Re: Kentucky Utilities Company- Petition for Confidentiality received 3/28/08  
PSC Case No. Administrative Case No. 387

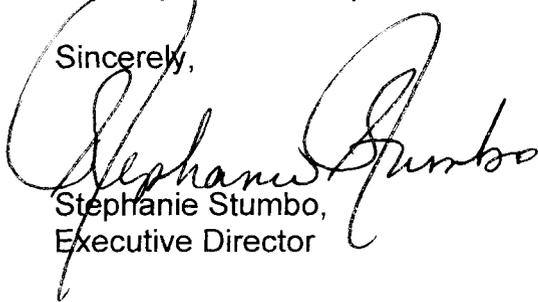

Dear Ms. Sturgeon:

The Public Service Commission has received Kentucky Utilities Company's Petition for confidential treatment requesting to protect as confidential certain planning-related information filed in connection with its Annual Report. This information is described as its Responses to Item Nos. 11 and 14 of Appendix G to the Commission's December 20, 2001 Order in Administrative Case No. 387. The information filed in response to Item No. 11 relates to scheduled outages and retirements of generating capacity; while the response to Item No. 14 addresses the need for transmission capacity additions.

Based upon a review of the information, I have determined that it is entitled to the protection requested on the grounds relied upon in the Petition and should be withheld from public inspection.

If the information becomes publicly available or no longer warrants confidential treatment, Kentucky Utilities Company is required by 807 KAR 5:001, Section 7(9)(a), to inform the Commission so that the information may be placed in the public record.

Sincerely,

  
Stephanie Stumbo,  
Executive Director
