Dear David:

Please answer the following questions as soon as possible.

*First*, provide us with a detailed inventory of exactly what Cingular wants to place on the tower at what we call the Rough and Tough cell site.

*Second*, please show us the detailed calculation of how you arrived at the yearly rate (\$104,000.00) specified in your most recent motion in this matter.

*Finally*, please indicate the functions that each item of this inventory will serve for Cingular.

We require this information in order to verify your calculation of the \$104,000.00 figure and request that you provide us with this requested information in sufficient detail to do so. We look forward to the prompt receipt of this information and a discussion of Cingular's concerns.
