EDUCATION CREDIT FOR COMMISSIONERS        ) CASE NO. 2016-00322

ORDER

Kentucky Rural Water Association (“KRWA”) has applied for accreditation and approval of training sessions held at the Holiday Inn University Plaza Sloan Convention Center in Bowling Green, Kentucky, on October 25, 2016. Seven sessions were held at which water district commissioners could earn up to six credit hours of training. These training sessions provided useful information to attendees to help them better perform their duties as utility professionals and to enhance operations at their facilities.

This Commission is required to “encourage and promote the offering of high quality water district management training programs that enhance a water district commissioner’s understanding of his or her responsibilities and duties.”<sup>1</sup> Having reviewed KRWA’s application, the Commission finds that the presentations will enhance a water district commissioner’s understanding of his or her responsibilities and duties and should be approved for a maximum of six hours of water district management training.
