER \$25 for each such occurrence.
- 5.5 Performance payments shall not be paid in the event of a Force Majeure condition, as described in the General Terms and Conditions of this Agreement.
