**Re: An Inquiry Into Universal Service and Funding Issues
Administrative Case No. 360**

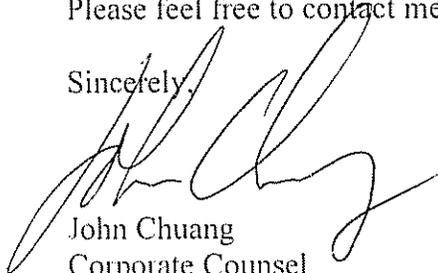

Dear Ms. O'Donnell:

This filing is in response to the Commission's Order in the above referenced docket requiring Eligible Telecommunications Carriers to perform annual audits to verify the eligibility of participants in the Lifeline and Link-Up programs. Norlight, Inc. f/k/a Cinergy Communications Company (SAC 269004) makes Lifeline and Link-Up available to subscribers throughout its service area in the state of Kentucky.

Norlight has twenty (20) new Lifeline customers that were all acquired within the year since the last annual audit filing in this case. Norlight reported no Lifeline customers in its 2007 filing. These new Lifeline customers were verified at the time of enrollment to be eligible for Lifeline services. Norlight has a process in which Lifeline customers are provided 60 days in which to verify their continued eligibility for Lifeline Services.

Please feel free to contact me at if you have any questions or need additional information.

Sincerely,

John Chuang
Corporate Counsel
