Case No. 2004-00446

1. Please refer to the Commission's April 22, 2004, order in Case No. 2003-00165 in which the KIUC Members received rate reductions (determined to be in the collective amount of \$144,911.00 in a later order) and in which the Commission stated on page 18: "Absent a significant change in Kenergy's circumstances, there is no basis for any further reductions to these distribution adders."
 - a. Does KIUC contend there has been a "significant change" in Kenergy's circumstances that provides a basis for further reductions to KIUC Members?
 - b. If the response to 1.a. is yes or in the affirmative please explain fully and in detail the significant change(s) in circumstances.
 - c. If the response to 1.a. is no or in the negative does KIUC contend that the requirement of a "significant change" in Kenergy's circumstances as a condition for further reductions no longer applies? If so, please explain fully and in detail the reasons.

2. Please refer to the Direct Testimony of Russell L. Klepper, page 13, lines 1 and 2 in which the statement is made that “The KIUC Members have not investigated whether these increases in Total O & M Costs, Depreciation Expense, and Interest on Long Term Debt are justified or prudent . . .” If such an investigation is undertaken KIUC is requested to file and serve in this case the complete results of the investigation in a timely manner and prior to the hearing in this case. Will KIUC agree to do this?
