THIS AGREEMENT is by and between BellSouth Telecommunications, Inc., (“BellSouth or Company”), a Georgia corporation, and Express Telecommunications, Inc. (ETI) (“Reseller”), a Georgia corporation, and shall be deemed effective as of December 17, 1997.

WITNESSETH

WHEREAS, BellSouth is a local exchange telecommunications company authorized to provide telecommunications services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee; and

WHEREAS, Reseller is or seeks to become an alternative local exchange telecommunications company authorized to provide telecommunications services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee; and

WHEREAS, Reseller desires to resell BellSouth’s telecommunications services; and

WHEREAS, BellSouth has agreed to provide such services to Reseller for resale purposes and pursuant to the terms and conditions set forth herein;

NOW, THEREFORE, for and in consideration of the mutual premises and promises contained herein, BellSouth and Reseller do hereby agree as follows:

I. Term of the Agreement

A. The term of this Agreement shall be two years beginning December 17, 1997 and shall apply to all of BellSouth’s serving territory as of January 1, 1997 in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee;

B. This Agreement shall be automatically renewed for two additional one year periods unless either party indicates its intent not to renew the Agreement. Notice of such intent must be provided, in writing, to the other party no later than 60 days prior to the end of the then-existing contract period. The terms of this Agreement shall remain in effect after the term of the existing agreement has expired and while a new agreement is being negotiated.

The rates pursuant by which Reseller is to purchase services from BellSouth for resale shall be at a discount rate off of the retail rate for the telecommunications service. The discount rates shall be as set forth in Exhibit A, attached hereto and incorporated herein by this reference. Such discount shall reflect the costs avoided by BellSouth when selling a service for wholesale purposes.

II. Definition of Terms

A. CUSTOMER OF RECORD means the entity responsible for placing application for service; requesting additions, rearrangements, maintenance or discontinuance of service; payment in full of charges incurred such as non-recurring, monthly recurring, toll, directory assistance, etc.
B. **DEPOSIT** means assurance provided by a customer in the form of cash, surety bond or bank letter of credit to be held by the Company.

C. **END USER** means the ultimate user of the telecommunications services.

D. **END USER CUSTOMER LOCATION** means the physical location of the premises where an end user makes use of the telecommunications services.

E. **NEW SERVICES** means functions, features or capabilities that are not currently offered by BellSouth. This includes packaging of existing services or combining a new function, feature or capability with an existing service.

F. **OTHER LOCAL EXCHANGE COMPANY (OLEC)** means a telephone company certificated by the public service commissions of the Company’s franchised area to provide local exchange service within the Company's franchised area.

G. **RESALE** means an activity wherein a certificated OLEC, such as Reseller subscribes to the telecommunications services of the Company and then reoffers those telecommunications services to the public (with or without “adding value”).

H. **RESALE SERVICE AREA** means the area, as defined in a public service commission approved certificate of operation, within which an OLEC, such as Reseller, may offer resold local exchange telecommunications service.

### III. General Provisions

A. Reseller may resell the tariffed local exchange and toll telecommunications services of BellSouth contained in the General Subscriber Service Tariff and Private Line Service Tariff subject to the terms, and conditions specifically set forth herein. Notwithstanding the foregoing, the exclusions and limitations on services available for resale will be as set forth in Exhibit B, attached hereto and incorporated herein by this reference.

BellSouth shall make available telecommunications services for resale at the rates set forth in Exhibit A to this agreement and subject to the exclusions and limitations set forth in Exhibit B to this agreement. It does not however waive its rights to appeal or otherwise challenge any decision regarding resale that resulted in the discount rates contained in Exhibit A or the exclusions and limitations contained in Exhibit B. BellSouth reserves the right to pursue any and all legal and/or equitable remedies, including appeals of any decisions. If such appeals or challenges result in changes in the discount rates or exclusions and limitations, the parties agree that appropriate modifications to this Agreement will be made promptly to make its terms consistent with the outcome of the appeal.

B. Reseller may purchase resale services from BellSouth for their own use in operating their business. The resale discount will apply to those services under the following conditions:

1. Reseller must resell services to other end users.

2. Reseller must order services through resale interfaces, i.e., the LCSC and/or appropriate Resale Account Teams.
3. Reseller cannot be an alternative local exchange telecommunications company for the single purpose of selling to themselves.

C. The provision of services by the Company to Reseller does not constitute a joint undertaking for the furnishing of any service.

D. Reseller will be the customer of record for all services purchased from BellSouth. Except as specified herein, the Company will take orders from, bill and expect payment from Reseller for all services.

E. Reseller will be the Company’s single point of contact for all services purchased pursuant to this Agreement. The Company shall have no contact with the end user except to the extent provided for herein.

F. The Company will continue to bill the end user for any services that the end user specifies it wishes to receive directly from the Company.

G. The Company maintains the right to serve directly any end user within the service area of Reseller. The Company will continue to directly market its own telecommunications products and services and in doing so may establish independent relationships with end users of Reseller.

H. Neither Party shall interfere with the right of any person or entity to obtain service directly from the other Party.

I. Current telephone numbers may normally be retained by the end user. However, telephone numbers are the property of the Company and are assigned to the service furnished. Reseller has no property right to the telephone number or any other call number designation associated with services furnished by the Company, and no right to the continuance of service through any particular central office. The Company reserves the right to change such numbers, or the central office designation associated with such numbers, or both, whenever the Company deems it necessary to do so in the conduct of its business.

J. The Company may provide any service or facility for which a charge is not established herein, as long as it is offered on the same terms to Reseller.

K. Service is furnished subject to the condition that it will not be used for any unlawful purpose.

L. Service will be discontinued if any law enforcement agency advises that the service being used is in violation of the law.

M. The Company can refuse service when it has grounds to believe that service will be used in violation of the law.

N. The Company accepts no responsibility to any person for any unlawful act committed by Reseller or its end users as part of providing service to Reseller for purposes of resale or otherwise.

O. The Company will cooperate fully with law enforcement agencies with subpoenas and court orders for assistance with the Company’s customers. Law enforcement agency subpoenas and court orders regarding end users of Reseller will be directed to Reseller. The Company will bill Reseller for implementing any requests by law enforcement agencies regarding Reseller end users.

P. The characteristics and methods of operation of any circuits, facilities or equipment provided by any person or entity other than the Company shall not:

1. Interfere with or impair service over any facilities of the Company, its affiliates, or its connecting and concurring carriers involved in its service;
2. Cause damage to their plant;
3. Impair the privacy of any communications; or
4. Create hazards to any employees or the public.

Q. Reseller assumes the responsibility of notifying the Company regarding less than standard operations with respect to services provided by Reseller.

R. Facilities and/or equipment utilized by BellSouth to provide service to Reseller remain the property of BellSouth.

S. White page directory listings will be provided in accordance with regulations set forth in Section A6 of the General Subscriber Service Tariff and will be available for resale.

T. BellSouth will provide customer record information to Reseller provided Reseller has the appropriate Letter(s) of Authorization. BellSouth may provide customer record information via one of the following methods: US mail, fax, or by electronic interface. BellSouth will provide customer record information via US mail or fax on an interim basis only.
1. Reseller agrees to compensate BellSouth for all BellSouth incurred expenditures associated with providing such information to Reseller. Reseller will adopt and adhere to the BellSouth guidelines associated with each method of providing customer record information.
2. All costs incurred by BellSouth to develop and implement operational interfaces shall be recovered from Reseller who utilize the services.

U. BellSouth will provide certain selected messaging services to Reseller for resale of messaging service without the wholesale discount.

V. BellSouth’s Inside Wire Maintenance Plans may be made available for resale at rates, terms and conditions as set forth by BellSouth and without the wholesale discount.

W. All costs incurred by BellSouth for providing services to Reseller that are not covered in the BellSouth tariffs shall be recovered from the Reseller(s) who utilize those services.

IV. BellSouth’s Provision of Services to Reseller

A. Reseller agrees that its resale of BellSouth services shall be as follows:
1. The resale of telecommunications services shall be limited to users and uses conforming to the class of service restrictions.
2. To the extent Reseller is a telecommunications carrier that serves greater than 5 percent of the Nation’s presubscribed access lines, Reseller shall not jointly market its interLATA services with the telecommunications services purchased from BellSouth pursuant to this Agreement in any of the states covered under this Agreement. For the purposes of this subsection, to jointly market means any advertisement, marketing effort or billing in which the telecommunications services purchased from BellSouth for purposes of resale to customers and interLATA services offered by Reseller are packaged, tied, bundled, discounted or offered together in any way to the end user.
Such efforts include, but are not limited to, sales referrals, resale arrangements, sales agencies or billing agreements. This subsection shall be void and of no effect for a particular state covered under this Agreement as of February 8, 1999 or on the date BellSouth is authorized to offer interLATA services in that state, whichever is earlier.

3. Hotel and Hospital PBX service are the only telecommunications services available for resale to Hotel/Motel and Hospital end users, respectively. Similarly, Access Line Service for Customer Provided Coin Telephones is the only local service available for resale to Independent Payphone Provider (IPP) customers. Shared Tenant Service customers can only be sold those telecommunications services available in the Company’s A23 Shared Tenant Service Tariff.

4. Reseller is prohibited from furnishing both flat and measured rate service on the same business premises to the same subscribers (end users) as stated in A2 of the Company’s Tariff except for backup service as indicated in the applicable state tariff Section A3.

5. If telephone service is established and it is subsequently determined that the class of service restriction has been violated, Reseller will be notified and billing for that service will be immediately changed to the appropriate class of service. Service charges for changes between class of service, back billing, and interest as described in this subsection shall apply at the Company’s sole discretion. Interest at a rate as set forth in Section A2 of the General Subscriber Service Tariff and Section B2 of the Private Line Service Tariff for the applicable state, compounded daily for the number of days from the back billing date to and including the date that Reseller actually makes the payment to the Company may be assessed.

6. The Company reserves the right to periodically audit services purchased by Reseller to establish authenticity of use. Such audit shall not occur more than once in a calendar year. Reseller shall make any and all records and data available to the Company or the Company’s auditors on a reasonable basis. The Company shall bear the cost of said audit.

B. Resold services can only be used in the same manner as specified in the Company’s Tariff. Resold services are subject to the same terms and conditions as are specified for such services when furnished to an individual end user of the Company in the appropriate section of the Company’s Tariffs. Specific tariff features, e.g. a usage allowance per month, shall not be aggregated across multiple resold services. Resold services cannot be used to aggregate traffic from more than one end user customer except as specified in Section A23. of the Company’s Tariff referring to Shared Tenant Service.

C. Reseller may resell services only within the specific resale service area as defined in its certificate.

D. Telephone numbers transmitted via any resold service feature are intended solely for the use of the end user of the feature. Resale of this information is prohibited.

E. No patent, copyright, trademark or other proprietary right is licensed, granted or otherwise transferred by this Agreement. Reseller is strictly prohibited from any use, including but not limited to sales, marketing or advertising, of any BellSouth name or trademark.

V. Maintenance of Services

A. Reseller will adopt and adhere to the standards contained in the applicable BellSouth Work Center Interface Agreement regarding maintenance and installation of service.

B. Services resold under the Company’s Tariffs and facilities and equipment provided by the Company shall be maintained by the Company.
C. Reseller or its end users may not rearrange, move, disconnect, remove or attempt to repair any facilities owned by the Company, other than by connection or disconnection to any interface means used, except with the written consent of the Company.

D. Reseller accepts responsibility to notify the Company of situations that arise that may result in a service problem.

E. Reseller will be the Company's single point of contact for all repair calls on behalf of Reseller’s end users. The parties agree to provide one another with toll-free contact numbers for such purposes.

F. Reseller will contact the appropriate repair centers in accordance with procedures established by the Company.

G. For all repair requests, Reseller accepts responsibility for adhering to the Company's prescreening guidelines prior to referring the trouble to the Company.

H. The Company will bill Reseller for handling troubles that are found not to be in the Company's network pursuant to its standard time and material charges. The standard time and material charges will be no more than what BellSouth charges to its retail customers for the same services.

I. The Company reserves the right to contact Reseller’s customers, if deemed necessary, for maintenance purposes.

VI. Establishment of Service

A. After receiving certification as a local exchange company from the appropriate regulatory agency, Reseller will provide the appropriate Company service center the necessary documentation to enable the Company to establish a master account for Reseller. Such documentation shall include the Application for Master Account, proof of authority to provide telecommunications services, an Operating Company Number ("OCN") assigned by the National Exchange Carriers Association ("NECA") and a tax exemption certificate, if applicable. When necessary deposit requirements are met, the Company will begin taking orders for the resale of service.

B. Service orders will be in a standard format designated by the Company.

C. When notification is received from Reseller that a current customer of the Company will subscribe to Reseller’s service, standard service order intervals for the appropriate class of service will apply.

D. The Company will not require end user confirmation prior to establishing service for Reseller’s end user customer. Reseller must, however, be able to demonstrate end user authorization upon request.

E. Reseller will be the single point of contact with the Company for all subsequent ordering activity resulting in additions or changes to resold services except that the Company will accept a request directly from the end user for conversion of the end user's service from Reseller to the Company or will accept a request from another OLEC for conversion of the end user's service from Reseller to the other LEC. The Company will notify Reseller that such a request has been processed.

F. If the Company determines that an unauthorized change in local service to Reseller has occurred, the Company will reestablish service with the appropriate local service provider and will assess Reseller as the OLEC initiating the unauthorized change, the unauthorized change charge described in F.C.C. Tariff
No. 1, Section 13. Appropriate nonrecurring charges, as set forth in Section A4. of the General Subscriber Service Tariff, will also be assessed to Reseller. These charges can be adjusted if Reseller provides satisfactory proof of authorization.

G. In order to safeguard its interest, the Company reserves the right to secure the account with a suitable form of security deposit, unless satisfactory credit has already been established.

1. Such security deposit shall take the form of an irrevocable Letter of Credit or other forms of security acceptable to the Company. Any such security deposit may be held during the continuance of the service as security for the payment of any and all amounts accruing for the service.

2. If a security deposit is required, such security deposit shall be made prior to the inauguration of service.

3. Such security deposit may not exceed two months’ estimated billing.

4. The fact that a security deposit has been made in no way relieves Reseller from complying with the Company's regulations as to advance payments and the prompt payment of bills on presentation nor does it constitute a waiver or modification of the regular practices of the Company providing for the discontinuance of service for non-payment of any sums due the Company.

5. The Company reserves the right to increase the security deposit requirements when, in its sole judgment, circumstances so warrant and/or gross monthly billing has increased beyond the level initially used to determine the security deposit.

6. In the event that Reseller defaults on its account, service to Reseller will be terminated and any security deposits held will be applied to its account.

7. In the case of a cash deposit, interest at a rate as set forth in the appropriate BellSouth tariff shall be paid to Reseller during the continuance of the security deposit. Interest on a security deposit shall accrue annually and, if requested, shall be annually credited to Reseller by the accrual date.

VII. Payment And Billing Arrangements

A. When the initial service is ordered by Reseller, the Company will establish an accounts receivable master account for Reseller.

B. The Company shall bill Reseller on a current basis all applicable charges and credits.

C. Payment of all charges will be the responsibility of Reseller. Reseller shall make payment to the Company for all services billed. The Company is not responsible for payments not received by Reseller from Reseller's customer. The Company will not become involved in billing disputes that may arise between Reseller and its customer. Payments made to the Company as payment on account will be credited to an accounts receivable master account and not to an end user's account.

D. The Company will render bills each month on established bill days for each of Reseller's accounts.

E. The Company will bill Reseller, in advance, charges for all services to be provided during the ensuing billing period except charges associated with service usage, which charges will be billed in arrears. Charges will be calculated on an individual end user account level, including, if applicable, any charges
for usage or usage allowances. BellSouth will also bill all charges, including but not limited to 911 and E911 charges, telecommunications relay charges, and franchise fees, to Reseller.

F. The payment will be due by the next bill date (i.e., same date in the following month as the bill date) and is payable in immediately available funds. Payment is considered to have been made when received by the Company.

1. If the payment due date falls on a Sunday or on a Holiday which is observed on a Monday, the payment due date shall be the first non-Holiday day following such Sunday or Holiday. If the payment due date falls on a Saturday or on a Holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-Holiday day preceding such Saturday or Holiday. If payment is not received by the payment due date, a late payment penalty, as set forth in I. following, shall apply.

G. Upon proof of tax exempt certification from Reseller, the total amount billed to Reseller will not include any taxes due from the end user. Reseller will be solely responsible for the computation, tracking, reporting and payment of all federal, state and/or local jurisdiction taxes associated with the services resold to the end user.

H. As the customer of record, Reseller will be responsible for, and remit to the Company, all charges applicable to its resold services for emergency services (E911 and 911) and Telecommunications Relay Service (TRS) as well as any other charges of a similar nature.

I. If any portion of the payment is received by the Company after the payment due date as set forth preceding, or if any portion of the payment is received by the Company in funds that are not immediately available to the Company, then a late payment penalty shall be due to the Company. The late payment penalty shall be the portion of the payment not received by the payment due date times a late factor. The late factor shall be as set forth in Section A2 of the General Subscriber Service Tariff and Section B2 of the Private Line Service Tariff.

J. Any switched access charges associated with interexchange carrier access to the resold local exchange lines will be billed by, and due to, the Company. No additional charges are to be assessed to Reseller.

K. The Company will not perform billing and collection services for Reseller as a result of the execution of this Agreement. All requests for billing services should be referred to the appropriate entity or operational group within the Company.

L. Pursuant to 47 CFR Section 51.617, the Company will bill Reseller end user common line charges identical to the end user common line charges the Company bills its end users.

M. In general, the Company will not become involved in disputes between Reseller and Reseller's end user customers over resold services. If a dispute does arise that cannot be settled without the involvement of the Company, Reseller shall contact the designated Service Center for resolution. The Company will make every effort to assist in the resolution of the dispute and will work with Reseller to resolve the matter in as timely a manner as possible. Reseller may be required to submit documentation to substantiate the claim.

VIII. Discontinuance of Service

A. The procedures for discontinuing service to an end user are as follows:
1. Where possible, the Company will deny service to Reseller's end user on behalf of, and at the request of, Reseller. Upon restoration of the end user's service, restoral charges will apply and will be the responsibility of Reseller.

2. At the request of Reseller, the Company will disconnect a Reseller end user customer.

3. All requests by Reseller for denial or disconnection of an end user for nonpayment must be in writing.

4. Reseller will be made solely responsible for notifying the end user of the proposed disconnection of the service.

5. The Company will continue to process calls made to the Annoyance Call Center and will advise Reseller when it is determined that annoyance calls are originated from one of their end user's locations. The Company shall be indemnified, defended and held harmless by Reseller and/or the end user against any claim, loss or damage arising from providing this information to Reseller. It is the responsibility of Reseller to take the corrective action necessary with its customers who make annoying calls. Failure to do so will result in the Company's disconnecting the end user's service.

B. The procedures for discontinuing service to Reseller are as follows:

1. The Company reserves the right to suspend or terminate service for nonpayment or in the event of prohibited, unlawful or improper use of the facilities or service, abuse of the facilities, or any other violation or noncompliance by Reseller of the rules and regulations of the Company's Tariffs.

2. If payment of account is not received by the bill day in the month after the original bill day, the Company may provide written notice to Reseller, that additional applications for service will be refused and that any pending orders for service will not be completed if payment is not received by the fifteenth day following the date of the notice. If the Company does not refuse additional applications for service on the date specified in the notice, and Reseller's noncompliance continues, nothing contained herein shall preclude the Company's right to refuse additional applications for service without further notice.

3. If payment of account is not received, or arrangements made, by the bill day in the second consecutive month, the account will be considered in default and will be subject to denial or disconnection, or both.

4. If Reseller fails to comply with the provisions of this Agreement, including any payments to be made by it on the dates and times herein specified, the Company may, on thirty days written notice to the person designated by Reseller to receive notices of noncompliance, discontinue the provision of existing services to Reseller at any time thereafter. In the case of such discontinuance, all billed charges, as well as applicable termination charges, shall become due. If the Company does not discontinue the provision of the services involved on the date specified in the thirty days notice, and Reseller's noncompliance continues, nothing contained herein shall preclude the Company's right to discontinue the provision of the services to Reseller without further notice.

5. If payment is not received or arrangements made for payment by the date given in the written notification, Reseller's services will be discontinued. Upon discontinuance of service on a Reseller's account, service to Reseller's end users will be denied. The Company will also reestablish service at the request of the end user or Reseller upon payment of the appropriate connection fee and subject to the Company's normal application procedures. Reseller is solely responsible for notifying the end user of the proposed disconnection of the service.
6. If within fifteen days after an end user’s service has been denied no contact has been made in reference to restoring service, the end user’s service will be disconnected.

IX. Liability

A. The liability of the Company for damages arising out of mistakes, omissions, interruptions, preemptions, delays errors or defects in transmission, or failures or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of Reseller, or of the Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to Reseller for the period of service during which such mistake, omission, interruption, preemption, delay, error or defect in transmission or defect or failure in facilities occur. The Company shall not be liable for damage arising out of mistakes, omission, interruptions, preemptions, delays, errors or defects in transmission or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the service of the Company, (1) caused by customer-provided equipment (except where a contributing cause is the malfunctioning of a Company-provided connecting arrangement, in which event the liability of the Company shall not exceed an amount equal to a proportional amount of the Company billing for the period of service during which such mistake, omission, interruption, preemption, delay, error, defect in transmission or injury occurs), or (2) not prevented by customer-provided equipment but which would have been prevented had Company-provided equipment been used.

B. The Company shall be indemnified and saved harmless by Reseller against any and all claims, actions, causes of action, damages, liabilities, or demands (including the costs, expenses and reasonable attorneys’ fees, on account thereof) of whatever kind or nature that may be made by any third party as a result of the Company’s furnishing of service to Reseller.

C. The Company shall be indemnified, defended and held harmless by Reseller and/or the end user against any claim, loss or damage arising from the use of services offered for resale involving:

1. Claims for libel, slander, invasion of privacy or infringement of copyright arising from Reseller’s or end user’s own communications.

2. Claims for patent infringement arising from acts combining or using Company services in connection with facilities or equipment furnished by the end user or Reseller.

3. All other claims arising out of an act or omission of Reseller or its end user in the course of using services.

D. Reseller accepts responsibility for providing access for maintenance purposes of any service resold under the provisions of this Tariff. The Company shall not be responsible for any failure on the part of Reseller with respect to any end user of Reseller.

**Additional Comments:**

1. **Grandfathered services** can be resold only to existing subscribers of the grandfathered service.
2. Where available for resale, **promotions** will be made available only to end users who would have qualified for the promotion had it been provided by BellSouth directly.
3. In Tennessee, long-term **promotions** (offered for more than ninety (90) days) may be obtained at one of the following rates:
   - (a) the stated tariff rate, less the wholesale discount;
   - (b) the promotional rate (the promotional rate offered by BellSouth will not be discounted further by the wholesale discount rate)
4. **Lifeline/Link Up** services may be offered only to those subscribers who meet the criteria that BellSouth currently applies to subscribers of these services. In Tennessee, Reseller shall purchase BellSouth's Message Rate Service at the stated tariff rate, less the wholesale discount. Reseller must further discount the wholesale Message Rate Service to LifeLine customers with a discount which is no less than the minimum discount that BellSouth now provides. Reseller is responsible for recovering the Subscriber Line Charge from the National Exchange Carriers Association interstate toll settlement pool just as BellSouth does today. The maximum rate that Reseller may charge for LifeLine Service shall be capped at the flat retail rate offered by BellSouth.
5. In Louisiana and Mississippi, all **Contract Service Arrangements** entered into by BellSouth or terminating after the effective date of the Commission Order will be subject to resale without the wholesale discount. All CSAs which are in place as of the effective date of the Commission order will not be eligible for resale.
6. In North Carolina, **Contract Service Arrangements** entered into by BellSouth before April 15, 1997, shall be subject to resale at no discount, while BellSouth CSAs entered into after that date shall be subject to resale with the discount.
7. Some of BellSouth's local exchange and toll telecommunications services are not available in certain central offices and areas.
8. AdWatchSM is tariffed as BellSouth® AIN Virtual Number Call Detail Service
This Agreement, effective as of December 17, 1997, is entered into by and between

BellSouth Telecommunications, Inc. (“BST”), a Georgia corporation, and Express
Telecommunications, Inc. (ETI) (“Local Exchange Company”), a Georgia corporation, and their
fully authorized officers.

WHEREAS, in consideration of the mutual covenants, agreements and obligations set
forth below, the parties hereby agree as follows:

I. SCOPE

A. This Agreement sets forth the terms and conditions pursuant to which BST agrees
to store in its LIDB certain information at the request of the Local Exchange Company and
pursuant to which BST, its LIDB customers and Local Exchange Carrier shall have access to
such information. Local Exchange Carrier understands that BST provides access to information
in its LIDB to various telecommunications service providers pursuant to applicable tariffs and
agrees that information stored at the request of Local Exchange Carrier, pursuant to this
Agreement, shall be available to those telecommunications service providers. The terms and
conditions contained in the attached Addendum No. 1 are hereby made a part of this Agreement
as if fully incorporated herein.
B. LIDB is accessed for the following purposes:

1. Billed Number Screening
2. Calling Card Validation
3. Fraud Control

C. BST will provide seven days per week, 24-hours per day, fraud control and detection services. These services include, but are not limited to, such features as sorting Calling Card Fraud detection according to domestic or international calls in order to assist the pinpointing of possible theft or fraudulent use of Calling Card numbers; monitoring bill-to-third number and collect calls made to numbers in BST’s LIDB, provided such information is included in the LIDB query, and establishing Account Specific Thresholds, at BST’s sole discretion, when necessary. Local Exchange Company understands and agrees BST will administer all data stored in the LIDB, including the data provided by Local Exchange Company pursuant to this Agreement, in the same manner as BST’s data for BST’s end user customers. BST shall not be responsible to Local Exchange Company for any lost revenue which may result from BST’s administration of the LIDB pursuant to its established practices and procedures as they exist and as they may be changed by BST in its sole discretion from time to time.

Local Exchange Company understands that BST currently has in effect numerous billing and collection agreements with various interexchange carriers and billing clearing houses. Local Exchange Company further understands that these billing and collection customers of BST query BST’s LIDB to determine whether to accept various billing options from end users. Additionally, Local Exchange Company understands that presently BST has no method to differentiate between BST’s own billing and line data in the LIDB and such data which it includes in the LIDB on Local Exchange Company’s behalf pursuant to this Agreement.
Therefore, until such time as BST can and does implement in its LIDB and its supporting systems the means to differentiate Local Exchange Company’s data from BST’s data and the parties to this Agreement execute appropriate amendments hereto, the following terms and conditions shall apply:

(a) The Local Exchange Company agrees that it will accept responsibility for telecommunications services billed by BST for its billing and collection customers for Local Exchange Customer’s end user accounts which are resident in LIDB pursuant to this Agreement. Local Exchange Company authorizes BST to place such charges on Local Exchange Company’s bill from BST and agrees that it shall pay all such charges. Charges for which Local Exchange Company hereby takes responsibility include, but are not limited to, collect and third number calls.

(b) Charges for such services shall appear on a separate BST bill page identified with the name of the entity for which BST is billing the charge.

(c) Local Exchange Company shall have the responsibility to render a billing statement to its end users for these charges, but Local Exchange Company’s obligation to pay BST for the charges billed shall be independent of whether Local Exchange Company is able or not to collect from the Local Exchange Company’s end users.

(d) BST shall not become involved in any disputes between Local Exchange Company and the entities for which BST performs billing and collection. BellSouth will not issue adjustments for charges billed on behalf of an entity to Local Exchange Company. It shall be the responsibility of the Local Exchange Company and the other entity to negotiate and arrange for any appropriate adjustments.

II. TERM
This Agreement will be effective as of December 17, 1997, and will continue in effect for one year, and thereafter may be continued until terminated by either party upon thirty (30) days written notice to the other party.

III. FEES FOR SERVICE AND TAXES

A. The Local Exchange Company will not be charged a fee for storage services provided by BST to the Local Exchange Company, as described in Section I of this Agreement.

B. Sales, use and all other taxes (excluding taxes on BST’s income) determined by BST or any taxing authority to be due to any federal, state or local taxing jurisdiction with respect to the provision of the service set forth herein will be paid by the Local Exchange Company. The Local Exchange Company shall have the right to have BST contest with the imposing jurisdiction, at the Local Exchange Company’s expense, any such taxes that the Local Exchange Company deems are improperly levied.

IV. INDEMNIFICATION

To the extent not prohibited by law, each party will indemnify the other and hold the other harmless against any loss, cost, claim, injury, or liability relating to or arising out of negligence or willful misconduct by the indemnifying party or its agents or contractors in connection with the indemnifying party’s provision of services, provided, however, that any indemnity for any loss, cost, claim, injury or liability arising out of or relating to errors or omissions in the provision of services under this Agreement shall be limited as otherwise specified in this Agreement. The indemnifying party under this Section agrees to defend any suit brought against the other party for any such loss, cost, claim, injury or liability. The indemnified party agrees to notify the other party promptly, in writing, of any written claims, lawsuits, or demands for which the other party is responsible under this Section and to cooperate in every
reasonable way to facilitate defense or settlement of claims. The indemnifying party shall not be liable under this Section for settlement by the indemnified party of any claim, lawsuit, or demand unless the defense of the claim, lawsuit, or demand has been tendered to it in writing and the indemnifying party has unreasonably failed to assume such defense.

V. LIMITATION OF LIABILITY

Neither party shall be liable to the other party for any lost profits or revenues or for any indirect, incidental or consequential damages incurred by the other party arising from this Agreement or the services performed or not performed hereunder, regardless of the cause of such loss or damage.

VI. MISCELLANEOUS

A. It is understood and agreed to by the parties that BST may provide similar services to other companies.

B. All terms, conditions and operations under this Agreement shall be performed in accordance with, and subject to, all applicable local, state or federal legal and regulatory tariffs, rulings, and other requirements of the federal courts, the U. S. Department of Justice and state and federal regulatory agencies. Nothing in this Agreement shall be construed to cause either party to violate any such legal or regulatory requirement and either party’s obligation to perform shall be subject to all such requirements.

C. The Local Exchange Company agrees to submit to BST all advertising, sales promotion, press releases, and other publicity matters relating to this Agreement wherein BST’s corporate or trade names, logos, trademarks or service marks or those of BST’s affiliated companies are mentioned or language from which the connection of said names or trademarks therewith may be inferred or implied; and the Local Exchange Company further agrees not to
publish or use advertising, sales promotions, press releases, or publicity matters without BST’s prior written approval.

D. This Agreement constitutes the entire agreement between the Local Exchange Company and BST which supersedes all prior agreements or contracts, oral or written representations, statements, negotiations, understandings, proposals and undertakings with respect to the subject matter hereof.

E. Except as expressly provided in this Agreement, if any part of this Agreement is held or construed to be invalid or unenforceable, the validity of any other Section of this Agreement shall remain in full force and effect to the extent permissible or appropriate in furtherance of the intent of this Agreement.

F. Neither party shall be held liable for any delay or failure in performance of any part of this Agreement for any cause beyond its control and without its fault or negligence, such as acts of God, acts of civil or military authority, government regulations, embargoes, epidemics, war, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, strikes, power blackouts, volcanic action, other major environmental disturbances, unusually severe weather conditions, inability to secure products or services of other persons or transportation facilities, or acts or omissions of transportation common carriers.

G. This Agreement shall be deemed to be a contract made under the laws of the State of Georgia, and the construction, interpretation and performance of this Agreement and all transactions hereunder shall be governed by the domestic law of such State.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their fully authorized officers.

BELLSOUTH TELECOMMUNICATIONS, INC.
This Addendum No. 1 to the Line Information Data Base Storage Agreement dated December 17, 1997, between BellSouth Telecommunications, Inc. (“BST”), and Express Telecommunications, Inc. (ETI) (“Local Exchange Company”), effective the 17th day of December, 1997.

I. GENERAL

This Addendum sets forth the terms and conditions for Local Exchange Company’s provision of billing number information to BST for inclusion in BST’s LIDB. BST will store in its LIDB the billing number information provided by Local Exchange Company, and BST will provide responses to on-line, call-by-call queries to this information for purposes specified in Section I.B. of the Agreement.

II. DEFINITIONS

A. Billing number - a number used by BST for the purpose of identifying an account liable for charges. This number may be a line or a special billing number.

B. Line number - a ten digit number assigned by BST that identifies a telephone line associated with a resold local exchange service, or with a SPNP arrangement.

C. Special billing number - a ten digit number that identifies a billing account established by BST in connection with a resold local exchange service or with a SPNP arrangement.
D. Calling Card number - a billing number plus PIN number assigned by BST.

E. PIN number - a four digit security code assigned by BST which is added to a billing number to compose a fourteen digit calling card number.

F. Toll billing exception indicator - associated with a billing number to indicate that it is considered invalid for billing of collect calls or third number calls or both, by the Local Exchange Company.

G. Billed Number Screening - refers to the activity of determining whether a toll billing exception indicator is present for a particular billing number.

H. Calling Card Validation - refers to the activity of determining whether a particular calling card number exists as stated or otherwise provided by a caller.

I. Billing number information - information about billing number or Calling Card number as assigned by BST and toll billing exception indicator provided to BST by the Local Exchange Company.

III. RESPONSIBILITIES OF PARTIES

A. BST will include billing number information associated with resold exchange lines or SPNP arrangements in its LIDB. The Local Exchange Company will request any toll billing exceptions via the Local Service Request (LSR) form used to order resold exchange lines, or the SPNP service request form used to order SPNP arrangements.

B. Under normal operating conditions, BST shall include the billing number information in its LIDB upon completion of the service order establishing either the resold local exchange service or the SPNP arrangement, provided that BST shall not be held responsible for any delay or failure in performance to the extent such delay or failure is caused by circumstances
or conditions beyond BST’s reasonable control. BST will store in its LIDB an unlimited volume of the working telephone numbers associated with either the resold local exchange lines or the SPNP arrangements. For resold local exchange lines or for SPNP arrangements, BST will issue line-based calling cards only in the name of Local Exchange Company. BST will not issue line-based calling cards in the name of Local Exchange Company’s individual end users. In the event that Local Exchange Company wants to include calling card numbers assigned by the Local Exchange Company in the BST LIDB, a separate agreement is required.

C. BST will provide responses to on-line, call-by-call queries to the stored information for the specific purposes listed in the next paragraph.

D. BST is authorized to use the billing number information to perform the following functions for authorized users on an on-line basis:

1. Validate a 14 digit Calling Card number where the first 10 digits are a line number or special billing number assigned by BST, and where the last four digits (PIN) are a security code assigned by BST.

2. Determine whether the Local Exchange Company has identified the billing number as one which should not be billed for collect or third number calls, or both.
IV. COMPLIANCE

Unless expressly authorized in writing by the Local Exchange Company, all billing number information provided pursuant to this Addendum shall be used for no purposes other than those set forth in this Addendum.

IN WITNESS WHEREOF, the parties have caused this Addendum to be executed by their fully authorized officers.

Exhibit A

SECTION 1.  SCOPE OF EXHIBIT
1.01 This exhibit specifies the terms and conditions, including compensation, under which BellSouth shall provide message distribution service to (THE ALEC). As described herein, message distribution service includes the following:

1) Message Forwarding to Intraregion LEC/ALEC - function of receiving a (THE ALEC) message and forwarding the message to another LEC/ALEC in the BellSouth region.

2) Message Forwarding to CMDS - function of receiving a (THE ALEC) message and forwarding that message on to CMDS.

3) Message Forwarding from CMDS - function of receiving a message from CMDS and forwarding that message to (THE ALEC).

SECTION 2. RESPONSIBILITIES OF THE PARTIES

2.01 An ALEC that is CMDS hosted by BellSouth must have its own unique RAO code. Requests for establishment of RAO status where BellSouth is the selected CMDS interfacing host, require written notification from (THE ALEC) to BellSouth at least six (6) weeks prior to the proposed effective date. The proposed effective date will be mutually agreed upon between the parties with consideration given to time necessary for the completion of required BellCore functions. BellSouth will request the assignment of an RAO code from its connecting contractor, currently BellCore, on behalf of (THE ALEC) and will coordinate all associated conversion activities.

2.02 BellSouth will receive messages from (THE ALEC) that are to be processed by BellSouth, another LEC/ALEC in the BellSouth region or a LEC outside the BellSouth region.

2.03 BellSouth will perform invoice sequence checking, standard EMR format editing, and balancing of message data with the EMR trailer record counts on all data received from (THE ALEC).

2.04 All data received from (THE ALEC) that is to be processed or billed by another LEC/ALEC within the BellSouth region will be distributed to that LEC/ALEC in accordance with the agreement(s) which may be in effect between BellSouth and the involved LEC/ALEC.

2.05 All data received from (THE ALEC) that is to be placed on the CMDS network for distribution outside the BellSouth region will be handled in accordance with the agreement(s) which may be in effect between
BellSouth and its connecting contractor (currently BellCore).

2.06 BellSouth will receive messages from the CMDS network that are destined to be processed by (THE ALEC) and will forward them to (THE ALEC) on a daily basis.

2.07 Transmission of message data between BellSouth and (THE ALEC) will be via electronic data transmission.

2.08 All messages and related data exchanged between BellSouth and (THE ALEC) will be formatted in accordance with accepted industry standards for EMR formatted records and packed between appropriate EMR header and trailer records, also in accordance with accepted industry standards.

2.09 (THE ALEC) will ensure that the recorded message detail necessary to recreate files provided to BellSouth will be maintained for back-up purposes for a period of three (3) calendar months beyond the related message dates.

2.10 Should it become necessary for (THE ALEC) to send data to BellSouth more than sixty (60) days past the message date(s), (THE ALEC) will notify BellSouth in advance of the transmission of the data. If there will be impacts outside the BellSouth region, BellSouth will work with its connecting contractor and (THE ALEC) to notify all affected parties.

2.11 In the event that data to be exchanged between the two parties should become lost or destroyed, both parties will work together to determine the source of the problem. Once the cause of the problem has been jointly determined and the responsible party (BellSouth or (THE ALEC)) identified and agreed to, the company responsible for creating the data
(BellSouth or (THE ALEC)) will make every effort to have the affected data restored and retransmitted. If the data cannot be retrieved, the responsible party will be liable to the other party for any resulting lost revenue. Lost revenue may be a combination of revenues that could not be billed to the end users and associated access revenues. Both parties will work together to estimate the revenue amount based upon historical data through a method mutually agreed upon. The resulting estimated revenue loss will be paid by the responsible party to the other party within three (3) calendar months of the date of problem resolution, or as mutually agreed upon by the parties.

2.12 Should an error be detected by the EMR format edits performed by BellSouth on data received from (THE ALEC), the entire pack containing the affected data will not be processed by BellSouth. BellSouth will notify (THE ALEC) of the error condition. (THE ALEC) will correct the error(s) and will resend the entire pack to BellSouth for processing. In the event that an out-of-sequence condition occurs on subsequent packs, (THE ALEC) will resend these packs to BellSouth after the pack containing the error has been successfully reprocessed by BellSouth.

2.13 In association with message distribution service, BellSouth will provide (THE ALEC) with associated intercompany settlements reports (CATS and NICS) as appropriate.

2.14 In no case shall either party be liable to the other for any direct or consequential damages incurred as a result of the obligations set out in this agreement.

SECTION 3. COMPENSATION

3.01 For message distribution service provided by BellSouth for (THE ALEC), BellSouth shall receive the following as compensation:

   Rate Per Message $0.004

3.02 For data transmission associated with message distribution service, BellSouth shall receive the following as compensation:

   Rate Per Message $0.001

3.03 Data circuits (private line or dial-up) will be required between BellSouth and (THE ALEC) for the purpose of data transmission. Where a dedicated line is required, (THE ALEC) will be responsible for ordering the circuit, overseeing its installation and coordinating the installation with BellSouth. (THE ALEC) will also be responsible for any charges associated with this line. Equipment required on the BellSouth end
to attach the line to the mainframe computer and to transmit
successfully ongoing will be negotiated on a case by case basis.
Where a dial-up facility is required, dial circuits will be installed in
the BellSouth data center by BellSouth and the associated charges
assessed to (THE ALEC). Additionally, all message toll charges
associated with the use of the dial circuit by (THE ALEC) will be the
responsibility of (THE ALEC). Associated equipment on the BellSouth
end, including a modem, will be negotiated on a case by case basis
between the parties.

3.04 All equipment, including modems and software, that is required on the
(THE ALEC) end for the purpose of data transmission will be the
responsibility of (THE ALEC).

Exhibit B

SECTION 1. SCOPE OF EXHIBIT

1.01 This Exhibit specifies the terms and conditions, including
compensation, under which BellSouth and (THE ALEC) will compensate
each other for Intercompany Settlements (ICS) messages. It includes the settlement of revenues associated with traffic originated from or billed by (THE ALEC) as a facilities based provider of local exchange telecommunications services outside the BellSouth region. Only traffic that originates in one Bell operating territory and bills in another Bell operating territory is included in this Agreement. Traffic that originates and bills within the same Bell operating territory will be settled on a local basis between (THE ALEC) and the involved company(ies).

1.02 Both traffic that originates outside the BellSouth region by (THE ALEC) and is billed within the BellSouth region, and traffic that originates within the BellSouth region and is billed outside the BellSouth region by (THE ALEC), is covered by this Agreement.

1.03 Once (THE ALEC) is operating within the BellSouth territory, both BellSouth and (THE ALEC) agree that revenues associated with calls originated and billed within the BellSouth region will be settled via BellCore’s, its successor or assign, NICS system when it is implemented. Should (THE ALEC) operate within the BellSouth region prior to the implementation of NICS, BellSouth and (THE ALEC) agree that these in-region revenues will not be settled until the implementation of NICS. Should this time period exceed six (6) months, BellSouth and (THE ALEC) agree to negotiate an alternate form of settlement for these revenues.

1.04 Upon the implementation of NICs, the parties agree that this Exhibit will be amended to include intra-region settlements as appropriate.

SECTION 2. RESPONSIBILITIES OF THE PARTIES

2.01 BellSouth will receive the monthly Credit Card and Third Number Settlement System (CATS) reports from BellCore, its successor or assign, on behalf of (THE ALEC). BellSouth will distribute copies of these reports to (THE ALEC) on a monthly basis.

SECTION 3. COMPENSATION

3.01 BellSouth will collect the revenue earned by (THE ALEC) from the Bell operating company in whose territory the messages are billed, less a per message billing and collection fee of five cents ($0.05), on behalf of (THE ALEC). Rates for Operational Support Systems stated above are interim and are subject to modification based upon receipt of a final, non-appealable order by each state’s Public Service Commission.

In addition to OSS charges, applicable service order and related charges apply per the tariff.

<sup>1</sup> The Charge per 1,000 LSRs applies on a per CLEC basis.

<sup>2</sup> The Georgia Public Service Commission (“PSC”) ordered in Docket 7061 that there would be no OSS charge within the Charge for Electronic Order column. Instead the Georgia PSC ordered monthly recurring charges based on the number of LSRs received from the CLEC.
Amendment to Resale Agreement
by and between BellSouth Telecommunications, Inc.
and Express Telecommunications, Inc.

This Agreement refers to the Resale Agreement (“the Agreement”) entered into by Express Telecommunications, Inc. (“ETI”) and BellSouth Telecommunications, Inc. (“BellSouth”) on December 17, 1997 and associated Amendments. This Amendment (“Amendment”) is made by and between ETI and BellSouth and shall be deemed effective on the date executed by ETI and BellSouth.

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ETI and BellSouth (individually, a “Party” and collectively, the “Parties”) hereby covenant and agree as follows:

1. BellSouth and ETI are entering into this Agreement for the purpose of deleting the table of Operational Support System (OSS) Rates contained in Exhibit A of their existing Agreement in its entirety and replacing it with the new OSS rates as follows:

<table>
<thead>
<tr>
<th>OPERATIONAL SUPPORT SYSTEMS (OSS) RATES</th>
<th>Electronic Per LSR received from the CLEC by one of the OSS interactive interfaces</th>
<th>Manual Per LSR received from the CLEC by means other than one of the OSS interactive interfaces</th>
</tr>
</thead>
<tbody>
<tr>
<td>OSS Order Charge</td>
<td>$3.50</td>
<td>$19.99</td>
</tr>
</tbody>
</table>

In addition to the OSS Charges, applicable discounted service order and related charges apply per the tariff.

2. The Parties agree that ETI will incur the mechanized rate for all LSRs, both mechanized and manual, if the percentage of mechanized LSRs to total LSRs exceeds the threshold percentages shown below:

<table>
<thead>
<tr>
<th>Year</th>
<th>Ratio: Mechanized/Total LSRs</th>
</tr>
</thead>
<tbody>
<tr>
<td>1999</td>
<td>70%</td>
</tr>
<tr>
<td>2000</td>
<td>80%</td>
</tr>
<tr>
<td>2001</td>
<td>90%</td>
</tr>
</tbody>
</table>

The threshold plan will be discontinued in 2002.

3. The Parties agree that the threshold plan described in Paragraph 2 above may be superceded by an LSR specific process that would apply the mechanized LSR rate to only those manual LSRs, which cannot be submitted over a mechanized system.

4. The Parties agree that all other provisions of the Agreement, dated December 17, 1997, shall remain in full force and effect.
