

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF SOUTHERN OHIO TELEPHONE)
COMPANY, SEEKING A CERTIFICATE OF)
PUBLIC CONVENIENCE AND NECESSITY TO) CASE NO. 91-150
CONSTRUCT A CELLULAR TOWER IN CAMPBELL)
COUNTY, KENTUCKY)

O R D E R

IT IS ORDERED that Southern Ohio Telephone Company ("SOTCo") shall file an original and six copies of the following with the Commission with a copy to all parties of record. This information is due no later than 20 days from the date of this Order.

1. Provide a legible copy of actual tower design which includes specifications, tower analysis, tower foundation design, all related schematics, and bears the original seal, signature, and dated by a registered professional engineer. The design provided by PiRod, Inc. attached to the application as Exhibit G is not legible, and does not include the original seal and signature of a registered professional engineer. See attached letter from Kentucky State Board of Registration for Professional Engineers and Land Surveyors.

2. Provide a copy of the Federal Aviation Administration's approval for the construction of the proposed tower.

3. Provide a copy of the Kentucky Airport Zoning Commission's approval for the construction of the proposed tower.

Done at Frankfort, Kentucky, this 13th day of June, 1991.

Mr. Claude G. Rhorer
KY. Public Service Commission
P.O. Box 615
Frankfort, KY 40602

DIVISION OF UTILITY
ENGINEERING & SERVICES

Dear Mr. Rhorer:

A change in KRS 322 (Engineers and Surveyors Law) which became effective July 15, 1986 requires that "Plans, Specifications, Plats and Reports approved by a registrant shall be signed and dated by the registrant and stamped with the seal when filed with public authorities."

Prior to this time, only a seal was required.

Recent information received by the Board indicates that a number of Review Agencies are not aware of the change and the requirement isn't being enforced.

In addition, plans have been submitted for review with a photo-copy of the Engineer's or Land Surveyor's seal.

The Board needs your help in enforcing this portion of the law. We urge that you require an original seal and signature on at least one set of all plans reviewed by your agency. In other words, if six sets of plans are required, one set should have an original seal and signature on each sheet.

We also request that you report any infractions to the Board office.

Sincerely,

Larry S. Perkins
Executive Director
