Case: PSC Case # 2004-00365

COMMENTS: Pursuant to Case # 2004-0035
Big Rivers requests to build a new transmission
line in Breckinridge + Meade Counties.
I ask the public service commissioner to
obtain a cost estimate + feasibility to install
a larger line on already existing poles
owned by Louisville Gas + Electric Co. Lines
referred to are already in place and
owned by Louisville Gas + Electric. Current
from this already existing line runs
through Meade County and into Cloverport Ky.
