CONCERNING: CELLULAR TOWER CONSTRUCTION APPLICATION
PSC NO. 2004-00168 - BALLARD COUNTY, KY
LOCATION: KY HIGHWAY 358 [BANDANA RD.]
LA CENTER, KY
REQUEST TO INTERVENE & LOCAL PUBLIC HEARING

PSC DIRECTOR:

The undersigned is concerned about the potential construction of the cellular tower referenced above. I am concerned about the safety of the bigger than 250 foot tower and what happens if it collapses or is abandoned by the owner. There are too many residential homes in the vicinity for this to be a good location for this tower in the community. I am concerned about the blinking lights that these things have that disturb the natural lighting of a country setting. Also, there are other more appropriate locations for this facility in the area which the cellular company may not have fully considered. I want the PSC to look into all of this on behalf of the interests of the local citizens. That is why I ask the PSC to make me what you call an "INTERVENOR" and put me on your MAILING LIST for this application. I don't want to come to Frankfort, so I ask the PSC to hold a LOCAL PUBLIC HEARING in Ballard County on this matter as the law now permits so the local citizens can give the PSC their views. If you give me written notice in advance, I will be glad to come to the public hearing.

SINCERELY,

Percy Harden
