O R D E R

On July 27, 2010, South Central Rural Telephone Cooperative Corporation, Inc. ("South Central") filed with the Commission a finalized Extended Area of Service ("EAS") traffic agreement executed by South Central and Comcast Phone of Kentucky, LLC d/b/a Comcast Digital Phone ("Comcast") pursuant to 47 U.S.C. § 252(e). The parties seek to interconnect their respective networks to allow either party to deliver specific EAS traffic to the other party for transport and termination on the other party's network.

The Commission has reviewed the EAS agreement and finds that no portion of the agreement discriminates against any telecommunications carriers not parties to the agreement and that implementation of the agreement is consistent with the public interest, convenience, and necessity. The Commission finds that the agreement has been appropriately negotiated and conforms to the traffic needs of South Central and Comcast, as provided within the agreement. The Commission also finds that the agreement meets the requirements of 47 U.S.C. § 251.

Having reviewed the EAS traffic agreement, the Commission finds that it should be approved.

IT IS HEREBY ORDERED that:

1. The EAS traffic agreement between South Central and Comcast is approved.
2. This matter is closed and removed from the Commission's docket.

By the Commission
