COMMISSION

88: CASENO. 2004-00444

De ritte O'Donnell:

Marriant to your July 14, 2006 correspondence, please allow this letter to see the second as the questions posed. Namely:

- \$437,121.00 represents depreciation Citipower used in 2005 parsount to the Internal Revenue Code. This contrasts with the \$198,922.00 as stated the annual report due to the difference in allowable P.S.C. depreciation schedules.
- The difference between 100% and 87.52% is an error. The report a word state that CitiEnergy owns 100% of Citipower.

digenver can amend the annual report if the Commission so desizes.

France you for your consideration in this matter, and should you have some epocitions, please do not hesitate to contact me.

Sincerely,

Robert L. Brown III
