CORINTH WATER DISTRICT

CORINTH, KENTUCKY

FINANCIAL STATEMENTS

For the Years Ended December 31, 2012 and 2011

Van Gorder, Walker & Co., Inc.
Certified Public Accountants

The largest portion of the District's net position (93%) reflects its investment in capital assets (e.g. land, buildings, infrastructure, machinery and equipment), less any related debt used to acquire those assets still outstanding. The District uses these capital assets to provide services to its customers; consequently, these assets are not available for future spending. Although the District's investments in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate the debt.

An additional portion of the District's net position (3%) is considered to be restricted. This amount represents resources that are subject to external restrictions on how they may be used.

The unrestricted portion of net position may be used to meet the District's ongoing obligations to customers and creditors.

SUMMARY OF CHANGES IN NET POSITION

Revenues

Operating income for 2012 was \$68,489, compared to an operating income of \$60,718 in the prior year. Operating revenues decreased \$1,168, or 0.2%, and operating expenses decreased \$8,939, or 1.3%. Operating expenses decreased due to decreases in contractual services utilized and water purchased.

Investment Income

Investment income decreased \$17 from 2011 to 2012. The decrease is due to continued drops in investment earnings seen all throughout the region.

Capital Contributions

Capital contributions decreased \$5,578 from 2011 to 2012.

The following schedule compares the revenues and expenses for the current year and the previous year.

CORINTH WATER DISTRICT NOTES TO THE FINANCIAL STATEMENTS December 31, 2012 and 2011
--

NOTE 1 – GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

Corinth Water District (District) is a water utility, which provides service to residential and commercial customers in Grant, Pendleton, and Harrison Counties in Kentucky. The District was created by the Grant County Court on January 11, 1965 under the provisions of chapter 74 of the Kentucky Revised Statutes (“KRS”).

Regulatory Requirements

The District is subject to the regulatory authority of the Kentucky Public Service Commission (“PSC”) pursuant to KRS 278.040.

Basis of Accounting

The District’s financial statements are presented on the full accrual basis in accordance with accounting principles generally accepted in the United States of America. The District applies all Governmental Accounting Standards Board (GASB) pronouncements as well as Financial Accounting Standards Board (FASB) statements and interpretations, and the Accounting Principles Board (APB) Opinions of the Committee on Accounting Procedure issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

The District has adopted GASB Statements 33 through 63, and related interpretations issued through December 31, 2012. Statement No. 33 required capital contributions to be recorded on the statement of revenues, expenses and changes in net position. Statement 34 and subsequent statements and interpretations required certain other changes in terminology, format and content, as well as inclusion of the management’s discussion and analysis as required supplementary information.

All activities of the District are accounted for within a single proprietary (enterprise) reporting entity. Proprietary entities are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expense, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The accounting and financial reporting treatment applied to the District is determined by its measurement focus. The transactions of the District are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the balance sheet. Net position (i.e., total assets net of total liabilities) is segregated into “invested in capital assets, net of related liabilities”; “restricted”; and “unrestricted” components.

CORINTH WATER DISTRICT NOTES TO THE FINANCIAL STATEMENTS December 31, 2012 and 2011
--

Allowance for Bad Debts

The District uses the allowance method to account for bad debts. For both years ending June 30, 2012 and 2011, the balance of the allowance was \$4,000.

Cash Equivalents

For purposes of the balance sheets and statement of cash flows, the District considers all unrestricted highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Budgets

In accordance with Kentucky Revised Statute 65.065, the District is required to submit a balanced budget to the Grant County Fiscal Court prior to December 1. The budget includes proposed expenditures and the means of financing them for the upcoming year. Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. Expenditures may not legally exceed budgeted appropriations at the fund level. All appropriations lapse at fiscal year end.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined under the First-In, First-Out (FIFO) method. Market is determined on the basis of estimated realizable market values.

Income Tax Status

The District is exempt from federal and state income taxes since it is a political subdivision of the Grant County Court. Accordingly, the financial statements include no provision for income taxes.

Purchased Water Costs

The District is dependent on the City of Williamstown as its sole supplier of water. On September 1, 2004, the District signed an agreement with the City of Williamstown to extend this water service agreement for the next 42 years.

Use of Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Operating Revenues and Non-Operating Revenues

Revenues have been classified as operating and non-operating. Operating revenues are those revenues that are directly generated from the sale of water to customers. Non-operating revenues are those revenues that arise from the overall function of the entity. Examples of non-operating revenues are grant revenues, sales of fixed assets and interest income.

<p>CORINTH WATER DISTRICT NOTES TO THE FINANCIAL STATEMENTS December 31, 2012 and 2011</p>

NOTE 2 – DEPOSITS AND INVESTMENTS

Deposits consist of checking and savings accounts. They are carried at cost, which approximates market value. The carrying amount of deposits is separately displayed on the balance sheet as “Cash and Cash Equivalents” and “Restricted Assets”. At December 31, 2012 and 2011, the bank balances were \$89,407 and \$151,317 respectively, which were the same as the carrying amount.

The District's investment policy allows investments only in the form of savings accounts and certificates of deposit at local banks in Grant County, Kentucky. The District holds funds at Forcht Bank. The FDIC insures bank deposits for amounts under \$250,000 per banking institution. Thus, all of the \$89,407 in District funds is insured. In accordance with GASB 40, there is no market risk on these savings account investments.

NOTE 3 – RESTRICTED ASSETS

NOTE 4 – CAPITAL CONTRIBUTIONS

In conformity with the provisions of Governmental Accounting Standards Board Statement No. 33 – *Accounting and Financial Reporting for Non-Exchange Transactions*, amounts related to customer contributions in aid of construction have been reported as other income in the District's income statement. These contributions represent customer tap-in fees and other contributions to recover the costs of extensions of the distribution system. During 2012 and 2011 these contributions consisted of the following:

Source	2012	2011
Tap in fees and construction costs paid by new customers	\$ 4,058	\$ 9,636
Total capital contributions received in aid of construction	<u>\$ 4,058</u>	<u>\$ 9,636</u>

NOTE 5 – UTILITY PLANT IN SERVICE

All property, plant and equipment including infrastructure assets are recorded at cost and depreciated over their estimated useful lives, using the straight-line method. Upon sale or retirement, the cost and related accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss included in the results of operations. Repair and

maintenance charges, which do not increase the useful lives of the assets, are charged to income as incurred. Interest incurred on construction funding during the period of construction is capitalized and is added to the item under construction rather than charged to expense as incurred.

NOTE 9 – CAPITAL LEASE

In November 2012, the District entered into a capital lease agreement with the City of Corinth, Kentucky, a related party, for the purchase of land and a building, which is being leased back by the City. The leased property of \$69,000 is included in land and buildings and improvements on the fixed asset summary in Note 5. Amortization of the lease is included in depreciation expense. Accumulated amortization amounted to \$229 and \$0 at December 31, 2012 and 2011, respectively. The leased property represents security on this lease, and no interest is being charged. Future minimum lease payments are as follows:

Year	Principal Amount	Interest Amount	Total Lease Payment
2013	\$ 10,800	\$ -	\$ 10,800
2014	10,800	-	10,800
2015	10,800	-	10,800
2016	10,800	-	10,800
2017	9,900	-	9,900
Totals	<u>\$ 53,100</u>	<u>\$ -</u>	<u>\$ 53,100</u>

NOTE 10 – RELATED PARTY TRANSACTIONS

Billy Hill, the General Manager of the Water District, acts as both the General Manager of the Water District and the Mayor of the City of Corinth. The District has normal business relations with the City of Corinth. Some minor reimbursable expenses have been paid by one entity and reimbursed by/to the other.

CORINTH WATER DISTRICT NOTES TO THE FINANCIAL STATEMENTS December 31, 2012 and 2011
--

Tara Wright is the City Clerk of the City of Corinth. She also does some work for the Water District, but because the City and the Water District exchange services and employees on an as needed basis to cover what needs done, most of her work is not paid by the District. There are few if any actual charges by the city or the District for these services.

The District paid \$769 and \$745 during 2012 and 2011, respectively, to the brother of a District commissioner for meter testing services.

As noted in Note 9, the District entered into a capital lease agreement with the City of Corinth, Kentucky for the purchase of land and a building, which is being leased back by the City.

NOTE 11 – RISKS/COMMITMENTS/CONTINGENCIES

Corinth Water District depends upon the credit given to a large group of individual customers. The revenue from individuals is significantly larger than the revenue from corporations. Therefore there is considerably less cash flow risk from the failure of a single customer to pay.

NOTE 12 – SUBSEQUENT EVENTS

Management has evaluated events through April 30, 2013, the date on which the financial statements were available for issue. The District did not have any events subsequent to report from December 31, 2012 through April 30, 2013 to disclose.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

**To the Board of Commissioners
Corinth Water District**

We have audited the financial statements of the business-type activities of the Corinth Water District as of and for the years ended December 31, 2012 and 2011, and have issued our report thereon dated April 30, 2013. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the Corinth Water District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corinth Water District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Corinth Water District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, as discussed below, we identified certain

deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

Lack of Segregation of Duties

Condition: We noted that, due to the size of the District and financial considerations, the executing and recording of transactions are performed by the same person.

Criteria: The process of executing a transaction should be segregated from the process of recording the transaction.

Effect: Segregation of duties is a necessary part of any system of internal control. Lack of segregation of duties could allow for receipts to be diverted away from the District and expenses not attributed to the District could be paid for from the District's cash account.

Recommendation: Internal controls should continue to be implemented to segregate the duties of the personnel. Controls should be monitored to ascertain that they are sufficient to reduce the risk of material misstatement to an acceptable level.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corinth Water District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.
