RE: Application of ALLTEL Communications, Inc. for a Certificate
of Public Convenience and Necessity to Construct a Cell Site in
Greenup County, Kentucky (Case No. 2004-00163)

To Whom It May Concern:

In reference to the tower under construction at the proposed site located at 91 Scott
Cemetery, Oldtown, Kentucky; am I entitled to any proceeds from my existing property?
Has the referenced site been properly surveyed?

Is it too late for me to propose a bid to construct a tower on my property? My land is
higher in elevation and strategically located, which may be more beneficial and useful for
the telecommunications service for Greenup County. Also, the Scott Cemetery Road is
maintained by the Greenup County Road Department; therefore, access to the tower
would be passable at all times.

Please advise me as to how I contact other companies such as AT&T, Intelos, Cingular,
etc. to see if they may be interested in building a tower directly on my land? I would
entertain any suggestions in this matter.

You may send all correspondence to Sherman Bellew by: Shirley Nickles, Power of
Attorney, at the following address: 118 Armada Blvd., Raceland, KY 41169. I would
be glad to furnish you with a copy of my legal P.O.A. papers if you should need them.

Sincerely,

Sherman Bellew by: Shirley Nickles, P.O.A.
