

Monday May 8<sup>th</sup> 2006 M7

This is in response to your letter of May 2nd 2006 in regards to the East Ky Waste Control Treatment plant. No I am not satisfied with the operation because we have no one to operate the plant. We did have Larry Stambaugh who did a very good job but I do not know what happened to him.

It is just sitting there ~~with~~<sup>with</sup> raw sewage and the brick that surrounds the plant is cracking and is about to bral through - This plant has been neglected for a long time it will take time and money to get it in working order.

Thank you,  
Vandella Caudill
