**\*\* DETERMINATION OF NO HAZARD TO AIR NAVIGATION \*\***

The Federal Aviation Administration has completed an aeronautical study under the provisions of 49 U.S.C., Section 44718 and, if applicable, Title 14 of the Code of Federal Regulations, part 77, concerning:

Description: NEW ANTENNA TOWER  
 1945-1950 MHZ/1000 WATTS  
 Location: ALEXANDRIA KY  
 Latitude: 38-55-47.00 NAD 83  
 Longitude: 084-23-29.00  
 Heights: 260 feet above ground level (AGL)  
 969 feet above mean sea level (AMSL)

This aeronautical study revealed that the structure does not exceed obstruction standards and would not be a hazard to air navigation provided the following condition(s), if any, is(are) met:

-As a condition to this determination, the structure should be marked and/or lighted in accordance with FAA Advisory Circular 70/7460-1J, Obstruction Marking and Lighting, Chapters 4, 8(M-Dual), & 13.

-It is required that the enclosed FAA Form 7460-2, Notice of Actual Construction or Alteration, be completed and returned to this office any time the project is abandoned or:

N/A At least 10 days prior to start of construction  
 (7460-2, Part I)

X Within 5 days after construction reaches its greatest height  
 (7460-2, Part II)

This determination expires on 02/02/01 unless:

- (a) extended, revised or terminated by the issuing office or
- (b) the construction is subject to the licensing authority of the Federal Communications Commission (FCC) and an application for a construction permit has been filed, as required by the FCC, within 6 months of the date of this determination. In such case the determination expires on the date prescribed by the FCC for completion of construction or on the date the FCC denies the application.

NOTE: REQUEST FOR EXTENSION OF THE EFFECTIVE PERIOD OF THIS DETERMINATION MUST BE POSTMARKED OR DELIVERED TO THIS OFFICE AT LEAST 15 DAYS PRIOR TO THE EXPIRATION DATE.

-As a result of this structure being critical to flight safety, it is

**received**

required that the FAA be kept apprised as to the status of this project. Failure to respond to periodic FAA inquiries could invalidate this determination.

This determination is based, in part, on the foregoing description which includes specific coordinates, heights, frequency(ies) and power. Any changes in coordinates, heights, frequency(ies) or use of greater power will void this determination. Any future construction or alteration, including increase in heights, power, or the addition of other transmitters, requires separate notice to the FAA.

This determination does include temporary construction equipment such as cranes, derricks, etc., which may be used during actual construction of the structure. However, this equipment shall not exceed the overall heights as indicated above. Equipment which has a height greater than the studied structure requires separate notice to the FAA.

This determination concerns the effect of this structure on the safe and efficient use of navigable airspace by aircraft and does not relieve the sponsor of compliance responsibilities relating to any law, ordinance, or regulation of any Federal, State, or local government body.

A copy of this determination will be forwarded to the Federal Communications Commission if the structure is subject to their licensing authority.

If we can <sup>5581</sup> be of further assistance, please contact our office at 404-305-~~5614~~. On any future correspondence concerning this matter, please refer to Aeronautical Study Number 99-ASO-3086-OE.

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF SPRINTCOM, INC. FOR A CERTIFICATE )  
OF PUBLIC CONVENIENCE AND NECESSITY TO CONSTRUCT ) CASE NO.  
A PERSONAL COMMUNICATIONS SERVICES FACILITY IN THE ) 99-201-UAC  
CINCINNATI BASIC TRADING AREA [JUNKYARD DOG FACILITY]

O R D E R

On July 12, 1999, SprintCom, Inc. ("SprintCom") filed an application seeking a Certificate of Public Convenience and Necessity to build and operate a personal communications system ("PCS") for the Cincinnati Basic Trading Area. SprintCom has requested authorization to construct a PCS site in Campbell County. SprintCom was previously granted the authority to operate in Case No. 97-294.<sup>1</sup>

The proposed PCS site is located at 4546 U.S. Highway 27, Alexandria, Campbell County, Kentucky ("the Junkyard Dog PCS site"). The coordinates for the Junkyard Dog PCS site are North Latitude 38° 55' 47" by West Longitude 84° 23' 29".

SprintCom has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the Junkyard Dog PCS site. Based upon the application, the design of the tower and foundation conforms to applicable nationally

---

<sup>1</sup> Case No. 97-294, The Application of SprintCom, Inc. for Operating Authority and Issuance of Certificate of Public Convenience and Necessity to Construct Personal Communications Services Facilities in Kentucky.

recognized building standards, and a Registered Professional Engineer has certified the plans.

Pursuant to KRS 100.987(2), SprintCom has submitted the uniform application and received approval from the Campbell County Planning Commission for the pending construction. SprintCom has filed applications with the Federal Aviation Administration ("FAA") and the Kentucky Airport Zoning Commission ("KAZC") seeking approval for the construction and operation of the Junkyard Dog PCS site. Both applications are pending.

SprintCom has filed notices verifying that each person who owns property within 500 feet of the Junkyard Dog PCS site has been notified of the pending construction. The notice solicited any comments and informed the property owners of their right to intervene. In addition, notice was posted in a visible location on the proposed site for at least two weeks after SprintCom's application was filed. To date, no intervention requests have been received.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, SprintCom should notify the Commission if it does not use this antenna tower to provide PCS radio telecommunications services in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by SprintCom.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that SprintCom should be granted a Certificate of Public Convenience and Necessity to construct and operate the Junkyard Dog PCS site under its previously approved tariff.

IT IS THEREFORE ORDERED that:

1. SprintCom is hereby granted a Certificate of Public Convenience and Necessity to construct and operate the Junkyard Dog PCS site.
2. SprintCom shall file a copy of the final decisions regarding the pending FAA and KAZC applications for this site within 10 days of receiving these decisions.
3. SprintCom shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 15th day of September, 1999.
