

AMENDMENT  
TO  
THE AGREEMENT BETWEEN  
DSLNET COMMUNICATIONS, LLC. AND  
BELLSOUTH TELECOMMUNICATIONS, INC.  
DATED FEBRUARY 16, 1999

Pursuant to this Agreement (the "Amendment"), DSLNET Communications, LLC ("DSL") and BellSouth Telecommunications, Inc. ("BellSouth") hereinafter referred to as the "Parties", hereby agree to amend the Agreement between the Parties dated February 16, 1999 ("Agreement").

WHEREAS, the Parties entered into an Interconnection Agreement on February 16, 1999; and

WHEREAS, the Parties desire to amend that Interconnection Agreement.

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. Attachment 2 of the Interconnection Agreement is hereby amendment to include a new section 2.2.10 as follows:

2.2.10 Universal Digital Channel (UDC) Loop

2.2.10.1 Due to technical limitations associated with certain DLC systems, some ISDN-capable loops that are provisioned using DLC systems may not support IDSL service. Effective with this agreement, BellSouth will no longer reconfigure its ISDN-capable loop to support IDSL service.

2.2.10.2 Instead, BellSouth agrees to offer the Universal Digital Channel (UDC) loop as a part of their Unbundled Digital Loop offerings. The UDC loop is intended to be compatible with IDSL service and has the same physical characteristics and transmission specifications as BellSouth's ISDN-capable loop. These specifications are listed in BellSouth's TR73600.

2.2.10.3 Like the ISDN-capable loop, the UDC loop may be provisioned on copper or through a DLC system. However, when UDC loops are provisioned using a DLC system, BellSouth will ensure that they are only provisioned on time slots that are compatible with data-only services such as IDSL.

2. Attachment 11, Exhibits 1 – 9, of the Interconnection Agreement are hereby amended to include the interim rates for UDC loops set forth in Exhibit 1 attached hereto.

3. All other provisions of the Interconnection Agreement dated February 16, 1999 shall remain in full force and effect.

4. Either or both of the Parties shall submit this Amendment to the appropriate Commission for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to the Interconnection Agreement be executed by their respective duly authorized representatives on the date indicated below.
