Dear Pat and Jim:

This is a formal notice under the Interconnection Agreement between BellSouth Telecommunications, Inc. ("BellSouth") and Dialog Telecommunications, Inc. ("Dialog") to amend the parties' Interconnection Agreement dated November 23, 2001.

On July 13, 2004, the Federal Communications Commission (FCC) issued its Second Report and Order (CC Docket No. 01-338) changing the interpretation of section 252(i) of the Telecommunications Act of 1996. In this Order, the FCC adopted a different rule in place of the "pick-and-choose" rule in effect at the time the Order was issued. Specifically, the FCC adopted an "all or nothing rule" that requires a carrier seeking to adopt an approved interconnection agreement to adopt the agreement in its entirety, taking all rates, terms and conditions of the adopted agreement.

Please review the enclosed proposed Amendment and provide any concerns your company may have for BellSouth to review and discuss. BellSouth has provided Dialog with a complete document and is ready to negotiate the proposed Amendment in good faith. If you agree to BellSouth's proposal, for execution purposes, please print one full original Amendment and a duplicate signature page. The full original will become your company's file copy of the Amendment. Please execute both original signature pages and return only those pages to my attention. These signature pages will be executed on behalf of BellSouth and I will return one fully executed original signature page to you for inclusion in your files. BellSouth will file the signed Amendment with the appropriate state commission(s).

Should you have any questions, please feel free to contact me.

Sincerely,

Original Signed by Lynn Allen-Flood
