RE : Case # 2004-00415
Panther Tank Project

The West Daviess County Water District filed its final construction costs for the Panther tank project (Case # 2004-00415) on May 11, 2007. The Water District ceased billing the surcharge in June 2006 with all funds necessary to complete the project being collected. At this time, the Water District asks for permission from the Public Service Commission to consider this case closed. Upon your approval, the tariff sheet detailing the Water District's surcharge will be removed from our rates, rules, and regulations binder.

If you have any questions or need any further information, please contact my office.

Sincerely,

William G. Higdon
Manager
