Jan. 25-RECEIVED

Sir

JAN 28 2004

I'm writing to let you know we are
concerned about our K4 bill going up.
I know you fellows work hard & out in the
cold. I pray for you out there, and I appreciate
you. Every thing is going up, except income
we only got a \$14.00 raise in SS. Both of
us. (Not each)

our water bill was as much again
this mo. as it was last mo. we used the
same amount of water. Gas is up, heating
or driving. we just go to the grocery on
church, or that is a 2 mile distance
on that \$20.00 a wk. we are on a fixed income
gas. has gone up, food goes up every time I
go to the grocery, or I shop at wal-mart. It
tires me out to walk so far.

(over)

I'm thankful we do have ins for our
medicine. Except our copayment. also Dr.
But that may go any day. There is nothing
secure any more.

and I know other people who don't get as
much SS as we do, and these raises is bad
for them, and how are they going to make ends
meet. God Bless you all.

Thank you
