PUBLIC SERVICE
COMMISSION

RE: Formal Application to revise certain non-recurring charges.

This is an application to revise language and certain non-recurring charges for the East Pendleton County Water District. Attached is the non-recurring charge cost justifications and the proposed new tariff.

East Pendleton County Water District is not requesting a water rate increase at this time. However, increased costs attributable to certain non-recurring charges can no longer be absorbed by the District. The customers affected by these increases will be the customers that cause the District to incur these additional expenses.

The District has previously filed income statements and balance sheets with the Public Service Commission. These income statements and balance sheets are currently on file with the Commission.

The District will publish the enclosed public notice of these requested rate revisions in the local newspaper for three consecutive weeks. The first notice has already been published and the newspaper ad is enclosed. We will follow up with a filing of the second and third newspaper ads along with an affidavit from the newspaper verifying that the notice was published for three consecutive weeks.

A copy of this application and related filings has been sent to the Office of the Attorney General, State Capitol Building, Suite 118, Frankfort, KY 40601.

Very truly yours,

enclosure

APR 26 2004

PUBLIC SERVICE COMMISSION
MAY 13

NOTICE

East Pendleton County Water District proposes to make the following revisions to its schedule of charges. The proposed effective date for the change is MAY 13 2004.

	<u>Current</u>	<u>Proposed</u>	<u>% Change</u>
Field Collection Charge	NA	30.00	NA
Meter Test Charge	27.50	30.00	9%
Re-connection Charge	22.50	40.00	77%
Re-connection Charge (after hours)	29.50	55.00	86%
Returned Check Charge	15.00	25.00	67%

The District also proposes to revise its schedule of rates to permit an adjustment in a customer's bill when a customer suffers an unusual water loss as a result of defective equipment or facilities for which the customer is generally responsible. Such adjustment would required a customer to pay only the variable cost of water for the portion of the customer's usage that is related the unusual water loss.

The charges/rates contained in this notice are the charges/rates proposed by the East Pendleton County Water District. However, the Public Service Commission may order charges/rates to be charged that differ from these proposed charges/rates. Such action may result in charges/rates for consumers other than the charges/rates in this notice.

Any corporation, association, body politic, or person may, by motion within thirty (30) days after publication of this fee change, request leave to intervene; and the motion shall be submitted to the Public Service Commission, Post Office Box 615, Frankfort, KY 40602, and shall set forth the grounds for the request including the status and interest of the party.

Intervenors may obtain copies of the application and related filings by contacting the water district.

The Water District has available for inspection at its office the proposed changes to its Rules and Regulations. The office is located at 601 Woodson Road, Falmouth, KY 41040.

This notice is published pursuant to 807 KAR 5:011-Tariffs.

RULES AND REGULATIONS

Leak Adjustments. A customer may make a request for a bill adjustment in the event of a leak under the following conditions:

1. The customer must request a leak adjustment in writing to the utility.
2. The customer's bill will be based on two components. The first step will be to calculate the customer's average monthly usage over a twelve-month period. The second step will be to deduct the customers average monthly usage (as calculated in the above) from the total amount of water that passed through the meter. The usage calculated in step one will be billed at the utility's regular rates, while the remaining usage will be charged at \$2.00 less than the per thousand gallon rate, as set forth in the rates and charges portion of the utility's approved tariff. All water passing through the meter must be accounted for and paid for by the customer. So the customer will owe the amount of his/her average bill plus the per thousand gallon leak adjustment rate for the remainder of the water that passed through the meter.
3. If meter readings are not available for an entire twelve-month period, the water bill will be estimated by the utility, subject to an upward or downward adjustment once a twelve-month average of actual meter readings can be calculated.
4. Only one (1) leak adjustment will be made per twelve-month period.

CONCURRENT NOTICE

**NOTICE TO PUBLIC OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT
AND NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS**

April 22, 2004

Housing Authority of Newport
P.O. Box 459
Newport, Kentucky 41071

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about May 12, 2004 the Housing Authority of Newport will request the United States
Department of Housing and Urban Development (HUD) to release HOPE VI funds for the
following project:

Housing Authority of Newport HOPE VI Scattered Site Property Acquisition

The Housing Authority of Newport will seek approval from the U.S. Department of Housing and
Urban Development to purchase for use in its HOPE VI project vacant lots and existing structures
located on sites to be determined throughout the City of Newport. HUD environmental clearance
is sought only for the purchase of property. No approvals are sought related to future
development or redevelopment of this property.

It has been determined that such request for release of funds is in the public interest.
